Denney Resigns Assembly Chair

Daniel A. Kimack editorial writer

While the move would reduce "endless exploitation" of the UNIL-student government, Student Association chairwoman Sue Denney last week announced her resignation from all office.

Denney did not elaborate on the reasons for her resignation, saying only that she is "convinced it is in the best interest of both the Student Senate and the Association if I resign at this time."

Her statement ended with a smile.

Denney's resignation is the latest in a string of recent student government resignations, including last week's resignation of Sue Denney's predecessor, Mary Ellen Jones.

The Student Senate met the news of Denney's resignation with a mix of遗憾 and relief. "It's a shame," said one student, "but it's also good to see someone new coming in." A second student added, "We need someone who's not afraid to make tough decisions." A third student echoed, "It's time for a change."
Grobn helps UMSL grow

When Arnold Grobn came to UMSL over 10 years ago, UMSL becoming a "Harvard on the Mississippi" was feasible. Grobn realized that the vision of St. Louis having a liberal arts oriented state university was an unrealistic approach to higher education for metropolitan area. His tenure at UMSL helped bring about the creation of a comprehensive public university in the St. Louis area. He started with expanding the university's physical facility with the acquisition of the Mariartic property and his efforts are leading to new science building and an additional to the library.

During Grobn's tenure the school of nursing and optometry were added to the UMSL curriculum. He has been able to explore the vision of UMSL becoming a comprehensive public university despite a limited liberal arts student body.

The St. Louis community should commend Arnold Grobn for his work. This work will continue to have a lasting impact at UMSL. He has been able to complete a plan for UMSL that Grobn and has actively pursued UMSL obtaining emphasis areas and degree programs in biotechnology.

Grobn has an understanding of the UMSL student and has contributed to the establishment of the traditional and non-traditional student population of UMSL. The establishment of the co-op role UMSL students have as they seek higher education and related work experience.

In hindsight, Grobn probably would have done some things different, however when the final chapter of his work at UMSL is written he will not only be remembered for an era of service, but for the quality of the service that he has given.

Questions Need Answers

Should Student Association President Greg Barnes be removed from the presidential campaign before the election? The issues that have arisen in the past several months should favor Barnes and Vice President Michelle Graham. Barnes and Graham have beforehand the EM Investment of monies invested in companies doing business with UMSL. If so, it's unclear if this is not a conflict of interest. Certainly, having a hand in the new task force recommendations is a conflict of interest. Although this is not a conflict of interest, many hours of work, many miles of travel and feeling of frustration could pay off when Grobn makes his recommendations in the UM Board of Curators tomorrow.

But what have we seen from Student Association this year? A striking out to beyond divest and, there needs to be changes. There needs to be a working together of the Assembly and Barnes. Perhaps the answer is the petition drive. Maybe Barnes will be brought to the Student Court to answer some questions and confront allegations. That solution would be less bad for all involved, including the student body. We feel the resignation of Denney will alleviate some problems between the Assembly and Barnes. But we do not feel it will alleviate all of them. If that was part of the reason Denney stepped aside, then so be it.

Still, the actions of Barnes and Vice President Hilary Shulte need to be clarified. Are they trying to push through the Assembly or executive committee's commitment to their agenda working effectively together. That apparently is not the case right now. Answers are needed, and some feel a general distrust to remove Barnes from office in the answer. If the Student Court brings out those answers, then so be it.

Grobn expresses appreciation for UMSL

I am pleased that the Current is providing me this place to send a final message to the community on this eve of my leaving the University. The Professor of the University of Missouri-St. Louis.

This is not the place to recount our accomplishments or challenges we have met together over our 10 years in office. It is appropriate, however, to express my appreciation to you, my colleagues, and to all the people who make the University of Missouri-St. Louis a dynamic educational environment for students and faculty.

I urge the students to study hard, be creative, think critically, and apply this knowledge to a better society.

