Welcoming Letters
Marguerite R. Barnett

August 8, 1988

To incoming students:

I share your excitement as this new school year begins. It is my pleasure to welcome you to the University of Missouri-St. Louis. My good wishes are with you as you pursue your educational goals.

There is a certain excitement of pace as new students and those who are continuing their education begin the fall semester. Full of ideas and new energy, our campus offers a wide variety of cultural and social activities that will not end your journey of the educational experience. I urge you to take advantage of these opportunities.

As students at the University of Missouri-St. Louis, you have the good fortune of attending an urban research university with a land-grant tradition. From their founding, land-grant institutions have provided access to higher education and have played significant roles in the nation's economic and cultural development. Through our nationally recognized "Partnerships For Progress" initiative, we are continuing that tradition in the St. Louis metropolitan region.

1988 has special meaning because this year we celebrate the 25th anniversary of the founding of the University of Missouri-St. Louis. During the last two and one-half decades, a superb faculty and staff have recruited, trained, and employed access to higher education and have also played significant roles in the nation's economic and cultural development. Through our nationally recognized "Partnerships For Progress" initiative, we are continuing that tradition in the St. Louis metropolitan region.

I hope to have the opportunity to greet each and every one of you in person.

Sincerely,

Marguerite R. Barnett
Chancellor

Vincent Schoemehl

UNIVERSITY OF MISSOURI-ST. LOUIS

Current Student Association

August 18, 1988

Dear Saint Louis Students:

On behalf of the UMSL Student Association, welcome to the campus. As president of the Student Body here at UMSL, I strongly encourage you to become involved in student government through direct elections to the Assembly or Senate, through membership and participation in honestly or bona fide committees, or through leadership and participation in the many officially recognized student groups on this campus.

The Student Association works towards full participation in university life, university affairs, and policy decisions in addition to encouraging students to take ownership and assume responsibilities for their own government. As Student Association president, I strongly encourage you to participate in every aspect of the Student Body.

On behalf of the Student Body, I wish you a happy and fulfilling year. We are pleased that you have enrolled at the University of Missouri-St. Louis. I hope you will have the opportunity to enjoy each and every one of you person.

Sincerely,

Vincent C. Schoemehl
President of the Student Government

Jerry Berhorst

University of Missouri
Saint Louis Students
Saint Louis, MO

To All New and Returning Students:

As Mayor of the City of Saint Louis, as well as an alumnus of UMSL, I share your excitement as this new school year begins. Full of ideas and new energy, our campus offers a wide variety of cultural and social activities that will not end your journey of the educational experience. I urge you to take advantage of these opportunities.

As students at the University of Missouri-St. Louis, you have the good fortune of attending an urban research university with a land-grant tradition. From their founding, land-grant institutions have provided access to higher education and have also played significant roles in the nation's economic and cultural development. Through our nationally recognized "Partnerships For Progress" initiative, we are continuing that tradition in the St. Louis metropolitan region.

I hope to have the opportunity to greet each and every one of you in person.

Sincerely,

Jerry Berhorst
Mayo
Advising:
will be
Most incoming students are Education or the School of Business who have expressed interest in the Education-Extension lineup of courses starting in September 1988.

The College of Arts and Sciences includes Theatre, Mass Communication, Mathematics, Classical Languages, English, and History. For example, each area in the College has associations with other areas that students can use to their advantage.

Applicants to the School of Business are offered a staff of professional academic advisors able to assist in course planning, administration, and academic counseling. The Office of Undergraduate Studies will provide a course sheet which breaks down the general informational areas and the communications area can obtain course sheets and advising forms that aid in completing the current requirements for the major.

Earn College Credit
through telecourses offered by St. Louis Community College on KETC-TV, Channel 9 and the Higher Education Cable Channel (HEC).

The annual First-Year Early Conference will mark its 30th anniversary and the Missouri-St. Louis Continuing Education and Extension Society announces the conference will be held Saturday, October 1, at McCluer High School, 500 Waterford Drive in Florissant. The Ferguson-Florissant School District and the Child Development Center of Telecourses will sponsor the conference.

Twentieth Annual Early Conference To Be Held In October

Ten keynotes will be featured during the conference, including experts from a wide range of topics which will run consecutive days. The participants will have the opportunity to network with other instructors from various school district offices and training institutions. To make sure that no-neighbors have workshops that relate to each other's topics, the conference can be attended by students in the School of Education, The College of Arts and Sciences, the School of Business Administration, and the School of Continuing Education-Biotechnology.

This year's program has been boosted by the first-time sponsorship of the Child Development Center, whose participation has made possible a portion of the workshops relating to developmental concerns and community resources.

