In addition to meeting the general requirements of the Graduate School, applicants for school or general counseling must complete a separate application (see graduate studies in the Behavioral Studies Department in this <u>Bulletin</u>). The minimum number of hours required for the M.Ed. degree is 32 except the elementary, secondary, and general counseling emphases require 48 hours. The 48 hour requirement for the general counseling emphasis is currently in effect. The 48 hour requirement for the elementary and secondary emphases will be effective Fall Semester, 1994. The school has adopted a flexible policy on exit requirements which are determined departmentally.</p>	<p>The information about the separate application for the counseling program was inadvertently omitted in the previous edition of the bulletin where the application process is described.</p> <p>Change in Degree Requirements from 32 to 48 Semester Hours</p> <p>Currently, a degree in elementary or secondary counseling can be obtained with 32 semester hours of course work. Additional course work is required to meet both the requirements for a state certificate issued by the Department of Elementary & Secondary Education and the license to practice as a professional counselor. With the change from 32 semester hours to 48 semester hours, an individual can complete the course work for the M.Ed. degree, state certification, and license requirements at the same time.</p>

<p>General Information</p> <p>About the Faculty The School of Nursing faculty includes accomplished leaders in professional nursing and research. The dean serves as a leader in both state and national professional organizations. Faculty members are clinical specialists in the various areas of nursing practice and research. Research interests include developmental disabilities, stress management, assertiveness, nursing management, death and dying, sex-role behavior, aging, self-care, health-seeking behaviors, and professional socialization.</p> <p>The School of Nursing A national movement in the nursing profession encourages preparation for entry into professional nursing practice to begin at the baccalaureate level. The majority of practicing registered nurses today have earned either a diploma in nursing from a hospital school of nursing or an associate degree in nursing. The UM-St. Louis School of Nursing offers a baccalaureate program for registered nurses in the St. Louis area. The program is designed so that studies may be pursued on either a full- or part-time basis. Qualified students are admitted each semester. The UM-St. Louis School of</p>	<p>General Information</p> <p>Nursing programs of study are available at the undergraduate and graduate levels. The knowledge and skills needed to complete the professional licensure examination to become a registered nurse are available through the Barnes College of Nursing basic baccalaureate option. Nurses who have obtained their basic nursing education through associate degree or diploma nursing programs may complete the baccalaureate nursing program without repetition of previous nursing education. The Master of Science in Nursing program is offered in cooperation with the School of Nursing at University of Missouri-Kansas City. In addition, the Ph.D. in Nursing is being implemented Fall 1994 in cooperation with the Schools of Nursing at University of Missouri-Columbia and Kansas City.</p>	<p>The proposed Bulletin listing clarifies the bachelor of science in nursing degree (B.S.N.) requirements. The inclusion of an additional mechanism for achieving the B.S.N. by adding course work necessary for completing the professional nurse licensure examination enhances the undergraduate program in nursing.</p>

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.1.b. Each year during the winter semester each school, college, and any other parallel unit which may be created from time to time shall have allocated to it a number of faculty senators proportionate to the number of its voting faculty members as defined in Section 300.040 A.1 of these Bylaws. The Faculty of each school, college, and any other parallel unit which may be created from time to time shall nominate twice the number of senators allocated to it. Not later than April 1 of each year, the Faculty of the University of Missouri-St. Louis shall elect the appropriate number of members of the Senate from each list of nominees.

Proposed revision:

300.040 C.1.b. Each year during the winter semester, the College of Arts and Sciences and the schools of Business Administration, Education, Nursing, and Optometry shall each have allocated to it a number of faculty senators proportionate to the number of its voting faculty members as defined in Section 300.040 A.1 of these Bylaws. The Cooperative Undergraduate Program in Engineering (with Washington University) shall have allocated to it one elected faculty senator membership. The Faculty of each school, college, and the Engineering Program shall nominate twice the number of senators allocated to it. Not later than....

Rationale: The Cooperative Undergraduate Engineering Program is unique in various ways and is still in a state of flux. The proposed amendment establishes an assured and stable level of representation for faculty in the program. As the program develops, its faculty representation on the Senate will be reviewed and modified as needed.

