The following courses are on hold and will be returned to the department for clarification:  
WS 4353 Internship in Women's and Gender Studies (change)

NOTE: return to department for clarification (There is a course 4353 already listed in the Bulletin, with a prerequisite of 2.5 GPA; the proposal form requests a change from 5353 to 4353; in last year's Bulletin, there was a 5353 listed, with a GPA requirement of 2.5; I do not understand why this proposal is coming through. I would suggest sending it back to the department to ask for clarification

Ad Ed 5340 Comparative International Adult Education (add)

NOTE: see the comments attached to the form: last year's committee did not approve it because it seemed to be designed to enroll undergraduates in a 5000-level course. The Current Bulletin allows undergraduates to enroll but only with the Dean's permission. The current proposal form only states consent of the instructor is needed. Send it back to have them make the necessary corrections.

**Update:** WS 4353 course proposal is not necessary. The course change was already approved by the Senate and is currently in the Bulletin.
