## Alumni Survey for Re-accreditation-1-2-2

UMSL is undertaking a self-study for re-accreditation from the Higher Learning Commission, and we need your help. This is an opportunity for you to provide feedback to the University regarding your educational experiences while completing your MOST RECENT DEGREE. Your anonymous feedback will be valuable to understanding and improving programs at the University. Your privacy will be protected because we will not report separate data with less than 5 in that set. That is, if less than 5 men graduated from Nursing in one year, we will not report men in Nursing separately but only with all men graduating that year. Similarly, data for the men will be included only when describing all Nursing graduates. We will follow that process for reporting on all personal variables.
