

Would you like to meet students from different countries?

Come visit Friends without Borders!

Fall 2013: Fridays, Noon, 201 SSB

(Note: periodically we will join events held by the Chinese-American Corner)

This is a great opportunity...

for international students to practice speaking English, learn and ask about American culture, and meet students from the United States as well as other international students.

for American students to meet students from a variety of countries, learn about other cultures, increase global awareness, engage in interesting conversations and, if desired, to lead a discussion.

Every week, there will be a student who will prepare a topic and lead the conversation. Students can also request future topics. This is your chance to increase friendship and cultural awareness.

Find us on Facebook: *UMSL Friends without Borders*. If you would like more information or to gain teaching experience by volunteering to lead a meeting, please contact Denise Mussman at 516-5186 or by email: denise@umsl.edu.
