

NU CHI NEWSLETTER: SPECIAL FALL EDITION

REMINDER: ELIZABETH MCINTOSH/JERRY DURHAM ENDOWED LECTURE COMING SOON

As stated in the last chapter newsletter, the UM-St. Louis College of Nursing is proudly presenting the first Elizabeth McIntosh/Jerry Durham Endowed Alumni Lecture on Tuesday, September 15, 2009 at 4:00 PM. The speaker is Dr. Marilyn Sommers, Professor of Medical-Surgical Nursing at the University of Pennsylvania, an expert recognized nationally and internationally for her research on injury prevention. This event will take place in the Lee Theater of the Touhill Performing Arts Center on the UMSL campus and is free of charge. Reservations are requested – e-email Judy_Hicks@umsl.edu or telephone (314) 516-6949. If you are coming to the campus from outside the St. Louis area, take Interstate 70 to the University Drive exit and follow signs to the Touhill Center. If you are coming on Natural Bridge Road, turn in at either entrance to the North Campus and follow signs to the Touhill.

Nu Chi Chapter will have a table at the reception which follows the lecture, so please stop by! We will have information about past and future chapter activities, new member recruitment, and a membership roster for updating information such as mailing addresses, e-mail addresses, and telephone numbers. We hope to see many of you there. This is a great opportunity for recent inductees and long-time members to stay in contact with your chapter. Those of you who are graduates of the UM-St. Louis College of Nursing are also encouraged to attend a meeting of the Alumni Association scheduled to begin at 6:00 PM.
