The Department of Mathematics and Computer Science invites all first-year students to join us for an **interactive information session** (prize will be given for question winners).

**Date:** September 7, 2018, Friday  
**Time:** 12:00 – 2:00 pm  
**Location:** 304 ESH (Express Scripts Hall)

This is what you can expect to learn during the session:

- Different emphasis areas in our programs, such as Actuarial study, Fiscal Mathematics, Data Science, Cybersecurity, Mobile and Ubiquitous computing, just as a few
- Internship opportunities
- Student organizations in the department
- On campus employment opportunities
- Academic competitions
- Career opportunities after graduation
- Undergraduate Research in the department
- Scholarship opportunity, and more

We will have plenty of time for questions. If we don’t know an answer for your question, we will go to find a solution manual.

Refreshments will be served at 11:30 am, followed by an **interactive** information session at 12:00 pm. You are welcome to look around our department if you have not, to meet with our department Chairs, undergraduate advisors, faculty members and staff, to learn more about our courses and advising process, and meet with your fellow students and some of the scholarship recipients.

We are looking forward to meeting you! Please come!
If you have any question, please contact Qiang Dotzel at dotzelqs@umsl.edu.

**Hot tips on how to win prizes during this session:**

Are you competitive? Do you like to play games online, against your friends? If the answers are “yes”, you will totally enjoy this session. You will gain a lot of information which could impact your future career through barrels of FUN!!!

1. Make sure your smart device (phone/tablet/laptop) is fully charged.
2. Make sure you and your device won’t go to sleep during the session.
3. Study our website for potential answers.

Good luck!!!
