### Featured Speaker: Shaoxuan “Julia” Shi

Ms. Shi is trained as an intensive care nurse and worked at a hospital in Tianjin, China, a coastal city near Beijing. She came to UMSL in 2010 to earn of Master of Science in Gerontology. She worked on a special project this Fall to examine the experience of aging in China with an eye towards social service wants and needs. This presentation will provide a nice introduction for those interested in this important and growing population. All are welcome.
