University of Missouri St. Louis is Reaching out to you

The University of Missouri-St. Louis provides students with the opportunity to complete select degree programs and credit courses through our Off-Campus Sites Program. The Off-Campus Site Program partners with Jefferson College, Mineral Area College, St. Charles Community College and St. Louis Community College. Through these partnerships students can earn their degree from UMSL while taking UMSL courses on the campus of one of our community college partners. Students will earn UMSL credit, courses will be taught by UMSL faculty, and students earn their Bachelor’s degree from UMSL. The faculty and staff of the community colleges and UMSL are committed to helping you achieve your academic goals.

UMSL offers the full 2+2 Elementary Education with certification in Special Education degree at the STLCC Meramec location. All junior and senior level courses can be taken on site at the Meramec campus. All observation hours and practicums are available through this program in local school districts. The Elementary Education/Special Education courses begin a new cycle every fall semester.