Current

The Current is published weekly on "Harvard Avenue" in the student government office and is available upon request. The Current is a publication of the University, and its for profit. The Current is distributed free of charge to all students, faculty, and staff of the University of Missouri-St. Louis. Its contents are in the public domain. The Current is distributed free of charge to all students, faculty, and staff of the University of Missouri-St. Louis. Its contents are in the public domain. Although Grobm is preparing for the interview, he has many impressions about his past 10 years at UMSL. The following is the result of an interview with Chancellor Grohm.

What things are you most pleased with accomplishing during your time at UMSL?

I am very pleased that despite the fact we had gone through a very serious recession, we were able to acquire the Marillac campus acquiring that campus gave us new buildings and space that we otherwise couldn't acquire during a recession. That was very valuable.

I am pleased with the bond issue and that we got the science building out of it. It also looks like we will have an addition to the library.

When arriving back at UMSL, I am disappointed that we haven't got a fine arts and communications building. I think those are the most important buildings that we haven't had because it means more. Some progress has been made in the sense that we have a lot of people who are now being allowed into college from local high schools and so forth through scholarships. These are all steps forward. It has moved us from a relatively restricted liberal arts college towards a comprehensive public university.

We need more programs. I hope that we will be able to make much more progress more rapidly in the future.

Arnold And Hulda Grohm Look Ahead

Steven Brawley

The morning van arrived a day early. Mrs. papers are being sorted through and her furnishings are still being arranged and rearranged in a downstairs office. When Arnold and Hulda Grohm arrived in St. Louis in 1975 they settled into a routine which has worked well for the couple.

Now as the chancellor and his wife prepare to have their new life at UMSL, their first year, they are preparing to settle into another routine.

As they prepare to begin a new way of life, the Chancellor's office in Woods Hall is empty. The Chancellor's residence also means empty spaces and windows. It is a sharp contrast to the traditional Chancellor's Residence in Battered Avenue.

Mrs. Grohm was newly appointed to the new Chancellor position. She is the first woman ever to fill the position.

The chancellor will be working in an obviously different capacity when he moves into his new office on the south campus. See "Grohm," page 4

Continuing Education-Extension Offers Courses At Area Hospitals

The UMSL Continuing Education-Extension will offer credit courses, non-credit courses, and work locations for the winter semester beginning Jan. 23 and running until the first week in May.

Five courses will be offered at Barnes Hospital School of Nursing, 4615 S. Graggsbridge, December 2 to 4:45 p.m.; American Civilization, Thursdays, 2 to 4:45 p.m.; Introduction to Sociology, Tuesdays, 2 to 4:45 p.m.; Women's Literature, Mondays, 8:30 to 9:45 p.m.; Sociological Statistics, Mondays, 5:30 to 7:45 p.m.; Sociology, Mondays, 2 to 4:45 p.m.; Women's Studies, Tuesdays, 6:30 to 9 p.m.

Classes are also offered at Jewish Hospital, 350 S. Kingshighway, General Psychology, Mondays, 12:30 to 2:45 p.m.; Community Nursing, Mondays and Fridays, 1:30 to 5:30 p.m.; Medical Ethics, Thursdays, 2 to 4:45 p.m.; Social Science, Tuesdays, 6:30 to 9 p.m.

Two classes will be offered for nurses at Lindbergh High School, 4635 S. Lindbergh Boulevard, December 2 to 4:45 p.m; American Relations, Thursdays, 8:30 to 9 p.m.

Two classes will be offered at Sloan-Blaisdell Elementary, 210 N. Crestview, December 2 to 4:45 p.m.; The Human Relations Skills, Tuesdays, 8:30 to 9 p.m.

Four classes will be offered at the University of Missouri-St. Louis, 307 N. California, December 2 to 4:45 p.m.; Dental Language, Mondays, 1:30 to 5:30 p.m.; Health Education, Tuesdays, 6:30 to 9 p.m.

Two classes will be offered at Gateway Community College, 1300 S. Vandeventer, December 2 to 4:45 p.m.; Advanced Expository Writing, Wednesdays, 4 to 6:45 p.m.; "Beinstein" 6:30 to 9 p.m.

For information, call Brenda Shannon's office at 396-5466.

