### Apply to All Charges

Your Federal Financial Aid awards are not automatically applied toward all charges on your student account. By checking **I Agree** below, you are authorizing the University to apply your Federal Aid toward your current term tuition, educational fees and housing charges, then apply any excess aid toward any non-educational related charges that you may have (such as bookstore charges, parking permits, etc.). You may also have up to $2000 of your current term aid applied towards a prior term balance.

By checking **I Disagree** below, you are authorizing the University to apply your Federal Aid only towards your current term tuition, educational fees and housing charges. No aid may be applied towards a prior term balance and any non-educational related charges will be billed to you. Be advised that if you choose to make the minimum payment or a partial payment towards your bill, a finance charge of 1% of the Adjusted Amount Due will be assessed. Student accounts will be subject to a $20 late fee if payment is not received by the due date shown on the monthly billing statement. Student accounts must be paid in full before a student will be permitted to register for upcoming terms, receive transcripts or receive a diploma.

Your choice will remain in effect during your entire time at the University. Please contact the Cashier's Office if you wish to withdraw your agreement. If an option is not chosen within the specified time frame, it will be assumed that you are authorizing the University to apply your Federal Aid only towards your current term tuition, educational fees and housing charges.
