Wishing you a wonderful holiday!

This and the other projects highlighted in this newsletter are ways the district has made great strides, and we will continue to work towards solutions. The Normandy Schools Collaborative has been an integral part of these efforts and will continue to be a valuable resource.

Another cause for celebration this month is the recent arrival of a new group of Boy Scouts and Cub Scouts on campus for Boy Scouts and Cub Scouts. With an estimated 1,000 Scouts and parents attending, you will notice a greater presence of campers and support along the drive to campus. Drivers should be aware that the increased traffic may affect campus delivery times and be prepared for delays. The community's support of these programs is essential to their success.

It is December, and a joyful Kick-off meetings. Click here to access the survey.

UMSL is taking its commitment to educating the regional community to a new level with the launch of the Senior Scholar Program. This program offers college-level courses and supports community projects in violence prevention, youth development, and the arts. The program is led by the Jean Kerr People's Choice Health Center, which provides primary and urgent care services for adults and children three years and older.