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4.a. Committee on Committees -- The Committee on Committees shall consist of the Vice Chancellor for Academic Affairs, three student senators, and one faculty senator from each of the following units: Business, Education, Humanities, Natural Sciences/Mathematics, Nursing, Optometry, Social Sciences, and such parallel units as may be created from time to time. The members of the Committee shall serve....

Proposed revision:

300.040 C.4.a. Committee on Committees -- The Committee on Committees shall consist of the Vice Chancellor for Academic Affairs (non-voting), three elected student senators, and one elected faculty senator from each of the following....

Rationale: Ex officio administrators are serving as non-voting members of other Senate committees. For consistency, the Vice Chancellor for Academic Affairs should be a non-voting member of this committee. Because of the unique role of the Committee in recommending candidates for election to standing and ad hoc Senate committees, it is appropriate for the voting membership of the Committee on Committees to be drawn from those elected to the Senate. Ex officio administrators should not participate in preparing slates for committees that are charged with making recommendations to administrators. Any Senate member, including ex officio senators, may nominate candidates from the floor.

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4.k. Committee on Athletics -- The committee, in accordance with the rules and regulations of the Board of Curators, shall consist of five regular full-time Faculty members of professorial rank, two regular full-time students, and one member of the alumni, all appointed by the Chancellor, who shall also designate the Chairperson. The Director of Athletics and the Vice Chancellor for Administrative Services of the University of Missouri-St. Louis shall be ex officio non-voting members. Responsibilities, terms of membership and meetings of the committee shall be prescribed in the rules and regulations of the Board of Curators. When appropriate, the committee shall report or recommend policy concerning athletics to the Senate.

Proposed revision: delete and relabel succeeding sections

Rationale: This Committee is not under the Senate's jurisdiction. Section 270.050 of the Collected Rules and Regulations specifies the Committee's membership, terms, and charge. There is no need for this information to appear again in the Senate's bylaws. The final sentence is unnecessary because any committee (or individual) should submit reports/recommendations to the Senate "when appropriate." The Executive Committee prepares the Senate meeting agenda, and the Chairperson of the Committee on Athletics is a non-voting member of the Executive Committee. The flow of information to the Senate is further encouraged by a Senate Operating Rule, which states: "The budget for athletics shall be recorded as information to the Senate." Budget information for athletics is on file in the Senate Office and available to senators on request.

270.050 INTERCOLLEGIATE ATHLETICS - ST. LOUIS

- A. COMMITTEE ON INTERCOLLEGIATE ATHLETICS -- The Committee on Athletics advises the Chancellor and represents the campus in all matters relating to intercollegiate athletics. Under the policies of the Board of Curators, the University, and the applicable rules and regulations of any regional or national athletic conference or association, the Committee shall recommend to the Chancellor policies for the Department of Athletics of the campus. The Director of Athletics reports directly to the Chancellor and carries out the policies for the Chancellor.
1. Membership -- The Committee shall consist of five regular campus faculty members of professorial rank, two regular full-time students and one alumni member. The Director of Athletics and campus Business Officer shall be ex-officio non-voting members.
 2. Selection and Tenure of Members -- The Chancellor shall appoint the members of the Committee and designate one of them Chairman; he shall also appoint a secretary for the Committee, who need not be a member of the Committee. The faculty members shall be appointed for two-year terms, with two of such terms expiring each year. The student members shall be appointed annually. The alumni member shall be appointed for a two-year term and may be made from recommendations submitted by the Alumni Association. One of the faculty members each year may be appointed from recommendations submitted by the Faculty Senate, and the student members may be appointed from recommendations submitted by the regular student government organization. The faculty representative to the NCAA shall be appointed by the Chancellor from the faculty members of the Committee.
 3. Meetings:
 - a. The Committee shall hold at least one regular meeting each quarter year, and such special meetings as may be necessary. Meetings shall be on the call of the Chairman, who shall give reasonable notice to all members of the Committee of the time and purpose of the meeting.

PROPOSED NEW BYLAW FOR UM-ST. LOUIS

300.040 C.4.s. Committee on Telecommunications and Instructional
(current Technology -- The Committee shall consist of the
C.4.s. and Director of Telecommunications (non-voting); the
following to Director of the Instructional Technology Center
be relabeled) (non-voting); one faculty member from each
division of the College, one from each
professional school, and one from each parallel
unit which may be created from time to time; and
two students. All faculty and student
representatives shall be elected by the Senate.

