## Course Rotation Plan

We plan to offer the following courses (arranged alphabetically below) in the identified term annually from this time forward. Courses added on a one-time basis will not be listed here, but will appear in the MyView schedule for a given term. A course listed below may be cancelled on a one-time basis should an appropriate faculty instructor not be available (e.g., because of a sabbatical) or if insufficient students enroll in a given term. Our plan is to stick as closely to this rotation as possible through the next 3-5 years. Updates will be posted as needed. Also see the Advising Guide (<http://www.umsl.edu/~socialwk/Gerontology/files/pdfs/Advising%20Gude%205-13>) and Bulletin (<http://www.umsl.edu/bulletin/as/gerontology.html>) for specific requirements of the Undergraduate Certificate in Gerontological Studies (UCGS), Graduate Certificate in Gerontology (GCG), and the Master of Science in Gerontology (MSG).