Viewing Session Scheduled At UMSL Observatory For Residents

Atmosphere at UMSL have scheduled a special viewing session at the UMSL observatory on Sunday, Dec. 4, for area residents who would like to get a view of the night sky through telescopes. The session will begin at 7:30 p.m.

The observatory is located on the UMSL South campus. The entrance is at 7800 Natural Bridge Road. Tour visitors will have the opportunity to view the night sky through telescopes, ask questions, and hear about the most recent research topics. For more information, call Brenda Shannon at 303-4972.

Newsbriefs

Opportunity For UM Campuses To Participate In Programs At Athens

For about 35 years, the University of Missouri has been a supporting institution of the American School of Classical Studies at Athens. The American School is the only recognized center for the advanced study of Hellas and Greece in the United States and in Europe. It is affiliated with the American School of Classical Studies at Athens and the National Archaeological Institute of Greece, and the opportunity to participate in its programs is available to all UM campuses.

As a cooperating institution, UM campus are eligible for consideration for opportunities at the school, which may be able to accommodate any student or faculty members. For more information, call Brenda Shannon at 596-5706.
The investment club runs a large portfolio with three different parts. One part is conservative and is made up mainly of "Blue Chip" stocks, another part is aggressive, and the last part is in international and Over-the-Counter securities. The third part involves investments being made up of risky investments and Over-the-Counter...

First Holiday Festival Held Here

A series of special programs, including a craft fair and a film festival, were planned for this week as the university campus enters the holiday season. The University Center and the Student Activities office co-sponsored the activities.

On Monday, students, faculty and staff decorated an evergreen tree located in the University Center lobby. The proceeds of the food sales will be divided among newly formed families in the community.

A folk fair was held Wednesday and continues until 5 p.m. today. All weekend, handmade arts and crafts are being displayed in the University Center lobby. These include Clay Taps, Patch dolls and clothes, quilted items, earthenware, decora
tive ceramics and pottery.

Food baskets, individual food items, and celebrations. The university's cultural services for all students.

Food baskets, individual food items, and celebrations. The university's cultural services for all students.

A series of special programs, including a craft fair and a film festival, were planned for this week as the university campus enters the holiday season. The University Center and the Student Activities office co-sponsored the activities.

On Monday, students, faculty and staff decorated an evergreen tree located in the University Center lobby. The proceeds of the food sales will be divided among newly formed families in the community.

A folk fair was held Wednesday and continues until 5 p.m. today. All weekend, handmade arts and crafts are being displayed in the University Center lobby. These include Clay Taps, Patch dolls and clothes, quilted items, earthenware, decorative ceramics and pottery.

Skiing Hidden Valley

Jimmy Schwartz

...the trail through the trees is not easy to find and the signs are often at odds with the reality. But the sign that reads "Hidden Valley," is tracing a path to a hidden gem in the hills of the Oregon Country. The trail is not for the faint of heart, as it winds through the dense forests and over rocky ledges. But for those who are willing to take the challenge, it is an unforgettable experience. The views from the top are breathtaking, and the sense of accomplishment that comes with conquering the trail is hard to beat. The Hidden Valley ski area has something for everyone, from beginner to advanced skiers. The slopes are well-groomed and the on-snow service is top-notch. Whether you're looking for a day on the slopes or a place to relax and soak up the mountain air, Hidden Valley has it all. The ski area is open every weekend from late December through March, and during school breaks. So grab your skis or snowboard and head out to Hidden Valley for a day of fun and adventure. The ski area is located in the Oregon Country, just a short drive from Portland. For more information and to purchase tickets, visit the Hidden Valley website. The ski area is open every weekend from late December through March, and during school breaks. So grab your skis or snowboard and head out to Hidden Valley for a day of fun and adventure. Mark Badgett

A little over 50 years ago, F. Scott Fitzgerald wrote a novel titled *The Great Gatsby*, in which he chronicled the lives of a small group of people who lived in the shadow of the Roaring Twenties. In this novel, he explores the themes of materialism, the American Dream, and the emptiness of the Jazz Age.

