

Additional Authorized Access (AAA) gives students the capability to grant an Authorized User (for example, a parent) the access to view specific information in MyView. We also use this access to determine if we can talk to the Authorized User about your academic information. See instructions below

Log into MyView [Homepage \(umsl.edu\)](http://umsl.edu) and navigate to: Personal Information

Select Information Privacy and Click Additional Authorized Access in the drop-down list.

Enter the name and email address of the Authorized User, then check the desired Access Granted boxes (as shown below). Once finished, click Save. Students may add up to five Authorized Users to their account. A notification email will be sent to each user with a link to finish the account setup and create a password.

### Additional Authorized Access

---

Students can grant other users direct and authorized online access to their student information, which may include, but is not limited to, schedule of classes, grades, financial aid, and student financial account information.

In authorizing Additional Authorized Access members, students acknowledge that the University is not responsible for any unauthorized disclosure of their student information by their registered members.

Below is a list of those members to which you have granted access.

**Additional Authorized Access** 1 of 1 ▾

[Resend E-mail Invitation](#) [Delete](#)

**Name**

**E-Mail Address**

**Confirm E-Mail**

**Access Granted**

**Student Financial Account Information**     **Directory Information**

**Academic Information**     **Financial Aid information**

[Explain These Options](#)

[Add Member](#)

[Save](#)

To remove access for an Authorized User - navigate to the AAA page, delete the user and click Save. Please note that the user will be sent an email notifying that access has been revoked.

In granting AAA access, the student acknowledges that the University is not responsible for any unauthorized disclosure of student information by Authorized users.

### **IMPORTANT INFORMATION FOR AUTHORIZED USERS**

The Family Educational Rights and Privacy Act, also known as FERPA, maintains that a student's educational and financial records are private and confidential. The information contained in these records may only be released with consent from the student.

Your student may choose to grant you online access to his or her student information as an Additional Authorized Access User. By virtue of granting this access, your student consents to the sharing of his or her specific records with you. Students have the right to revoke this consent at any time.

If your student chooses to set up AAA for you, you will receive an email message with a link to finish the account setup and create a password. A link to MyView where you can access your student's information will also be included in the email.
