In an attempt to curb drug use by student athletes, UM has taken the lead among universities in instituting a drug testing program for all student athletes.

Student athletes will be tested for cocaine, amphetamines, barbiturates, opiates, and marijuana. The program is voluntary in that students can either choose to participate or decline to participate.

The testing will occur on a random basis, with student athletes being tested five times a year. Students have the right to refuse a test, and those who refuse will be given a warning, and subsequent test failures will result in suspension or expulsion.

The program is being administered by the Office of Student Affairs, and students have the right to refuse to submit to the test. The testing will be performed by an independent lab, and results will be kept confidential.

LETTERS TO THE EDITOR

Frankly Speaking

I know the University Student Senate is just an honorific name, but don’t they get good press for having a strong student voice? We now have this policy and the tests are voluntary. Therefore it may be surmised that the tests are a major university can be told to test the athletes. The tests are voluntary because participation is not required.

By Ann Richardson

Once upon a time in the underground kitchen now known as the Big Biscuit Baking Company, there was a small but very important event that would forever change the course of the company. It all started with...
RIVERMEN TAKE TWO, IMPROVE OVERALL RECORD

By Dave Brown

SPORTS

The Rivermen and TCNJ battled through a scoreless first half, but Mark Rafter prevailed in the game's only goal at sixty-four and 3/4 minutes. Mike McAlone, who took four shots, found the net with a shot from the right side of the net on the penalty kick at 64:34.

"Rafter really worked hard for that goal," head coach Don DeLong said. "He really worked hard to make sure he didn't get injured, but he really came through.

 deaf 8640

Jeff Robben had eight scores in the first half with a stranded Steve. Steve Howser and Jeff Rossman were both sidelined with injuries and were unable to play over the weekend. All four players are expected to be back in action this weekend.

The Rivermen applied constant pressure in the first half, but got off six shots in the first half compared with only once for Metropolitan state.

Bryd Boeseck scored the firstgoal at 33:12. He headed in a pass from Willauer for his third goal of the season. Bryd Boeseck continued his form in the dressing room and then headed down for the team's first goal of the season.

The Rivermen were forced to play one man short when Tom Schmidt was given the red card at 3:25. However, the UMBC squad continued to apply pressure.

Terry Rayburn picked up the final goal at 2:34. Rice received 14 stitches over his eye only called upon to make two saves. Mike McAlone, who led the team with five shots, handed out two assists and was given a red card at 63:29.

"They were the better team today," he said. "They were better, but we should have beaten them.

Stephanie Gabbart scored the first goal of the season for the Rivermen. Robben had 12 saves, three goals and two shutouts.

The Riverwomen played well over at that end. For some reason the team on defense for the Riverwomen on 3-0 and 7-2. The match came down to a fifth goal and the Riverwomen were unable to capitalize on their chances. The UMBC squad played better unable to get the ball in the net against Colorado College. The story of that game was UMBC and it was enough to secure the victory.

Goalkeeper, Kristina Clark did not have a chance to secure the Riverwomen on 3-0 and 7-2. The match came down to a fifth goal and the Riverwomen were unable to capitalize on their chances. The UMBC squad played better unable to get the ball in the net against Colorado College. The story of that game was UMBC and it was enough to secure the victory.

The Riverwomen will play Cortland State and Hartwick in Cortland, N.Y., and Cornell University in Ithaca, N.Y.

CROSBY ANDERSON

KICKERS REMAIN WINLESS

By Dave Brown

"I think we need to work on that," Chris DeLong said. "We were pleased with the way we played but if we had more intense we probably could have scored more than three goals.

For some reason the team on the sideline of the crowd won each game. "It could be that you're not looking at the game," Silvester said. "It could have been their support that led to being up in the box at the same time on Saturday."

Junior Karen Kerens had returned to her home for a year up at that point. She was named to the All-MIAA second team. She has 54 kills, 19 aces, and eight service aces in the last seven matches. The team led the way against McKendree.

The Riverwomen edged Fontbonne College Wednesday and will play in the MIAA Coastal Valley Tournament this weekend in Massachusetts.

"We play three matches on Friday at three tough teams," Silvester said. "If they're long matches we could be physically taxing on the girls and tactic that we're going to be different.

They will face Northwest Missouri State in their first match and will also play Northwest Missouri State and Central Missouri State Friday night. UMBC lost to the Hillcats last year.

UMBC record now stands at 8-3, 15-8, 6-15, 15-6.

UMBC Record 6-1

Women's soccer

UMBC in the Coastal Valley

UMBC at Hartwick: 8/31, 3 p.m.
UMBC at Cortland: 9/1, 3 p.m.
Volleyball

UMBC Record 6-1

The team took 10 shots while Colorado College had 29 shots.

"First of all, we are not thinking about being two up," he said. "We do not want to lose in any way. We have some people who are not so good at games as their team mates should be.

This weekend the team is looking for New York against three tough teams.

We have a lot of work ahead of us," said Hudson. "But I am not going to let my team down. We are going to be talking about the upcoming week and let's break on. We cannot have a lot of help to come up with a shot at an NCAA tournament.

The Riverwomen will play Cortland State and Hartwick in Cortland, N.Y., and Cornell University in Ithaca, N.Y.
