

This discussion series considers topics at the intersection of public administration and public policy.

Each session will foster discussion between local government, nonprofit and academic leaders on issues that are current in the St. Louis Metropolitan Area. Please join us for our February event. Each session is followed by a networking reception.

Free and open to the public. For more information, contact Julie Stone at (314) 421-4220 Ext. 288 or stoneju@umsl.edu.

FREE Parking: Lot C

St. Louis' Growing Immigrant Population: Opportunities and Issues for the Public Sector

International migration is a key reason that the St. Louis region has not lost population in the most recent census. Our changing demographics cause great opportunities and challenges. As policy-makers we must understand:

- the culture and needs of new citizens and how to ensure appropriate support
- the impact of policy and legal decisions that disproportionately impact immigrant populations.
- the positive economic and societal opportunities that immigrant communities represent for our region.

Join us for a panel discussion which will explore the many facets of this question as the face of our region changes.

Panelists:

Dr. Mark Tranel, Director, Public Policy Research Center at UMSL
Anthony Rothert, Legal Director, ACLU Eastern Missouri
Bob Fox, Member, St. Louis Regional Immigration and Innovation Steering Committee and Board Chairman, Casa de Salud.

Moderator:

Julianne Stone, Director, Local Government Partnership.

Program: 3:00-4:30 p.m.
Networking Reception Follows