The Committee shall be responsible for reviewing
general policy issues regarding
telecommunications and instructional technology
and presenting timely reports and recommendations
to the Senate, to the Director of
Telecommunications, and to the Director of the
Instructional Technology Center. The Committee
shall coordinate with the committees on Computing
and University Libraries on issues of mutual
concern.

Rationale: The campus's increasing reliance on
telecommunications and instructional technology points to the
need for a committee to address policy issues and to facilitate
communication.

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4.q. Committee on Computing -- The Committee shall consist of the Senior Campus Computing Administrator (non-voting); the Coordinator of Campus Computing (non-voting); the Director of the Office of Computing and Networking Services (non-voting); eight faculty members elected by the Senate, no more than five of whom shall be from a single college, school, or other parallel unit; two students elected by the Senate; and one representative elected by the Staff Association.

The Committee shall be responsible for reviewing general policy issues regarding campus computing and presenting timely reports and recommendations to the Senate based on its review.

Proposed revision:

300.040 C.4.q. Committee on Computing -- The Committee shall consist of the Coordinator of Campus Computing (non-voting); the Director of the Office of Computing and Networking Services (non-voting); one faculty member from each division of the College, one from each professional school, and one from each parallel unit which may be created from time to time; two students; and one representative elected by the Staff Association. All faculty and student representatives shall be elected by the Senate.

The Committee shall be responsible for reviewing general policy issues regarding campus computing, including on-campus computer classrooms and laboratories and their maintenance, scheduling, and supporting resources. The Committee shall present timely reports and recommendations to the Senate, to the Coordinator of Campus Computing, and to the Director of the Office of Computing and Networking Services. The Committee shall coordinate with the committees on -- Telecommunications and Instructional Technology and University Libraries on issues of mutual concern.

Rationale: Different disciplines utilize computers in different ways. By providing every academic unit with representation, we can ensure that the multiple and diverse uses of computers in teaching, research, and service are incorporated in policies developed by this committee.

It is unnecessary to include the Senior Campus Computing Administrator (Vice Chancellor for Managerial and Technological Services) on the membership of this committee. The unit is adequately represented by the Coordinator of Campus Computing and the Director of the Office of Computing and Networking Services.

The proposed amendment also specifies that the Committee's charge includes reviewing and recommending policies relating to the maintenance, scheduling, and supporting resources for on-campus computer classrooms and laboratories.

PROPOSAL #6

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 A.3.a. The President, or in his absence, the Chancellor, or in his absence a member of the faculty designated by the Chancellor, shall preside at each Faculty meeting.

Proposed revision:

300.040 A.3.a. The President, or in the President's absence, the Chancellor, or in the Chancellor's absence, a member of the Faculty designated by the Chancellor shall preside at each faculty meeting.

Rationale: The proposed amendment removes two gender-specific references.

REPORT FROM SENATE COMMITTEE ON PHYSICAL FACILITIES AND GENERAL SERVICES

CAMPUS LANDSCAPE BEAUTIFICATION PROGRAM

PURPOSE

The purpose of the Campus Landscape Beautification Program is to improve the physical setting of the campus of the University of Missouri -- St. Louis (UM-St. Louis) and to increase the involvement and interest of campus organizations by allowing sponsorship of campus landscape or beautification projects.

PARTICIPATION

Any recognized staff, faculty, or student organization, and any administrative or faculty department of the UM-St. Louis campus, is eligible to apply for sponsorship. Applications to become a sponsor are made to the Administrative Services Division (ASD). Projects are approved by the ASD as directed by the Senate Physical Facilities and General Services Committee. Approved projects are planned and designed with representatives of the sponsor group and an appropriate representative of the ASD.

Prospective landscape sponsors must submit to the ASD detailed plans for how specific space will be used and maintained. Uses may include, but are not limited to, planting flowers/plants or placement of a work of art. Any item or material used on campus must also be approved by the ASD.

TERMS

Length of sponsorship is one year. An annual review, by an appointed representative of the ASD, of the appearance and maintenance of each sponsored project determines whether or not a renewal/extension for another year is granted. With continued ASD approval, there is no limit to the amount of time a landscape sponsor may renew a project in an allotted space.

