The Department of Mathematics and Computer Science is proud to introduce and sponsor the Computing Club, focusing on computing issues such as technology, programming, student-student and student-faculty interaction, transition to workplace, etc. Planned activities include presentations and tutorials. Other activities are to be determined.

The club is mentored by Dr. Mark Hauschild. He can be reached at hauschildm@umsl.edu.

Meeting 12/8/2015

The first meeting will take place Tuesday, Dec 8th, 2015 from 4pm to 6pm in the ESH building, room 304.

This meeting will focus on setting goals and yearly agenda, as well as possibly naming student officers. It will also include a presentation on debugging C and C++ programs: technology and strategies, and on discussion of common errors and security threats.

Refreshments will be provided.