The Crain Early Years Conference will begin with an address by Dr. Lillian Katz, Professor of Education at the University of Illinois. Illinois, an internationally known popular speaker, author and researcher. Dr. Katz is the editor of The Encyclopedia of Contemporary Early Childhood, and the vice-president of the National Association for the Education of Young Children.

The conference keynote speaker will be Patricia C. McKissack, a nationally known author of children's literature. A former children's book editor at Concordia University, Ms. McKissack was the recipient of the 1983 C.S. Lewis Award for Outstanding Children's Literature and was nominated for the prestigious Coretta Scott King Award for her work on the civil rights movement. She is also a regularly featured storyteller at the annual St. Louis Storytelling Festival. The address will be "Gathering the Flames: Straight with No-Frills Storytelling."

More information, or to register for the conference, call Clara Blackmon at 533-9991.

The Department of Communication offers a variety of Co-Curricular Student Activities including:

Debate / Forensics
Advisor: Tom Preston
Phone: 533-5855

KVMU Student Staff Advisor: Rainer Steinhoff
Phone: 533-5968

Theatre Advisor: Barbara Kachur
Phone: 533-5878

TV / Film Advisor: Gary Burns
Phone: 533-5879

These activities are open to both majors and minors. While a student may participate at any time, initiation meetings are held early in each semester. For a schedule and description of these activities, please contact the respective faculty members.

International Student Group To Hold Orientation

International Student Orientation will be presented five days beginning Monday, August 22 and continuing on Friday, August 26, 1988. All foreign students are required to attend the orientation. The orientation will begin Monday at 8:30 a.m. in room 326 of the J.C. Penney building and will end at 6:00 p.m. on Friday. Each day will provide different information as attendance every day during the week is imperative for success at the University of Missouri-St. Louis.

Foreign students must register for the orientation at room 326 Woods Hall. For more information, contact Marilyn Ditto, Administrator for Special Student Programs, at 593-5111.

Attention Evening Students Of UM-St. Louis

Early in the twentieth century Albert Einstein formulated his theory of relativity, which dealt with the relationships of energy and matter at a certain critical speed. Later that same century, Mary Creason, President of the Evening College Council, found Einstein's theory to have merit. And further, she found that it applied directly to persons attending UM-St. Louis as an evening student. That is, one should apply his or her energy to what matters to them. Join the Evening College Council and we shall discover what matters are relative to the evening student.

The Sexual Life of Savages
by Bronislaw Malinowski
A book review

Bronislaw Malinowski - leading Anthropologist of the past spent several years studying the culture of island peoples of the Southwestern Pacific. In the early 1900's, Pacific Island cultures had been touched little by European civilization. Their economy, religion, family organization, and - yes - their sexual attitudes and practices were much as they had been in prehistory.

Malinowski showed the Western academic establishment of man off with the simple title of his new book, The Sexual Life of Savages. In 1922 it was an outrageous title. Between the covers of this classic of Anthropology, the renowned social scientist openly explored the sexuality of this culture and illustrated that Anthropology really is The Science of Humankind, with everything human making up the proper study of Anthropology.

Contemporary Anthropology as taught at UM-St. Louis retains the full flavor and context of its exotic past, still teaching about Malinowski's islanders and a myriad of other cultures from ancient times to the present, because others - who seem so different until their common humanity is shown - are the best looking glass for really getting to know ourselves.

But Contemporary Anthropology is more. It is in the world of now. It is in the economic phenomena of Japan and the commercial awakening of China. In the exotic realms of the earth, past and present, past and future, the human being carves the timeless nature of the moment and the future.

The Sexual Life of Savages - well... take in Anthropology course. It will go well with your career.

For Details Stop By The Department of Anthropology Room 607 Tower or call 552-6822.
And this year I really mean it. So I’m buying myself an IBM® Personal System/2™ computer to help me do everything from organizing notes and revising papers to creating high-quality graphics, and more. And not only is this IBM PS/2 easy to learn and use, but if I’m eligible, I’ll save up to 40% with my discount.

Who knows, with this IBM PS/2, I may be so organized even my socks will match.

Mark your calendar to see the PS/2 at...

The IBM PS/2 Fair
September 19-20 (9:30am-4pm)
The JC Penney Bldg

IBM. The Bigger Picture
Steam, Wings Pick Up Reiter

by Tom Kovach

11he first edition of "Steam the Editor" is about to begin. In this issue, we present sports information director and former St. Louis Blues hockey player, Mike Scott, as he takes over as the new editor of the newspaper's sports section. The first edition of "Steam the Editor" is about to begin. In this issue, we present sports information director and former St. Louis Blues hockey player, Mike Scott, as he takes over as the new editor of the newspaper's sports section. Mike Scott will be named interim sports information director until a full-time successor is found.

