practitioner). Graduates with advanced practice nurse functional roles will be eligible to apply for national board certification examinations in their specialty areas. Current APN roles include Adult Nurse Practitioner, Family Health Nurse Practitioner, Neonatal Nurse Practitioner, Pediatric Nurse Practitioner and Women's Health Nurse Practitioner. Graduates completing the practitioner functional options are eligible for recognition as advanced practice nurses in Missouri. Graduates with the nurse educator functional role will be eligible to apply for certification by the National League for Nursing after obtaining the experience requirements. Upon completion of the MSN degree requirements, this degree is awarded by the UMSL Graduate School. Building on baccalaureate nursing education, and upon completion of the MSN program or post MSN graduate certificate options, students will be able to:

- Demonstrate integration of advanced knowledge and skills within the context of an advanced professional role.
- Provide leadership with interprofessional colleagues engaging strategic partners to improve health care outcomes and patient safety.
- Integrate informatics in the design, implementation and evaluation of population-
