Graduate Certificate  
Cybersecurity

Certificate Program:
- Requires 18 hours of course work.
- Designed to help students from all backgrounds achieve a foundation in information security.
- Allows students flexibility to focus on technical and/or managerial aspects of computer, software, network, and information security.
- The Cybersecurity Graduate certificate serves a broad group of managers, technical specialists, and professionals with a bachelor's degree.
- A prior background in information security is not required to enter this program.