For Fitzgerald, the Jazz Age was not just a time of.vivid nightlife and flashy fashion; it was also a period of experimentation in literature and art. The novel he wrote featured a confessional style of writing that was unlike anything that had come before it. This style was characterized by a sense of realism, an openness to new ideas, and a willingness to challenge traditional norms.

Despite its innovative nature, *The Great Gatsby* was not an immediate success. It was not until many years later that it became recognized as one of the greatest American novels of all time. Today, it is considered a classic of modern literature and is read by millions of people around the world.

In conclusion, the Jazz Age was a time of great transition in American society. It was a time when traditional values were being challenged and new ideas were being explored. Fitzgerald’s novel captures the spirit of this era and remains a timeless example of the power of literature to reflect and comment on the complex and ever-changing world in which we live.
Exercise To Keep Your Heart Healthy

This limits the body's capability is performed external activities such as those associated with sport, or even vigorous walking or climbing, and the like. The physical activity affects not just the body but also the heart.

Regular exercise, such as regular physical activity, helps to reduce the risk of cardiovascualar disease. The benefits of regular physical activity extend beyond the physical benefits to the mental, emotional, and social well-being of the individual.

Regular physical activity also improves the cardiovascular system, reduces the risk of heart disease, and strengthens the muscles and bones.

Says ‘Breakfast Club’ Is Good Teenage Movie

The film is set in a high school where the students have to deal with various challenges, including academic pressures, peer pressures, and personal issues.

The story is about a group of teenagers who are forced to attend a summer camp where they learn to work together and overcome their difficulties.

The film is an inspiration for many young people who have to deal with similar challenges in their daily lives.

The film is directed by John Hughes and stars_embedded_full_names=

Activists and volunteers may use this information to educate the public and promote the benefits of regular physical activity.

Excerpts from the article:

“Regular exercise, such as regular physical activity, helps to reduce the risk of cardiovascualar disease. The benefits of regular physical activity extend beyond the physical benefits to the mental, emotional, and social well-being of the individual.”

“Regular physical activity also improves the cardiovascular system, reduces the risk of heart disease, and strengthens the muscles and bones.”

“Says ‘Breakfast Club’ Is Good Teenage Movie

The film is set in a high school where the students have to deal with various challenges, including academic pressures, peer pressures, and personal issues.”

The article highlights the importance of regular physical activity and its benefits on physical, mental, and emotional health.
Riverton Coming Together Again

Dan Nosu

Riverton, Utah (UW) - The Riverton Indians, looking to win the 3-A State Championship, have a balanced team that will be a threat for any basketball team. The Indians have balanced scoring, excellent defense, and a strong bench. They have a chance to win the championship if they can get past the Valleyview Tigers in the first round.

The Indians are led by senior captain Jeff Loveland, who is averaging 17 points per game. Loveland is a versatile player who can score inside or outside. He is also a solid rebounder and a good defender. He is joined in the starting lineup by seniors Mike Smith (12 points per game) and Mark Anderson (10 points per game). The Indians also have a solid bench with players like Dan Turner, who can score in bunches, and Pete Hilton, who is a strong defender.

The Indians will face the Valleyview Tigers in the first round, and they have a good chance to win. The Tigers are a solid team, but they don't have the depth or the balanced scoring of the Indians. If the Indians can get past the Tigers, they have a good chance to win the championship.

SOCCER ACTION 1005: Riverton's Kathy Foxx

Near death in the 1985 season, Sue Opara in the backfield of the Riverton defense has been working hard to get back to full fitness. She is looking forward to playing in the first round of the playoffs and will be a key player for the Riverton defense.

Riverton Women's Soccer

The Riverton Women's Soccer team has been a strong team this season, and they are looking to make a run in the playoffs. They are led by senior captain Katie Foxx, who is a solid defender and a great leader for the team. She is joined in the starting lineup by seniors Lisa Smith and Jennifer Andrews, who are good defenders and solid scorers.

