COLLECTION #49 -PHOTOGRAPHS
LCL PROJECT

In the late 1920's and early 1930's and again in the late 1940's, ACF became involved with LCL Corporation as a subcontractor in the building of small freight containers. This collection includes photographs of the work done, as well as advertising materials, and articles about the project. Some statistical reports are also included. It is an ad hoc collection, drawn together from material originally scattered around the St. Charles Archive room.

COLLECTION #50 -PHOTOGRAPHS

LS SERIES (LANTERN SLIDES)

Photo boxes #112-114 D28 #B8-10.

These lantern slides form part of a group of individual slide presentations made by ACF, and were compiled at an unknown date. No index or logical sequence to them has been discovered, since they were found in a scattered, haphazard state in the Archive room at the beginning of this project. They have not been indexed.

COLLECTION #51 -PHOTOGRAPHS
MC SERIES (MINE & INDUSTRIAL CARS)

Photo boxes #107-109. D28 #Bl-3. Box 107 also contains a handful of photographs in the SO (Stock Order) series. While an index of most mine car orders exists in the back of the ACF Lot books, this collection has not yet been ordered to match that index.
