Non-Tenure Track Faculty Position in Computer Science at the University of Missouri-St. Louis

The Department of Mathematics and Computer Science at the University of Missouri-St. Louis (UMSL) invites applications for two non-tenure-track positions in Computer Science beginning Fall 2018. Salary is competitive and dependent upon qualifications.

The department seeks applicants with proven teaching ability in Computer Science courses and good communications skills. The positions have no research requirement. A minimum of Master’s degree is required, in Computer Science or closely-related discipline with experience in computing and teaching.

At the present time, the department has 31 full-time faculty members and about 10 graduate teaching and research assistants. The department offers Bachelor's and Master's degrees in Mathematics and Computer Science and Ph.D. in Mathematical and Computational Sciences with options in Computer Science, Mathematics, and Statistics.

Candidates must submit a letter of application, teaching philosophy, and current vita through the university submission system at http://www.umsl.jobs, select Faculty and then Prospective Faculty, job ID number 25576. In your application, please include the courses that you can easily teach; our list of undergraduate courses is available here. Please submit the name of three references who can write about your teaching ability, along with their affiliation and email address. Additional questions may be directed to cssearch@umsl.edu.

Review of applications will begin immediately and will continue until the position is filled. Additional information about UMSL and the region is available at http://www.umsl.edu and information about the Department of Mathematics and Computer Science is available at https://www.umsl.edu/mathcs/. UMSL is an Equal Opportunity and Affirmative Action Employer. The successful candidate must be able to show acceptable documentation establishing the right to accept employment in the US.