ATLETIC HIGHLIGHTS: Kevin Brooks banks a shot during last year's NCAA DI Tournament against Southeast Missouri State. The cagers posted their best record ever last season. 22-9. Quincy College will be the Rivermen's first opponent in a season that will feature Division I powerhouse Kansas State, Mark Reiter, below, decided the way past many match-ups along the radar. Eight school record 17 goals and crafted the Nichols Wings and the new/old St. Louis Symptoms. The Rivermen posted a 17-4-1 record last year, winning six of their last 10. St. Louis MIAA title in seven years. Their quest for a second (this begins on Sept. 2) against Harris-Brown.

The first men’s home soccer match is Sept. 18, 1988. Intramurals Relieve Student, Faculty Stress

When at college, there are times at which you need to relieve stress. Some people turn up their stereo, some people scream, some drink beer, others just procrastinate. When all else fails, there is a place to work off this stress at the Mark Twain Building. The Mark Twain Building is home to four basketball courts, three racquetball courts, a weight room, a three-lane swimming pool with a break wall, and three racquetball courts. It is probably the last place a student with a valid ID will overrun. The best part about the Mark Twain Building is that any student with a valid ID can use the facility — for free.

SPORTS PHOTO HIGHLIGHTS: Rick Elting, left, contributed a 3-3 mark to last season's 24-21-1 baseball team. The Rivermen did set records for most hits (477), doubles (90), RBI's (302), and most strikeouts by a pitching staff (263). Above, Sharon Marlock sizes up a slap at the ball in a match last season. Marlock's team spiked and dinked enough volleyballs to finish with a 49-9 record last year. This year's season starts on Sept. 3 at Washington University. Kathy Rubach, at right, named to the 1987-88 2nd team All-MIAA, pulled enough rebounds to help the Riverwomen to a 12-15 record.

Associate History Professor Rowan
Elected To Advanced Study Institute

Rowan has been elected a member of the Institute for Advanced Study in Princeton, N.J., for the 1988-89 academic year. Rowan was recommended by the School of Historical Studies at Princeton.

Rowan will spend the academic year at Princeton conducting research for a book on jurists in 18th-century Europe. He is in extremis to the forefront of a lively and exciting period in the history of the Renaissance, an area of research he began during his years at the University of Pennsylvania.

UM-St. Louis Extension Offers Choral Course

UM-St. Louis Continuing Education-Extension is offering a non-credit course for individuals desiring to sing in a community church choir, membership in the UM-St. Louis Community Chorus is open to all interested individuals and may be of particular interest to those who were members of a high school choir or who have enjoyed singing in a church choir.

Members of the chorus will meet every Tuesday, 7:30-9 p.m., Aug. 30 to Dec. 5, at the UM-St. Louis campus, 6001 Natural Bridge Rd.

Choral techniques will be presented and explained through practical applications. Music of all kinds will be rehearsed.

For more information, contact the Extension office at 553-5681.

New Affirmative Action Director Hired

Rochelle Porter Steadham, a trial attorney at the Equal Employment Opportunity Commission in St. Louis, has been named the new director of the Affirmative Action Office at UM-St. Louis.

Steadham’s responsibilities will include formulating affirmative action policies, plans, procedures and guidelines. She also will prepare annual reports and audits for the campus, the University of Missouri system and for federal action policies, plans, procedures and guidelines.

Steadham has worked with various state agencies. In addition, she will work with academic units in the development of affirmative action programs.

Before joining the EEOC in April 1978, Steadham was a research attorney of the Federal Reserve Bank in St. Louis. She has also worked with several St. Louis law and research firms.

Steadham is a resident of St. Louis. She is a 1975 graduate of St. Louis Community College.

Society Seeks Members

Attention history majors or those who share an interest in history. Phi Alpha Theta also is looking for new members. Promotions a year ago, the local chapter of Phi Alpha Theta has been quite an active society, ranging from morning to a day long trip to the historical sites of Missouri, to a small meeting to provide information on current research.

Phi Alpha Theta also encourages its members to give presentations. Outings are planned, ranging from a day long trip through historical sites of Missouri, to a small meeting to provide information on current research.

If you are interested and would like additional information on joining Phi Alpha Theta, please contact the History department at 606-8277 or call them at 553-6680.

Current Editor Announces New 1988-89 Newspaper Staff

By Paul Thompson

As editor of the Current, I have spent the summer interviewing editors, reporters, business and production staff, and I look forward to an exciting year at UM-St. Louis.

We hope to create a dynamic newspaper, serving the interests and needs of this university through the 1988-'89 school year.

Last year I promised the staff for the coming year, I believe this group of individuals will produce a strong newspaper in a voice for student concerns.

Heading up our business and advertising department is Tim Wang, a graduate student in accounting. He will be responsible for advertising sales, as well as for the general business affairs of the Current.

