University Senate Approves Sexual Grievance Policy Changes

by Cathy Kiey

associate news editor

The U-M St. Louis Senate has taken an important step toward implementing a new university sexual grievance policy. At their November 2 meeting, the Senate unanimously passed a resolution that would add AIDS victims and sexual preference as categories for complaints in the Discrimination Grievance Procedure. Under the resolution, which is subject to revision and requires final approval from the Board of Curators, the new policy would most likely be approved by the Board of Curators.

The current policy, which has consistently frustrated U-M St. Louis students who try to file grievances of discrimination or harassment on sexual preference, is in 388.0 Discrimination Grievance Procedure. 

One of the measures that the American Cancer Society (ACS) has taken to raise awareness of cancer is to distribute bumper stickers. Several students have been seen wearing these stickers on their cars. Although the stickers are small, they serve as a reminder of the importance of cancer awareness and prevention.

A recent survey conducted by the ACS found that most students were unaware of the risks associated with cancer and were not likely to take steps to reduce their risk. The survey also found that many students were not using sunscreen regularly, which can increase their risk of developing skin cancer.

The ACS recommends that students take steps to reduce their risk of cancer by maintaining a healthy lifestyle, such as eating a balanced diet, exercising regularly, and avoiding tobacco. They also suggest that students get regular checkups and screenings for cancer, which can detect the disease early and increase their chances of successful treatment.

The ACS encourages students to take an active role in cancer awareness and prevention by spreading information about the disease and the importance of taking steps to reduce their risk. They also encourage students to support cancer research and to get involved with local cancer organizations.
Join the MBA Network

Come to Destination MBA, A seminar for Black and Hispanic college students and graduates.

The free seminar gives prospective MBA students an introduction to the programs and admission requirements of various MBA programs. You will meet current MBA students and faculty. You will learn about job opportunities and salary projections. And you will hear and discuss MBA success stories.

The A.B. Freeman School MBA Seminar will be held:
December 7, 1 to 5 p.m., 1070 Joseph B. Whitehead Building
St. Louis, MO

 Experienced Secretary with excellent skills seeks to do your type of work. Experienced in everything from manuscript to letters and resumes. Fast service--reasonable rates--can pick up and deliver at UMSL. Call Jeanis at 426-5687.

We Hear No Evil, See No Evil, Speak No Evil...

Just Report It.

We need writers, production assistants, photographers and business staff. Call:
Paul Kevin or Steve at 533-5174 for more information.

Paid Positions Available.

FRIDAY, DECEMBER 2

• Dance Brazil: Brazilian folk rituals performed as part of the International Dance Series as presented by Dance St. Louis and presented as part of the "Moveable Feast" at the J.C. Penney Building at 8 p.m. For more information call 303-5033. There will also be performances on Saturday and Sunday.

MONDAY, DECEMBER 5

• Chancellor's Humanities Lecture Series: "Goodness and the Force of 'No"'. British philosopher Bernard Williams will speak Monday at 2 p.m. in room 131 of the Social Sciences and Business Building. For more information call 303-5033.

• Chemistry Series: "Synthesis and Characterization of Bionic Conductors". Professor Marusik of U.S. St. Louis will speak at 4 p.m. in room 239 Denton Hall. Coffee will be served at 3:30 p.m. For more information call 303-5311.

TUESDAY, DECEMBER 6

• Chancellor's Humanities Lecture Series: British philosopher Bernard Williams will speak on "The Place of Deity in Public Life" at 7 p.m. in room 106 of the Social Sciences and Business Building. For more information call 303-5273.

WEDNESDAY, DECEMBER 7

• Booksigning Reception: The Center for Metropolitan Studies will sponsor a booksigning reception for Vera John in celebration of the publication of "Speak No Evil." Jean John is at 426-5687.

THURSDAY, DECEMBER 8

Wilson Named to Law Center

Margaret Ruth Wilson, an attorney and campus leader for four decades and former chairperson of the NAACP National Board of Directors, has been appointed distinguished resident at the University of Missouri-St. Louis. The appointment will be effective in the fall.