The team is looking forward to playing in the first round of the playoffs, and they have a good chance to win. They have a solid defense and a balanced scoring offense. If they can get past their first round opponents, they have a good chance to make it to the championship.

Dan Nosu

Riverton's Coming Together Again

Dan Nosu

The UWL Riverton basketball team, under the leadership of head coach Dan Nosu, can again take to the field in search of a championship. The team has a balanced scoring attack and solid defense, making them a strong contender in the league.

The team is led by senior captain Jeff Loveland, who is averaging 17 points per game. Loveland is a versatile player who can score inside or outside. He is also a solid rebounder and a good defender. He is joined in the starting lineup by seniors Mike Smith (12 points per game) and Mark Anderson (10 points per game). The Indians also have a solid bench with players like Dan Turner, who can score in bunches, and Pete Hilton, who is a strong defender.

The Indians will face the Valleyview Tigers in the first round, and they have a good chance to win. The Tigers are a solid team, but they don't have the depth or the balanced scoring of the Indians. If the Indians can get past the Tigers, they have a good chance to win the championship.

The team is looking forward to playing in the first round of the playoffs, and they have a good chance to win. They have a solid defense and a balanced scoring offense. If they can get past their first round opponents, they have a good chance to make it to the championship.
Rivermen Soccer Team Falls To Defending Champ

Dan Nuss

The UMSL Rivermen's 1985 soccer season came to an end on a hot, sunny afternoon in North St. Louis. The team was able to win only one of its 15 games and was eliminated from post-season play by the SUNY Stony Brook Bears. Following the loss, the Rivermen's season officially ended with a 1-0 defeat to the Bears.

Dan Nuss

Florida International University's Matt Rapp was named the Sunblazers' Most Valuable Player and was also selected as the Most Outstanding Goalkeeper of the tournament. Rapp, who recorded 10 saves in the team's 1-0 victory over the Bears, was instrumental in helping the Sunblazers advance to the NCAA Division II championship game.

Current

Stahl Was UMSL Backbone In 1985

The last line of defense was actually the line of defense that held the Sunblazers' offense in check. Senior goalkeeper John Stahl played a key role in helping the Rivermen to a competitive finish in the NCAA Division II tournament.

Stahl's saves were crucial, as he recorded 10 in the final game against the Sunblazers. His performance helped the Rivermen to a 1-0 victory, and secured their second consecutive trip to the NCAA Division II tournament.

Stahl was named to the All-Tournament Team, and was a key figure in the Rivermen's success. He was named the Most Outstanding Goalkeeper of the tournament, and was a key factor in the team's ability to compete with the Sunblazers.

Dying save: Stahl, goalkeeper John Stahl display in practice the form he used throughout the tournament. This helped the team to record a 1-0 competitive finish in the NCAA Division II championship.

“Stahl was magnificent in the second half,” said coach Steve Weindel. “He made a save with 10 minutes left in the game, and then another with 5 minutes left. He was our key player in the game.”

Weindel added that the team's defense was also a key factor in the victory. “We were able to keep the Sunblazers off the board, and Stahl was a big part of that,” said Weindel.

The Rivermen's season ended with a 1-0 defeat to the Sunblazers in the NCAA Division II championship game. The team finished the season with a 10-5-1 record, and was eliminated from post-season play by the Sunblazers.

Stahl's performance in the championship game was key to the team's success, and he was named the Most Outstanding Goalkeeper of the tournament. His saves were crucial, and his performance helped the Rivermen to a competitive finish in the NCAA Division II tournament.

No one was more surprised than the Sunblazers when they learned that the Rivermen had made it to the NCAA Division II championship game. “We were totally unprepared for this,” said Sunblazers coach Don Dallas. “We thought we were going to play a good team, but we didn’t expect to be playing the Rivermen.”

Despite the surprise, the Sunblazers were able to pull off an upset, defeating the Rivermen 1-0 in the championship game. “We were able to keep the Rivermen off the board, and that was the key to our victory,” said Sunblazers coach Don Dallas. “We were able to keep the Rivermen off the board, and that was the key to our victory.”

