Bachelor of Science in Nursing general education requirements meet the University's general education requirements for the Bachelor of Science degree.

*Prerequisite courses

College Algebra is a prerequisite course for Statistics

Statistics is a prerequisite for NS3807 Nursing Research

Economics is a prerequisite for NS3808 Management and Leadership in Nursing

**Includes a clinical component

+Academic credit for lower-division nursing courses completed at hospital-based diploma programs does not transfer to the College of Nursing. Instead, the College of Nursing awards credit to registered professional nurses for their previous learning in the field of nursing through "Escrow Credit".