Horticultural advice, watering, and chemical applications are provided by ASD personnel.

FINANCE

Landscape sponsors may apply for matching funds through the ASD. Funding assistance is made available through the ASD to those sponsoring groups unable to afford the entire cost of an approved project. Sponsors are responsible for funding a minimum of 50 per cent of an approved project.

The cost of a sponsorship sign, to be placed on-site, is the responsibility of the sponsor group. A sponsorship sign is encouraged and serves to recognize the sponsor group for its dedicated time, energy, and resources.

(continued)

AWARDS

An annual award of landscape excellence of a sponsored project is presented by the Chancellor. The award recipient is determined by the University Senate Physical Facilities and General Services Committee in conjunction with ASD representatives.

ANNUAL ANNOUNCEMENT

The Student Government Association is responsible to inform all student groups of the program, formally and in writing. The Senate Physical Facilities and General Services Committee is responsible to likewise inform all academic/administrative units.

December, 1993.

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 A.3.a. The President, or in his absence, the Chancellor, or in his absence a member of the faculty designated by the Chancellor, shall preside at each Faculty meeting.

Proposed revision:

300.040 A.3.a. The President, or in the President's absence, the Chancellor, or in the Chancellor's absence, a member of the Faculty designated by the Chancellor shall preside at each faculty meeting.

Rationale: The proposed amendment removes two gender-specific references.

AMENDMENT #2

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.1. Membership -- The voting members of the Senate shall consist of the President; the Chancellor; the Vice Chancellor for Academic Affairs; the Vice Chancellor for Managerial and Technological Services; the Vice Chancellor for Administrative Services; the Vice Chancellor for University Relations; the Vice Chancellor for Student Affairs; deans or equivalent of schools, colleges, and such parallel units as may be created from time to time; the Dean of Continuing Education-Extension; the Director of Libraries; the Presiding Officer of the Faculty Council; the President of the Student Body; seventy-five members elected by the Faculty; and twenty-five members elected by the Student Body. Non-voting members shall include....

Proposed revision:

300.040 C.1. Membership -- The voting members of the Senate ...seventy-five members elected by the Faculty; and additional members elected by the Student Body (not to exceed twenty-five). Non-voting members shall include....

Rationale: A companion to the proposal to amend C.1.f., this is a "housekeeping" change necessary to keep the bylaws consistent with regard to the number of student members of the Senate. As proposed, C.1.f. provides that there will be fewer than 25 student senators if fewer than 25 eligible students file for election.

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.1.b. Each year during the winter semester each school, college, and any other parallel unit which may be created from time to time shall have allocated to it a number of faculty senators proportionate to the number of its voting faculty members as defined in Section 300.040 A.1 of these Bylaws. The Faculty of each school, college, and any other parallel unit which may be created from time to time shall nominate twice the number of senators allocated to it. Not later than April 1 of each year, the Faculty of the University of Missouri-St. Louis shall elect the appropriate number of members of the Senate from each list of nominees.

Proposed revision:

300.040 C.1.b. Each year during the winter semester, the College of Arts and Sciences and the schools of Business Administration, Education, Nursing, and Optometry shall each have allocated to it a number of faculty senators proportionate to the number of its voting faculty members as defined in Section 300.040 A.1 of these Bylaws. The Joint Undergraduate Engineering Program (with Washington University) shall have allocated to it one elected faculty senator membership. The Faculty of each school, college, and the Engineering Program shall nominate twice the number of senators allocated to it. Not later than....

Rationale: The Joint Undergraduate Engineering Program is unique in various ways and is still in a state of flux. The proposed amendment establishes an assured and stable level of representation for faculty in the program. As the program develops, its faculty representation on the Senate will be reviewed and modified as needed.

300.040 C.1.f.
(current C.1.f.,
g., and h. to be
reabeled g., h.,
and i.,
respectively)

If an elected faculty senator qualifies for service as an ex officio senator, he/she will be moved immediately into the ex officio category. In accordance with the bylaws, a replacement will be designated to serve for the remainder of the academic year in which the vacancy occurs if the ex officio status is permanent. The balance (if any) of the faculty member's elected term will be filled at the next spring election of senators.