The Sunblazers had been the dominant team in the NCAA Division II tournament, winning all six of their games to reach the championship game. The Rivermen had been the underdogs, but they were able to hold their own against the Sunblazers.

Stahl's performance was key to the team's success, as he recorded 10 saves in the final game. His saves were crucial, and helped the Rivermen to a competitive finish in the NCAA Division II tournament.

“Stahl was magnificent in the second half,” said Weindel. “He made a save with 10 minutes left in the game, and then another with 5 minutes left. He was our key player in the game.”

Riverwomen

Morgantown had another strong game off the bench with eight points and five rebounds.

Overall, though McIntosh is pleased with her team's performance, she says, "I think we have a chance to be a little better than what we thought. But the key word is "improvement.""

Riverwomen Give Larson 100th Victory

The Riverwomen are now on a new streak of three wins in a row. The latest in Larson's career at UMSL, came in their initial game of the season. They won 84-77 in a five-game winning streak.

The moment has been on hold for the 100th-win coach since the Riverwomen downed Maryville College 77-67 in the team's second game of the season.

The moment has been on hold for the 100th-win coach since the Riverwomen downed Maryville College 77-67 in the team's second game of the season.

BATTLE OF THE BOARDS: Riverwomen center Kathy Rubach goes for a rebound against two Culver-Stockton players in the teams' season opener. Rubach has been a big part of the current UMSL three-game winning streak.

That team trailed (1-), but as Pickering struck the same pane, Larson's team would be above 300 and perhaps in the Missouri Intercollege Athletic Association preseason tournament for the first time in the school's history.

They have put in a lot of hours to get back points," he said. "I'm happy with them. Larson knows, though that the road is in the playoffs is going to tougher.

They have a very tough schedule and they need to keep their focus on their game plan.

**Swimmers Continue To Improve Despite Small Squad**

The team followed a strong show-
ing at Grinnell with a 15-20 loss to the University. Even in defeat, the Rivermen came away with a couple of records they keep on the track of improvement.

Six swimmers achieved the best time in at least one event. After Grinnell, Greg Menke and sophomore Tom Lombardo. Menke swam a 1:06.10 100 yard breaststroke and a 2:10.26 200-yard individual medley to mark his best times of the season in two of the three events he specializes in. His breaststroke (1:06.10) is the 7th best in the UAA and his medley time is tied for 8th.

Free Trials swimming at Grinnell. Lombardo took a second and a ninth in the 500- and 400-yard freestyle events, respectively. His times were 5:12.97 in the 500 and 5:58.23 in the 200.

Against Mary Liston, Lombardo had his best 500-yard freestyle with a time of 4:53.93. Lists notes that this is not a universal 50. Liston, who can swim faster in the distance events.

Senior Steve Praynor dropped his 100-yard butterfly time to add a sixth place with still a good enough for fourth in the meet.

Jeff Beck, a junior swimmer, was the top event 12 seconds,” Mr. Liston said. “The scores by the two women’s 100-yard freestyle is the competition.

Gina Gregory saved the 56:43 time on the 50 and 1:04.17 on the 200.

Other division champions have been decided already. The year-end honours will be awarded on the basis of points won in the regular season. The team will compete in that event.

For freshmen walk-on Mike Heep, the meet at Grinnell was critical stop up, as his 58:43 helped his cause. But even more than a full second.

**Intramural Triathlons**

**Fall Soccer**

J.S. H. completed an undefeated season when they defeated the Papel Rams, 9-0 in the championship game. The team has won two consecutive games, the first by a score of 5-0 and the second by a score of 1-0. The team has scored 18 goals and has been held to a clean sweep.

**Free Throw Shootout**

Gino Gregory scored a perfect 10 for the Washington Huskies in the Intramural Free Throw Shootout. That figure should also play for coach Mike Larson.

**UMSL SWIM TEAM**

The team was big as far as coach Mar y Liston was concerned. "Their attitude is incred-

**Their attitude is incredible, excellent," he added. "They are working to hard and willing to work as their own.

The team has gone to double work performed by students.