Assisting Tim will be Paul Talal and Joanne Cassa, who together will serve as the primary liaison staff, sharing duties with the business director. Oscar Muska will continue to serve as an advertising intern.

Karen Peppers will also be in the position of managing editor, which includes working closely with the editorial policy. Karen will also serve as liaison between the business and news departments.

James Dobbs will head the news department. His critical position will be in retooling news sources, gathering information and assigning reporting to events.

Paula Amaro and Tony Laurent will again Dianna in the business department, which this year will also be responsible for the campus calendar of events. The newspaper will replace the "Annual Calendar.

Chris Duggan returns this year to work again as an editor of the business pages, where he will continue to entertain and inform the campus community.

Steve Ward has taken the helm in the sports department. He and his associate editor, Tom Kovach, will handle the "Sports" pages, bringing all the action to campus readers.

John Kliger (last year an associate newspaper editor) will be working with the development of special projects and long-range story assignments. As special projects editor, Kliger will help with the new "Issues" pages, as well as other sections.

Some News will continue this year as photography director, with the assistance of Scott Brandt, who has done much of the work in this area in the past few years. Other duties for Kliger this year will involve producing the "Flash Page," which will be handled by the "Sports" department. Kliger will be responsible for story assignments and help with page design.

Marvin Scher and Donna Kiel will be producing and copyediting material prior to publication.

Drama fagazine is serving as a template for establishing a student newspaper. Mary Ellen Mahaffey is handling classified advertising and selling advertising space.

Kari Quagliata, Francisco Palma, Michael McMahan, Barh Braun and Sasa Wladimirov will serve again as the features editor.

CURRENT STAFF:
From left to right are Nancy Klein, Kevin Kilena, Renio Rowse, Steve Ward, Tom Kovach, Paul Thompson, Paulina Sarnat, Saif Banak and Sasa Wladimirov.

We look forward to serving the community of this school year. But in order to do so, we need the help of students, staff and faculty.

We need story ideas, contributions and tips. Interesting, hard-hitting reports are in a difficult task. Call us at 553-5174 if you have seen that might merit coverage.

We also have room for anyone interested in getting hands-on assistance on a newspaper. Writers—experienced or not—are welcome, as are those interested in helping out with proofreading, production or advertising. All you need is the desire to learn. We supply the rest.

The Current History: From Birth To Maturity

Early Days—1965

The Current is the campus newspaper. It was founded in 1960 and is expected to be in print by student activism.

It is published to provide experience for students in newspaper production as well as to inform the campus community of current timely issues.

The newspaper was first printed in 1960 as a News Bureau. The second issue was published of the Missouri College Newspaper Association.

In the summer of 1967, the Current was adopted by UM and remains the title today.

The Current is now 29 issues this year with a weekly circulation of 1,500.

The newspaper offers members of the campus community an opportunity to voice their opinions through traditional media and extends free classified advertising opportunities. Faculty and students. Business, editorial and staff meetings are open to all interested students who would like to learn more about the newspaper.

The newspaper subscribes to national college news services and is a member of the Missouri College Newspaper Association.

The Current newspaper is intended to serve as a source of information for the campus community.

FEATURES:
Read Chris Duggan's update on the following features in every issue.

WHERE WE HIDE:
Our offices are in the Blue Metal Office Building on the north side of campus, beyond the parking lots.

New Deadlines Set

New deadlines have been established for The Current for the 1988-89 school year, in an effort to remove some of the inevitable instabilities of the staff and to prevent errors from creeping into the paper.

Letters for submission of news and advertising are as follows:

Letters to the editor, which are welcomed by the editorial staff, should be in no later than Monday in time prior to the publication date. The newspaper is printed every Thursday while classes are in session.

Letters must be submitted by 5 p.m. Monday prior to publication. All letters are subject to editing for style, space and space considerations. No letters can be released.

Letters may be rejected by the editor for any reason. All letters are subject to editing for style and space considerations. No letters can be released.

News copy and press releases submitted to the paper should be submitted no later than Monday in time prior to publication. All letters are subject to editing for style and space considerations. No letters can be released.

Calendar items should be submitted no later than Monday in time prior to publication. All letters are subject to editing for style and space considerations. No letters can be released.

Businesses wishing to place classified advertising can contact the business department at 553-5173 for rates.

Display ads must be submitted by 5 p.m. Mondays prior to publication. On campus and off-campus rates vary. Advertisers are required to space reservations in 40-word minimums.

by Christopher A. Duggan

By then, the time was up. The last session of the day was about to begin. We were gathered in the Newman House, a Jesuit-run student center at the University of Missouri-St. Louis. The name comes from John Henry Newman, a 19th-century Anglican convert to Roman Catholicism. He rejected the idea that his is a full-fledged Honors College.

