

# Non-Tenure Track or Visiting Faculty Position in Computer Science at the University of Missouri-St. Louis

## About UMSL

Established as a campus of the University of Missouri in 1963, the University of Missouri-St. Louis has grown rapidly as the principal public university in the St. Louis area with a current enrollment of over 15,000 in day and evening sessions. As part of a metropolitan area of more than 2,000,000 people, UMSL has immediate availability to cultural and educational institutions of one of the country's major centers. The area includes fine museums, libraries, theater and opera companies, symphony orchestras, medical centers, athletic and recreational facilities, and a score of public and private universities and colleges.

As one of the most culturally and ethnically diverse campuses in Missouri, UMSL is committed to maintaining a climate where all students, faculty, staff and visitors can explore their interests, refine their talents and flourish. [Inclusive excellence](#) is embedded in our strategic plan which focuses on actions to recruit and retain diverse students and employees and promote activities that encourage civil and constructive discourse, reasoned thought and sustained dialogue in an environment of inclusion, respect and appreciation. The University of Missouri-St. Louis is an affirmative action, equal opportunity employer committed to excellence through diversity.

## About the Department

The [Department of Computer Science](#) offers exciting and high quality undergraduate and graduate degree programs and certificates. The department has 15 full-time faculty members, about 10 graduate teaching and research assistants, and about 10 adjuncts, and has about 500 total undergraduate and graduate students.

The department offers Bachelor's in Computer Science, in Computing Technology, in Cybersecurity, and in Data Science and Analysis, Master's in Computer Science, and in Cybersecurity, and Ph.D. in Mathematical and Computational Sciences with option in Computer Science. In addition, the department offers certificates in Computer Programming, in Mobile Apps and Computing, in Internet and Web, in Cybersecurity, and in Data Science.

## About the Position

The Department of Computer Science at the University of Missouri-St. Louis (UMSL) invites applications for a non-tenure-track teaching, or a visiting faculty position, at the assistant or associate professor level based on credentials, in Computer Science beginning Fall 2022. Salary is competitive and dependent upon qualifications.

## Requirements and Responsibilities

- The department seeks applicants with proven teaching ability in Computer Science and with good communications skills.
- The non-tenure-track teaching position has no research requirement. The visiting position may include a research component.
- A minimum of a Master's degree is required in Computer Science or a closely-related discipline, with experience in computing and teaching.
- Responsibilities will include teaching 3 to 4 courses per semester in Computer Science based on the candidate's strength and experience, at a level based on the specific appointment.
- We seek applicants who value and are able to foster a sense of belonging for students from all backgrounds and contribute to a welcoming and inclusive culture in the department.

## Application Materials

Candidates must submit a cover letter, a curriculum vitae and a teaching statement (including how you support the success of students from traditionally underrepresented groups in Computer Science, such as women and minorities). Documents should be packaged as a single pdf file and submitted through the university online submission system at <https://www.umsl.edu/services/hrs/careers/faculty.html> under Prospective Faculty, job number 41474. Additionally, three letters of reference must be submitted, via e-mail, to [cssearch@umsl.edu](mailto:cssearch@umsl.edu). Additional questions may be directed to [cssearch@umsl.edu](mailto:cssearch@umsl.edu).

Review of applications will begin when the position closes and will continue until the positions are filled. After initial Zoom interviews, finalists may be invited to campus for presentations and interviews with various stakeholders.

## Partner/Spousal Placement Support

UMSL is a member of HERC ([Higher Education Recruitment Consortium](#)), which provides information on current [job openings at institutions in the region and other resources for dual career families](#).
