CBHE Approves Degree

The Missouri Board of Higher Education has approved the establishment of a new master of human aging program in gerontology in the School of Medicine at the University of Missouri, St. Louis.

The program requires 45 credit hours of coursework and can be completed in three semesters, depending upon each student's previous experience.

The master of science degree in gerontology is an interdisciplinary program involving the schools of education, nursing, business, and psychology, as well as several departments in the College of Arts and Sciences.

Approval was based on the following criteria:

- The program meets the Board's guidelines for an interdisciplinary program for the elderly that includes training in gerontology.
- There will be a minimum of three hours in research methods, and the program must have an interdisciplinary faculty.

The program will be coordinated with a number of community service programs for the elderly that already exist on the UM-St. Louis campus, including the ElderCare Center. The active director of the ElderCare Center, Mary E. Corneilus, will coordinate the program, which is intended to produce professionals in the field of gerontology.

Disability Students Ask for Campus Awareness

by Linda Briggs

Pat Hall, don't say she couldn't have been physically impaired since the word "cerebral palsied" is, in her opinion, "putting a label on someone who makes someone sound like an idiot." And people, she says, should not "be saying things like 'I have cerebral palsiedness.'" Hall, a sophomore political science major at UM-St. Louis, has cerebral palsiedness.

"If you have had one seeing what might be a "cerebral palsied" person, then you wouldn't say anything," Hall said.

It is not only physically impaired since the word "cerebral palsiedness" is, in her opinion, "putting a label on someone who makes someone sound like an idiot." The University of Missouri is slowly being transformed from a public university to a government "university." The difference is not just in the name, but in the very foundation of the American democracy and in the concept of free speech and the guarantee of free speech that lies under the Constitution and its guarantee of free speech. This basic desire to be free from government tyranny was placed first because the Founding Fathers clearly understood that the government is forbidden to prevent a citizen from uttering any words, even those that offend others. Freedom of speech is therefore, is the keystone of the Constitution, not a mere appendage.

The differences are not insignificant. They include the idea that the government is forbidden to prevent a citizen from uttering any words, even those that offend others. Freedom of speech is therefore, the keystone of the Constitution, not a mere appendage.

The Founding Fathers were more than simply unconcerned about the potential for government censorship. They understood the potential for government censorship. They also knew that the Constitution would be interpreted and applied in various ways. They believed that the Founding Fathers clearly understood that the government is forbidden to prevent a citizen from uttering any words, even those that offend others. Freedom of speech is the phrase that the Constitution would be interpreted and applied in various ways. They believed that the Constitution would be interpreted and applied in various ways. They believed that the Constitution would be interpreted and applied in various ways. They believed that the Constitution would be interpreted and applied in various ways. CRIME...
Police Department offers these tips for use in an emergency:

- Obey your natural instincts. Your natural reaction is to run away and hide. Don't try to catch your attacker by surprise.
- Utilize a mugger. Hold your ground if you're not sure. If he's not a hero, don't be a hero. It's better to lose your money than your life.
- Obey the suspect's instructions, etc., so that you will be able to give all details to the police.

Your instincts are a group of people or an officer nearby, you many be able to run toward them.

Remember to keep calm even though it isn't easy, we don't all be a hero. It is money to the mugger; money is better to lose your money than your life.

Many Bills Affecting University

Several bills that have been voted in the 84th General Assembly may be of interest to the community. The following proposals were either initiated by the bill office or were referred to the president for presidential actions.

Program Establishment:

It would establish a program for certain private educational institutions. The proposal would allow investigatory development in educational field before funding from other sources. All research projects must be approved by Missouri.

Public Higher Education:

Public Higher Education would require a public hearing for all budget requests submitted to the Board of Curators for consideration. The public hearing would be held before a member of the Board of Curators present. All information received by the Board of Curators shall be available to the public.

Student Employment:

The proposal would provide for a minimum number of full-time jobs to be established in the proposed legislation.

Meeting Dates:

The following meetings are scheduled:

- April 6, 10:00-12:00 in Woods Hall
- April 7, 1:00 in J. C. Penney Lobby
- April 8, 10:00-12:00 in J. C. Penney Lobby

International Studies To Begin

The University of Missouri-St. Louis is offering an interdisciplinary Graduate Certificate for students in international relations. The remaining eight credits may be selected from a variety of core courses in eight different disciplines, including English, English Education, Arabic Language, and Political Science.

COURSES: A New graduate program in international relations is under development.

The program is designed to teach students to understand world politics, business, and culture.

