Our Mission

The Center for Student Success promotes the collegiate success of students by providing quality programs and services which advance students' academic achievement, educational goals, career development and adjustment to the University.

We encourage students to assume responsibility for their decisions as they move toward their goals.

Guided by high professional and ethical standards, the Center strives to continually improve our collaborative relationships with the campus community and the quality of service provided to all students.

College students face many challenges unique to their college academic experiences and will certainly have questions or concerns. The Center is committed to helping students deal with academic concerns, connect to campus resources and meet educational goals.
