

Preferred Practicum Sites (August, 2011)

UMSL Gerontology Graduate Program

Instructions: Review this list of potential practicum sites and rank order your top 3-5. If you are preparing to do your first practicum (GER 6495), your choices are largely limited to this list. New sites are always under consideration, however. Those preparing for the advanced practicum (GER 6496) may choose from this list or identify another site of interest. Only one student may be placed at each site per semester, so you may not get your first choice. Discuss your options with the Program Director during your practicum-related advising session. See websites below to learn about each organization.

Organization	Contact	Website
Alexian Brothers Sherbrooke Village	Mike Roth, Director	http://www.alexianbrothers.net/www/docs/113/long-term-care-quality-skilled-assisted-living