The phone number for Newman House is 314-516-5044, which spells F-U-L-L. There are New- man House is not an idealist, Tom Wagner, the features editor at the University of Missouri-St. Louis.

In contrast, the idealist is the one who believes in the power of ideas, of discourse; a place for students to test thoughts and ideas and to explore them with a group of peers.

We are deeply grateful to the St. Louis community for its support and for the financial assistance to the Newman House program.

COUNSELORS: From left: Tom Wagner, Eileen Ponder and, standing, Lyons. Lyons is chaplain at the Newman House, the university's Catholic student center. Wagner is a graduate student at UM-St. Louis, and Ponder is a graduate student at Washington University in St. Louis, where she has been chaplain since 1987.

Chancellor Barnett’s Report To The Community: ‘Celebrate The Partnership’

On May 6 of this year, Chancellor Margarette Barnett made this speech – the Chancellor’s Report to the Community – at the Adam’s Mark Hotel in downtown St. Louis.

Today the university and St. Louis community are indeed celebrating the 25th anniversary of service to the local and national community.

This is also the time when the university reports to the community on the progress made since the 25th anniversary of the merger. Our campus is a community of scholars, and we are proud of the work we do.

Those early UM-St. Louis pioneers realized the extraordinary importance of education. St. Louis was prospering, but its citizens were not being educated. We now appreciate the foresight and courage of our university’s pioneers. They understood that education is the key to a better future.

Those two aspects of our mission are continuing to grow, and our campus is an integral part of St. Louis.

Partnerships for Progress are designed to lay a foundation for enhanced educational development in the St. Louis area and the state.

The first component of this partnership program seeks to expand the pool of college-going young people, especially those in math and science. One part of the effort in the Bridge Program began in September of 1990 with Beaumont and Vashon high schools in St. Louis, and has since been expanded to include four additional county and city high schools.

As part of the Bridge Program, UM-St. Louis offers high school students instructor enrollment through tutoring, mentoring, academic advising and advanced college credit courses. Special inclusions include foreign language, math, science, and history courses which are available to students in grades 9 through 12.

The second component of Partnerships for Progress addresses the state’s need for increased educational opportunities. These programs include career-oriented courses and opportunities. The third component of the program is designed to meet the needs of students in the fields of science and technology.

We are deeply grateful to the St. Louis community and its leaders, the businesses and industries, for their support and for their commitment to our university. We are especially grateful to those who have provided financial assistance to the Newman House program.

This has been a banner year for faculty research. One of the faculty members at our School of Pharmacy won the highest research grants in the campus’s 50-year history.

Student enrollment continues to grow. Our enrollment has increased six percent since 1990. Even more remarkable is the fact that students are meeting higher admission standards. Additionally, contrary to national trends, our minority enrollment has increased from 11.8 percent last year to 12.3 percent this year.

This has been a very good year for our athletic teams, with the men’s soccer and men’s basketball teams reaching the national semifinals.

Our growth can also be measured by the number of new students who are enrolled in our programs. We have seen an 18 percent increase in freshman enrollment this year.

This has been a very good year for our athletic teams, with the men’s soccer and men’s basketball teams reaching the national semifinals.

Our growth can also be measured by the number of new students who are enrolled in our programs. We have seen an 18 percent increase in freshman enrollment this year.

The extraordinary quality of the faculty, the excellent preparation of our students and our growing reputation for service in the St. Louis region are highly regarded.

Together, we are setting the example of excellence and creativity that we believe is necessary to improve our educational system.

Path to Success
A Campus History: From Country Club to University

The University of Missouri-St. Louis campus began as the playground for its affluent members. The campus, which the land was offered to the county, the membership of the club clubhouse during summer dances.

In April 1958, with difficulties in maintaining the enrollment and keeping up with the expansion of student population within their district. A front issue was presented to voters on September 15, 1958, and passed 324 to 134. The bond generated substantial interest, and on February 15, 1959, the school district acquired title to the property.

At the country club began with the idea that the faculty and provide a library; the university would need an instructional capability. The Tiger Cub newspaper, which empow.ered the student government, which empowered students to buy books at a reduced rate.

At enrollment increased to 1,156 (28.28%, 1960), students had attended the Tiger Cub newspaper, and formed circles and informal study groups.

The University of Missouri-St. Louis was also being sought as a branch of the University of Missouri-Kansas City, and its library was opened in 1960. The campus has come a long way since then. This year marks the 175th anniversary of the University of Missouri-St. Louis. We have a combined total of over 30,000 students in the city and south campuses, with the new science complex slated to be opened fall and the addition to the Theron Jefferson Library just beginning construction.

