Assistant Research Professor and Associate Center Director

The Logistics & Operations Management (LOM) Department in the College of Business Administration at the University of Missouri-St. Louis is seeking a half-time non-tenure track Assistant Research Professor and Associate Center Director.

This position will provide outreach and support to the St. Louis and regional business community with expertise in areas such as supply chain management, business analytics, operations management, logistics and management science. The position requires strong potential for applied research and a demonstrated ability to work with the regional business community. Applicants are expected to play central role in developing the LOM Advisory Board and in securing external funding for applied research and student support, especially in conjunction with the College’s Center for Business & Industrial Studies. Applicants should also have a commitment to teaching, and interest or experience in entrepreneurship is a positive. Individuals who have completed a doctoral degree in business, engineering, supply chain management, operations research, statistics, or another related field are encouraged to apply. The ideal candidate for this position would be a research active scholarly academic with links to the St. Louis business community and an entrepreneurial background.

The University of Missouri-St. Louis is an urban public research university located in suburban St. Louis. It is part of the four-campus university of Missouri system. The College of Business Administration is accredited by AACSB and provides a supportive environment for teaching, research, and service. The LOM department teaches courses on the undergraduate and master’s levels, and has a doctoral program in logistics & supply chain management. It is closely affiliated with the College’s Center for Business and Industrial Studies and Center for Transportation Studies. Further information about the LOM department and its activities can be found in http://www.umsl.edu/divisions/business/ms/.

Interested individuals should apply online at UMSL.jobs (job ID#16749). Applicants should include a letter of interest, curriculum vita, and three references (names and contact information). The application should address the experience and research activities that define the candidate’s area(s) of expertise and document a fit for this position. Review of applications will begin on July 15 and continue until the position is filled.

The University of Missouri is an affirmative action, equal employment opportunity employer committed to excellence through diversity. Women and minorities are encouraged to apply. This position requires commitment to working with diverse student and community populations. A background check and permission to work in the US are required for employment.