If the ex officio status is temporary (as in the case of an interim appointment), a replacement will be designated to serve for the academic year affected or for the duration of the faculty member's status as an ex officio senator, whichever is the lesser period. The balance (if any) of the faculty member's elected term will be filled, year by year, at the spring election of senators. The elected seat of a faculty member who temporarily serves as an ex officio senator will be protected until the term has expired, at which time the faculty member's name shall be included on the Senate election ballot.

The names of permanent ex officio senators shall not appear on the ballot.

Rationale: Those who qualify for ex officio status should be moved to the ex officio category to free up a seat for an elected senator. Unexpired elected terms of the Faculty Council Presiding Officer and interim administrators are protected.

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.1.f. Each year during the winter semester... at the University of Missouri-St. Louis. Qualified students who are interested in becoming members of the Senate shall make their candidacy known to the Vice Chancellor for Student Affairs by March 1 of each year. The Vice Chancellor shall verify that the candidates satisfy all requirements for service on the Senate. Not later than March 15 of each year, duly registered students shall elect the appropriate number of student senators from the list of eligible candidates making themselves available.

Proposed revision:

300.040 C.1.g. Each year during the winter semester... making themselves available. Only eligible students who file their candidacy in advance may be elected. If fewer than twenty-five eligible students file for election, there shall be fewer than twenty-five student senators.

Rationale: The proposed revision makes it clear that candidates for student senator seats must file for election in advance. Write-in candidacies would no longer be acceptable.

The requirements for serving on the Senate and for filing for election are quite minimal. To qualify for service on the Senate, a student must be enrolled in good standing, must not be on disciplinary probation, must have an overall cumulative grade point average calculated by UM-St. Louis to be at least 2.0, and must have completed a minimum of nine hours of academic credit on the campus. To file for election to the Senate, a student is required only to complete a simple form indicating his/her intent to run. The student is not required to obtain signatures or be nominated by an organization. Therefore, there are no unnecessary barriers preventing any student from becoming a candidate.

Allowing write-in candidates creates many problems with few potential benefits:

1. In the past, requests have been made to release the numerical results from student senator elections.

(continued)

Whether or not the Senate wishes to do so in the future, at the present time such action could create a legal dilemma. If a write-in candidate is found to be ineligible for some reason, release of the vote totals along with the list of elected senators could reveal confidential student information in violation of the Buckley Amendment.

2. Students who vote for a write-in candidate (possibly as a result of solicitation) who is subsequently found to be ineligible would be wasting their vote.
3. Students who have no interest in becoming senators, and who consequently do not attend meetings, could be elected.
4. Checking the eligibility of student senators after the election is administratively cumbersome. The time between election and notification is very short and obtaining data for students who have not registered can be time-consuming.
5. There has been in the past a problem of identifying the intended write-in candidate. We have had the case where two students with the same name each claimed that they were the intended recipient of write-in votes.

There are many precedents for requiring candidates to file a notice of intent before an election. This does not create an unreasonable barrier because there is no requirement to demonstrate support (e.g., obtaining 10 signatures). Candidates are required only to declare intent and to provide the information necessary to identify the student and verify his/her eligibility.

AMENDMENT #6

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.3. Meetings and Officers -- The Senate shall meet...
Robert's Rules of Order. A quorum shall
consist of a majority of the voting members of
the Senate. Following each....

Proposed revision:

300.040 C.3. Meetings and Officers -- The Senate shall meet...
Robert's Rules of Order. A quorum shall consist
of a majority of the elected faculty senators.
(For the purposes of a quorum, the Presiding
Officer of the Faculty Council shall be
considered an elected faculty senator.)
Following each....

Rationale: The Senate was created by the UM-St. Louis Faculty to
represent the Faculty in official governance functions. The
Senate should not take binding action on important matters unless
a majority of the elected faculty senators are present.
Similarly, if a majority of the elected faculty senators are
present, action should not be obstructed due to the absence of a
large number of student or ex officio senators.

Note: Presently, a quorum consists of 60 voting senators. If
the proposed revision is approved, the quorum would be changed to
39 elected faculty senators (or 38 elected faculty senators and
the Faculty Council Presiding Officer).