The infant university has come a long way since then. This year marks the 25th anniversary of the University of Missouri-St. Louis. We have a combined total of over 30,000 students, and graduate programs are available in most departments. The emerging university has purchased a number of additional blocks of land for higher education, with seeming unlimited room for growth.

Thinking About Going To Law School?

LSAT PREPARATION COURSE

Saturdays, September 3 - September 24
10 a.m. - Noon
Thursday, September 29th
6:00 p.m. - 9:00 p.m.
University of Missouri-St. Louis J.C. Penney Building

This five-week course is designed to help prepare students for the Law School Admission Test. Fee for the course is $85 (includes text book, library card, course materials and parking).

For information, or to register, call UM-St. Louis Continuing Education - Extension at 853-5911.

Are you trying to juggle school with a hectic job schedule?

Do you need a class that's not offered on campus this semester?

We may be able to help. The Center for Independent Study offers more than 100 University of Missouri courses in subject areas ranging from accounting to women's studies. You can enroll anytime of the year and take up to nine months to complete a course.

CLASSIC NOTES on THE SYMPHONY'S 1988-89 SEASON

FOR STUDENTS ONLY

Find out how to save 50% on season tickets, win a free trip to New York City and enjoy the classics! Call (314) 533-2500 today or see Symposium representatives on campus.
**You are reaching for the future. The future is chemistry.**

A degree in Chemistry is your ticket to the future...to an age of unparalleled advances in science and technology...to the 21st Century. Invest in your future, invest in yourself, choose Chemistry.

Our Chemistry majors succeed in securing rewarding and challenging careers, especially in the health and aerospace industries. At Monsanto, Merck & Co., and various agencies in the government. So choose from UM-St. Louis and then from other single institutions.

In gaining admission to medical, dental, law and other professional schools. Our current rates in placing graduates in professional schools is superior to that of most other institutions. More than 100 UM-St. Louis Chemistry graduates have received the Ph.D., M.D., or M.D. advanced degrees.

Choose from various programs to suit your needs. We offer both the B.S. and B.A. degrees in Chemistry or the B.A. Degree in Chemistry with Teacher Certification or with Business Options. We also offer the M.S. and Ph.D. degrees.

The Chemistry Department's facilities and faculty are first rate. Three years ago we were selected by the University as an "innovation" program - the first program on campus to design and build a computer workstation from UM-St. Louis. Our Department is growing fast! The new Science Complex (see photo above) houses expanded classrooms, laboratory and research facilities. Also, our computer chemistry facilities are second-to-none.

So reach for the future! Choose an exciting and challenging career in science and chemistry. Choose Chemistry! For details, stop by 324 Benton Hall and ask to see the Chairperson of the Department.

Remember, your future depends on what you choose now!
CHANCELLOR

The past 25 years have been special for UM-St. Louis. But we must now take stock and consider the future. In the words of Shakespeare:

"There is a tide in the affairs of men. Which, taken at the flood, leads on to fortune; Omitted, all the voyage of their life Is bound in shallows and in miseries. We must take the current when it serves. Or lose our ventures."

There are many reasons to be optimistic about the future of the University of Missouri-St. Louis. First is faculty quality. The founding chancellor and several and college deans oriented our faculty well, recruiting the best and brightest young scholars from leading institutions across the country. Most of those faculty stayed, and now they provide the core of talent at UM-St. Louis.

A second reason for optimism is our campus’ focused strategy for development. Resources at UM-St. Louis are carefully concentrated in a limited number of high-quality programs. As a developing research university, we are careful to add only those new academic areas which build on our existing strengths.

A third and extremely important reason for optimism about the institutional future is our location in St. Louis. Twenty-five thousand of our 30,000 alumni have settled in St. Louis and are adding to the productivity of this region. We are the home of a public university and a major contributor to the economic, cultural and political leadership for the community. Our beach is created by the vitality of the region, and similarly, the region’s continued renaissance is a matter of great importance to UM-St. Louis.

Not only is St. Louis an energetic community, but it has an unusually effective civic, economic, cultural and political leadership structure. This is also a community which demands the very best: the best symphony, cultural institutions of national stature and, I hasten to add, a winning baseball team. We reflect that spirit. We want UM-St. Louis to be among the best urban public research universities in the nation and to embody the quality measured by that proud St. Louis community.

We begin today to celebrate the future as we create the partnerships which will make a successful future possible. And history tells a story about a turtle that is sitting on a post on feet off the ground. He says that the only thing we hope for now is that that turtle did not get there by itself. Similarly, whenever look at the especially few years we have had and at our relatively short history of development, we recognize we did not get here by accident.

