

Report from IFC meeting on April 20th, 2007

This was the first IFC meeting with Interim President Lamb. Much of the meeting was devoted to a lengthy update on and discussion of the progress of Bill 389 through the legislature. There also was a brief discussion of campus security in light of the tragic events at Virginia Tech. A substantial portion of the meeting centered on a report prompted by the Pick-a-Prof website that allows students to view ratings and grade distributions for each and every instructor on UM campuses, at least in theory. The meeting ended with an update on the status of the revised faculty leave policy, which has gone to the Provosts and Deans for vetting.