AMENDMENT #7

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4. Members of all standing Senate committees (under Committees of the Senate) except the Executive Committee; Committee on Appointments, Tenure, and Promotion; Committee on Research and Publication; Committee on Research Misconduct; Grievances Committee; and Committee on Athletics shall be elected by all voting members of the Senate. Members of the committees on Appointments, Tenure, and Promotion; Grievances; Research and Publication; and Research Misconduct shall be elected by faculty senators. Ex officio and student senators shall not vote for members of these committees.

Proposed revision:

300.040 C.4. Members of all standing Senate committees (under Committees of the Senate) except the Executive Committee; Committee on Appointments, Tenure, and Promotion; Committee on Research and Publication; Committee on Research Misconduct; Grievances Committee; and Committee on Athletics shall be elected by all voting members of the Senate. Members of the committees on Appointments, Tenure, and Promotion; Grievances; Research and Publication; and Research Misconduct shall be elected by faculty senators and the Faculty Council Presiding Officer. Other ex officio and student senators shall not vote for members of these committees.

Rationale: Voting for members of these committees was restricted to faculty senators because the work of these committees relates solely to the Faculty. Appropriately, ex officio administrators and students should not participate in these elections. There is, however, no reason to exclude the Presiding Officer of the Faculty Council, whose very function is to represent faculty interests.

AMENDMENT #8

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4. At least two of the elected members of each (under standing and ad hoc committee of the Senate Committees shall be voting members of the Senate. Faculty of the members of all standing committees except the Senate) Committee on Committees, Executive Committee, and Budget and Planning Committee shall be elected for two-year terms, with half the faculty members to be replaced each year. Student members of all standing committees shall be elected for one-year terms which may be renewed. Each standing and ad hoc committee shall be convened by the members of the Committee on Committees. As its first order of business, each standing and ad hoc committee shall elect a chairperson, who must be a voting member of the Senate. (The Budget and Planning Committee is chaired by the Chancellor.) If a faculty member...

Proposed revision:

300.040 C.4. At least two of the elected members of each (under standing and ad hoc committee of the Senate Committees shall be voting faculty senators. Faculty of the members...by the members of the Committee on Senate) Committees. As its first order of business, each standing and ad hoc committee shall elect a chairperson, who must be an elected senator. (The Budget and Planning Committee is chaired by the Chancellor.) If a faculty member...

Rationale: The proposal requires that at least two of the elected members of each standing and ad hoc Senate committee be voting faculty senators and that each committee be chaired by an elected member of the Senate. It would be a conflict of interest for an administrator or other ex officio senator to chair a Senate committee.

AMENDMENT #9

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4.a. Committee on Committees -- The Committee on Committees shall consist of the Vice Chancellor for Academic Affairs, three student senators, and one faculty senator from each of the following units: Business, Education, Humanities, Natural Sciences/Mathematics, Nursing, Optometry, Social Sciences, and such parallel units as may be created from time to time. The members of the Committee shall serve....

Proposed revision:

300.040 C.4.a. Committee on Committees -- The Committee on Committees shall consist of the Vice Chancellor for Academic Affairs (non-voting), three elected student senators, and one elected faculty senator from each of the following....

Rationale: Ex officio administrators are serving as non-voting members of other Senate committees. For consistency, the Vice Chancellor for Academic Affairs should be a non-voting member of this committee. Because of the unique role of the Committee in recommending candidates for election to standing and ad hoc Senate committees, it is appropriate for the voting membership of the Committee on Committees to be drawn from those elected to the Senate. Ex officio administrators should not participate in preparing slates for committees that are charged with making recommendations to administrators. Any Senate member, including ex officio senators, may nominate candidates from the floor.

AMENDMENT #10

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4.i. Committee on Student Affairs -- The Committee shall consist of the Vice Chancellor for Student Affairs (non-voting), four faculty members and four student members elected by the Senate, and two faculty members and two student members appointed by the Chancellor. Its members shall be broadly representative of the various academic disciplines, schools, colleges, and other parallel units which may be created from time to time.

Proposed revision:

300.040 C.4.i. Committee on Student Affairs -- The Committee shall consist of the Vice Chancellor for Student Affairs (non-voing), the President of the Student Body (non-voting), four faculty members...