Our current and former curators, legislators, governors, chancellor’s council, our system president, past chancellors, past presidents and former members of the UM-St. Louis campus family, key Civic Progress companies, other businesses in the St. Louis area and the St. Louis community at large — its dealers and its people — have all helped the faculty, staff, students, alumni and friends of UM-St. Louis to build the institution and thought could not be done. We are grateful for that continuing support.

I would like to close with an excerpt from one of my favorite poems, called "The University" by John Masefield. Masefield writes:

"There are few earthly things more splendid than a University. It is a place where those who hate ignorance may strive to know, Where those who perceive truth may strive to make others see; Where scholars and farmers alike, Roused together in the search for knowledge, Will honor thought in all its finer ways, Will welcome thinkers in distress or in exile; Will overcome the dignity of thought and learning, Will uphold ever the dignity of thought and learning, Will exact standards in these things."

There are few earthly things more splendid than a University, wherever a University stands, it stands and shines; wherever a University stands, it stands and shines; wherever a University stands, it stands and shines. We must take the current when it serves; or lose our ventures."

"The University" by John Masefield. Masefield writes:

"There are few earthly things more splendid than a University. It is a place where those who hate ignorance may strive to know, Where those who perceive truth may strive to make others see; Where scholars and farmers alike, Roused together in the search for knowledge, Will honor thought in all its finer ways, Will welcome thinkers in distress or in exile; Will overcome the dignity of thought and learning, Will uphold ever the dignity of thought and learning, Will exact standards in these things."

There are few earthly things more splendid than a University, wherever a University stands, it stands and shines; wherever a University stands, it stands and shines; wherever a University stands, it stands and shines. We must take the current when it serves; or lose our ventures."

Now that a new school year is under way, we have an idea that’ll make both you and your parents feel a bit more confident come finals time:

Get a Macintosh® computer to help with your homework.

Then you’ll never have to spend another all-nighter retying a paper just to purge a few typos and dangling modifiers. You’ll be able to crank out assignments that look as though you bribed a friend in art school. And with an amazing new program called HyperCard®—which just happens to come packaged with every Macintosh—y
SUMMER SCENES: The Chancellor's Picnic, held last month, provided students, staff and faculty with a chance to have some fun in the sun.

notes to your heart's content.
And if that isn't enough reason to look at a Macintosh today, here's another:... Right now, you have three chances to win one of Sony's Discman™ CD players—including the exciting Sony Pocket Discman, which also plays the new 3-inch CDs. And even if you miss out on the CD player, you may still win one of 15 Apple T-shirts. No strings attached—just fill out a registration form at the location listed below. So come in and get your hands on a Macintosh. If not for yourself, do it for your folks.

The power to be your best.

Organizations And Groups On Campus Arc Abundant

University life is a sociability-involved situation: a campus or student organization which enables you to meet others with similar interests.

To contact any of the recognized student groups indicated below, write a note in the organization's mailbox, located in the second floor of the University Center. Include your name, address, and phone number. Message forms can be found on the bulletin board opposite the box. Or, you may contact the Office of Student Activities at 553-1034.

For your convenience, these organizations have been grouped into the following categories: curriculum oriented, arts, Greek letter (fraternities and sororities), political, religious, and special interest.

Curriculum Oriented
- The Accounting Club provides an exposure to various career opportunities in the field of accounting as well as an opportunity for students and accounting faculty to become better acquainted.
- Fast Pitch has included speakers from accounting firms and specialists, and an end-of-the-year banquet.
- Beta Alpha Psi is a fraternity that specializes in business aspects of accounting as well as an opportunity for students to become better acquainted.
- The Marketing Club brings in monthly speakers to discuss marketing principles in an effort to provide a bridge between marketing theory and practice.
- The Mathematics Club offers students a chance to meet other interested students and faculty interested in mathematics as well as insights into the various opportunities in the field of mathematics.
- The National Optometric Student Association provides service and education to the general public. The association sponsors speakers, social events, screenings, study guides, convention travel, and national participation in such groups as the Optometric Extension Program.
- The Psychology Organization gives students a chance to interact with faculty, administrative staff, and psychology students in activities which include programs, workshops, speakers, and socials.
- Rho Nu promotes professional, social, and legislative activities of student nurses. The club sponsors speaker ' meetings, seminars, and formal dinners.
- Recruitment for qualified students, faculty, and staff.

Or Leave Your Name and Number For Call Back
**ORGANIZATIONS**

All registered nurses are eligible for membership in the Missouri State Nurses Association. The Association sponsors leadership training, research efforts, guest speakers, and social events. A yearly event is the annual legislative conference, which provides opportunities for nurses to interact with legislators and to participate in the legislative process.

- **UM-St. Louis Student Nurses Association** sponsors seminars, workshops, and social events throughout the year. The Association also provides opportunities for nurses to participate in the legislative process.

