

## Open Programming Competition 2016

We are pleased to announce the winners of the annual programming competition. In 2016, there is a single winner who solved all 6 selected problems, and three second-place winners who all solved 3 problems each, at different times, during the 3-hour competition that took place May 13, between 1 and 4 pm in our department. Congratulations to all.

View from the Competition

### Winner

- Drew Ryder

### Runners up

- Max Gao
- Patrick Gaffney
- Tyler Filla