**Softball Team Cooled By Injuries After Florida Trip**

diane Schueter

"Overdue has struck!" At least according to UMSL softball coach Lisa Studnicki. Studnicki was referring to the Riverwomen’s four-game winning streak before it was snapped last week after suffering three losses to teams ranked among the nation’s top 25.

Although the Riverwomen, who have played 13 of their 16 games on the road, are currently in a mini-slump with away with only wins over Barry University of Miami and Missouri State.

Riverwomen head to face Northwest Missouri State this weekend, before returning home to face Missouri-St. Louis and will be looking to break a five-game losing streak against the Rivermen.

"We need to get our winning streak going," Studnicki said. "We’re not going to go down without a fight."

Barry’s Stephanie Carroll threw a complete game, allowing four runs on six hits and recording 11 strikeouts.

"That’s the first time in perhaps 15 years that I’ve given up 11 K’s," Studnicki said. "We have three key players down this week."

UMSL assistant hitter Andrea Kosterberg and hitter/first baseman Kylee Hurlburt both missed Monday’s game against Barry due to injuries. The Riverwomen also will be without right fielder Tony Leasck and left fielder Joe Kuster.

Studnicki added four victories to the win total of first baseman and pitcher Brandi snow, who is hitting .440 with an earned run average of 1.38. She is currently third in the nation with a .440 batting average.

The last time UMSL lost four straight games, Studnicki Argonne coached the team.

"It’s been a very trying time, but now we have to look ahead to the last few games of the season," Studnicki said. "We have to win three of our next six, leaving the Riverwomen with a 16-15 record for the season."

The Riverwomen then faced off against Missouri State, ending their five-game winning streak and losing three of their last four.

"It was a tough one," Studnicki said. "We were out of sync offensively, but our defense was able to get us a couple of wins there." The Riverwomen scored nine runs in the first game of the doubleheader against the Bears, but were unable to contain Missouri State’s offensive attack and lost 2-0 in the second game.

The Riverwomen ended the season with a 27-22 record, finished third in the MIAA and qualified for the NCAA Division II Championships.

Glad to be back in St. Louis, Studnicki said she is looking forward to next year’s team.

"I’m excited about what the future holds," Studnicki said. "We have a lot of potential for next year and I’m looking forward to working with the younger players."
Throwing it up won't get it out of your system.

In the beginning, binging and purging seemed like an easy way to control your weight. Now, it's controlling your whole life. Because bulimia isn't a miracle diet. It's a dangerous disease.

A potentially fatal obsession that consumes your mind while it destroys your body.

And no matter how many times you tell yourself you can stop, that this time is the last time, the truth is you can't quit alone.

But there is a place where you're not alone.
The Eating Disorders Program.

Our medical staff and counselors have helped hundreds of women suffering from bulimia, so we know what you're going through. And we can help you end your physical and mental pain through a confidential, medically supervised inpatient program.

If you or someone you love has a problem with bulimia, anorexia or overeating, call the Eating Disorders Program.

Because throwing up all that food you're consuming won't help.

You need care and understanding to eliminate the helpless feeling that consuming you.

HORNEY: One of these difficult tasks includes keeping a grip on the coming changes that are taking place in the Chancellor's administrative staff.

Billy Sue: Another campus administrative change involves another Special Assistant to the Chancellor. Billie Sue Bobbels has her daily expenses included among all of the Chancellor's party arrangements. It has been removed. And that's a party theme will be held on the R.S. Admiral to honor all those you thought you'd be aide at a family affair for Davis.

Margueritaville: Campus Named To Honor Chancellor

A feasibility study is being conducted by the law firm Nasty, conducted by the famed Jazz Trumpet player Long Dennie will be named the Margueritaville Foundation. The Chancellor has been rumored that he will serve as the group's advisor. Bobbels has been rumored to spend thousands of dollars instituting the new name. It has been announced that the group will be renamed. In fact, the group announced that they have changed the name to "The Margueritaville Campus," which is the name of the campus mascot. The name change was made in order to avoid confusion with the University of Missouri's Margueritaville Department.

THE TUBE: It is rumored that Chancellor Davis might receive a telephonic message from the campus mascot. The group's musical debut will be held on the Margueritaville Stadium."

Students' Union: The new mascot will be called "The Margueritaville Stag." The Stag will be a symbol of the University and its spirit. The group plans to name the shanty "The Margueritaville," which will be the new name of the campus mascot. The name change was made in order to avoid confusion with the University of Missouri's Margueritaville Department.

SING: THE MARGUERITAVILLE is a symbol of the University and its spirit. The group plans to name the shanty "The Margueritaville," which will be the new name of the campus mascot. The name change was made in order to avoid confusion with the University of Missouri's Margueritaville Department.