**EVENTS**

Events have included workshops, social events, and opportunities for nurses to interact with legislators. The Association also provides opportunities for nurses to participate in the legislative process.

- **Student National Forensics and Debate Club** sponsors workshops, social events, and opportunities for nurses to interact with legislators. The Association also provides opportunities for nurses to participate in the legislative process.

**SPECIAL INTEREST GROUPS**

- **Big Mountain Support Group** is dedicated to supporting the needs of children, youth, and families affected by natural disasters and other emergencies. The group meets regularly to discuss and plan activities to support affected families and communities.

**THE UNIVERSITY**

The University of Missouri-St. Louis is a public research university located in St. Louis, Missouri. The University offers a wide range of undergraduate and graduate programs in a variety of fields, including business, education, health sciences, and the arts.

**THE CAMPUS**

The campus is located in the heart of St. Louis, providing easy access to a variety of cultural and recreational activities. The University has a strong commitment to community involvement and is actively engaged in partnerships with local organizations and businesses.

**FOR MORE INFORMATION**

Contact the Student Nurses Association at 553-5370 for registration materials. See MANUSCRIPTS, page 23.
Continuing Education  
Offering Jazz Musician Class  

UM-St. Louis Continuing Education offers a course designed for aspiring jazz musicians who desire to join an ensemble.

Community Jazz Band is a non-credit course that provides participants with the opportunity to rehearse and perform in a contemporary big-band setting.

Members of the band will meet Mondays, Thursdays, and Fridays, from 4 to 6 p.m. at the University Center, St. Louis University Center.  

For more information, call 553-5186 or come to SSb 409A.

Mathematics Lab 425 SSB  

Hours: Monday - Thursday  
8 a.m. - 9 p.m.  
Friday  
8 a.m. - 3 p.m.  
Saturday  
10 a.m. - 2 p.m.

Supplemental Instruction  

Group tutorial instruction linked to sections of regular UM-St. Louis classes. SI sections are shown in the course schedule with a star. Free of charge.

Special Services Program  

The Program provides supportive services focusing on the first two years of college.

A federally funded program provides support services in academic advising, personal counseling, and career development, tutoring, and financial aid. To find out if you qualify for these free services, call 553-5186 or come to 501 Tower.
**GROUPS**

- **Religious Organizations**
  - **Capitol Student Unions** provide opportunities for the Christian growth and ministry to others. Activities include weekly Bible studies, monthly concerts, various activities and camping trips for families and children.
  - **Wesley Foundation** of Christian Church for weekly Bible study, going abroad trips, camping trips for a week in the University Center, and other activities. In addition, the group sponsors Christian concerts and occasional films.

- **Horizons** is the place for you if answered yes to any of these questions. Interested minors should contact each fraternity directly for more information.

- **Wesley Foundation** sponsors Bible fellowship events, worship experiences and service projects. The newsletter "Gateway Conference" is sent free to interested persons. Contact Roger Sharp at 285-3300.

- **Activities** have included participation in the March of Dimes Pledge Drive, Kappa Kappa Gamma, Natural Bridge Road, and the Beta Kappa Alpha. The 1988 conference is open for business.

- **Horizons** is the place for you if answered yes to any of these questions. Interested minors should contact each fraternity directly for more information.

- **Alpha Xi Delta** was the first national sorority on campus in 1869. The Pitts sponsor a pumpkin sillyensing contest each Thanksgiving with benefits going to the St. Jude's Orphanage in Normandy and, if interested, an interested person should contact each fraternity directly for more information.

- **Delta Zeta** was founded nationally in 1897. Colors are old rose and green. The banana is the Roman lamp; the flower is the Rose Lily and the mascot is the turtle.

- **Zeta Tau Alpha**, or Zetas, were founded nationally in 1896. Colors are steel gray and turquoise blue. The badge is a shield of black with a gold medallion superimposed on a shield of gold, a flower is the white violet and the mascot is the knight.

- **Sigma Pi** was the first men's national fraternity, on campus, founded in 1848. In the past, Sigma Pi held the Green Week championships for fourteen years in a row.

- **Sigma Tau Gamma** was founded in 1932. Scholastic achievement, sports and community service are the primary goals of this national fraternity. In addition, the group sponsors Christian concerts and occasional films.

- **Beta Kappa Alpha** is the place for you if answered yes to any of these questions. Interested minors should contact each fraternity directly for more information.

BELIEVE IT OR NOT, THIS GUY IS IN CLASS.

Excitement and adventure is the course description, and Army ROTC is the name. It's the one college elective that builds your self-confidence, develops your leadership potential and helps you take on the challenges of command.

There's no obligation until your junior year, and that means there's no reason not to try it out right now.

ARMY ROTC

THE SMARTEST COLLEGE COURSE YOU CAN TAKE.