Rationale: The proposal is intended to increase student involvement in the Senate and to provide for the exchange of information between the Committee and the Student Government Association.

AMENDMENT #11

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4.k. Committee on Athletics -- The committee, in accordance with the rules and regulations of the Board of Curators, shall consist of five regular full-time Faculty members of professorial rank, two regular full-time students, and one member of the alumni, all appointed by the Chancellor, who shall also designate the Chairperson. The Director of Athletics and the Vice Chancellor for Administrative Services of the University of Missouri-St. Louis shall be ex officio non-voting members. Responsibilities, terms of membership and meetings of the committee shall be prescribed in the rules and regulations of the Board of Curators. When appropriate, the committee shall report or recommend policy concerning athletics to the Senate.

Proposed revision: delete and relabel succeeding sections

Rationale: This Committee is not under the Senate's jurisdiction. Section 270.050 of the Collected Rules and Regulations specifies the Committee's membership, terms, and charge. There is no need for this information to appear again in the Senate's bylaws. The final sentence is unnecessary because any committee (or individual) should submit reports/recommendations to the Senate "when appropriate." The Executive Committee prepares the Senate meeting agenda, and the Chairperson of the Committee on Athletics is a non-voting member of the Executive Committee. The flow of information to the Senate is further encouraged by a Senate Operating Rule, which states: "The budget for athletics shall be recorded as information to the Senate." Budget information for athletics is on file in the Senate Office and available to senators on request.

AMENDMENT #12

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4.q. Committee on Computing -- The Committee shall consist of the Senior Campus Computing Administrator (non-voting); the Coordinator of Campus Computing (non-voting); the Director of the Office of Computing and Networking Services (non-voting); eight faculty members elected by the Senate, no more than five of whom shall be from a single college, school, or other parallel unit; two students elected by the Senate; and one representative elected by the Staff Association.

The Committee shall be responsible for reviewing general policy issues regarding campus computing and presenting timely reports and recommendations to the Senate based on its review.

Proposed revision:

300.040 C.4.p. Committee on Computing -- The Committee shall consist of the Coordinator of Campus Computing (non-voting); the Director of the Office of Computing and Networking Services (non-voting); one faculty member from each division of the College of Arts and Sciences, one from each professional school, and one from each parallel unit which may be created from time to time; two students; and one representative elected by the Staff Association. All faculty and student representatives shall be elected by the Senate.

The Committee shall be responsible for reviewing general policy issues regarding campus computing, including on-campus computer classrooms and laboratories and their maintenance, scheduling, and supporting resources. The Committee shall present timely reports and recommendations to the Senate, to the Coordinator of Campus Computing, and to the Director of the Office of Computing and Networking Services. The Committee shall coordinate with the Committee on University Libraries and with any other committees on telecommunications and technology on issues of mutual concern.

Rationale: Different disciplines utilize computers in different ways. By providing every academic unit with representation, we can ensure that the multiple and diverse uses of computers in teaching, research, and service are incorporated in policies developed by this committee.

It is unnecessary to include the Senior Campus Computing Administrator (Vice Chancellor for Managerial and Technological Services) on the membership of this committee. The unit is adequately represented by the Coordinator of Campus Computing and the Director of the Office of Computing and Networking Services.

The proposed amendment also specifies that the Committee's charge includes reviewing and recommending policies relating to the maintenance, scheduling, and supporting resources for on-campus computer classrooms and laboratories.

AMENDMENT #13

PROPOSED AMENDMENT TO UM-ST. LOUIS BYLAWS

Current version:

300.040 C.4.r. Committee on Research Misconduct -- The Committee shall consist of six full professors on continuous appointment who are broadly representative of the Faculty and who do not devote more than 50 percent of their time to administrative duties. The Committee shall be elected by voting faculty senators.

Proposed revision:

300.040 C.4.q. Committee on Research Misconduct -- The Committee shall consist of six full professors on continuous appointment who are broadly representative of the Faculty and who do not devote more than 50 percent of their time to administrative duties.
(current C.4.s. and t. to be relabeled r. and s., respectively)

Rationale: The final sentence is redundant. Section C.4. of the bylaws specifies those who may vote for members of this committee.