Wilson will chair the advisory committee to the Bush Law Center and will organize an event in the center of the country so we can contribute to.

Student Drinking Worsens

(CPS - Student drinking problems management, despite strong new alcohol misuse adaptive new campuses, college student affairs administrators from around the country say. About 35 percent of the students have hite or drinking.

Bugg Lake Money Raised

The Student Government Association, the Biology Club and all the student groups who participated in Student Dollar Days last month wish to extend their thanks to all who donated money to help restore Bugg Lake. The money raised will help purchase wildlife for Bugg Lake, which is being restored. The lake was partially drained during the past two years that he has taught the course. Martin said. "I was surprised and very pleased," Kerker said. "I like math and science," she said. "I haven't decided on a major, but I will probably go in the direction of math or sciences."

Out of Granger's 5,180 exams there have been 2,359,600 essays for the students to decipher in the 12 years that he has taught the course. Over 2,100 students have taken Granger's course, which he only teaches in the fall semester.

Kerker credits Granger with part of her success. "I think he's the best instructor I've ever had," she said. "It's also the most interesting class I've ever taken."

Kerker was awarded a frog and a laptop along with her plaque. She dedicated Granger's teaching rating rules although she changed three of her answers. She made the right decision and once again proved that there is an exception in every rule. "In order to answer all those questionnaire she must be thinking like the list," Granger said. "We don't like to pressure anyone into a particular major, but she would have a good source with something in the sciences," Granger said. "Although we did test the health majors from time to time.

Mixed Reviews: ‘High Spirits’ Is Full Of High And Lows

by Christopher A. Duggan
features editor

The story, at first, is unlike anything you have ever seen before. The characters are all animated, and the setting moves slowly and deeply down at the castle for a paranormal party. During the daytime, you would not be able to see the castle, tryin g to figure out why Jack has never married. He always gets another chance, but in the end of the day by my feet.

The hitch here is that as far as I am concerned, the story is a failure. Eileen had gone by without me, because when the story was written, there were few places where people could have had any knowledge about the supernatural at all. This is the firsltime he has directed a feature.

This is the first time he has directed a feature. "I've always liked Mikes after it, and this is one of my favorites."

The play, "Theatre of the Mind" at Friday and Saturday at 8 p.m., and Sunday at 2 p.m. is about the recent history of Alaska in the present day. The story is about a young man who has just been released from prison after serving time for his mother's murder. He is trying to stay on track with his life, but it's not for his family.

The text is written in verse.

The story is not about the supernatural at all. It's about a young man who has just been released from prison after serving time for his mother's murder. He is trying to stay on track with his life, but it's not for his family.

Bogart Takes To The Stage And All Ya Gotta Do Kid Is Whistle

by Christopher A. Duggan
features editor

"Bogart is a simple, I never met one that didn't have a story."

Bogart has appeared in many films, including "Pulp Fiction," "Casablanca," and "The Big Sleep." He has always been a favorite of mine, but I never knew what I was doing. The story is about a young man who has just been released from prison after serving time for his mother's murder. He is trying to stay on track with his life, but it's not for his family.

The text is written in verse.
The Current's Annual Pop Quiz

It has become a tradition here at the Current to spring a pop quiz on the UMSL campus population in the fall, right before the end of every semester, or whenever Thompson (editor) and Kevin Benner (editor) feel like it. This year, the quiz was administered by Brad R. Longfellow.

We've reformed the correction system.

Princess of old-fashioned correction systems, freedom is here.

Smith Corona's Correcting Cassette means an end to twists, tangles and fumbles. It's an easy-to-load, drop-in correction tape you can insert in mere seconds. There are no spools to unwind. No complicated threading. No more marring your breath. It's that simple.

What's just as simple is our Right Ribbon System. It simply prevents you from using the wrong combination of ribbon and correcting cassette.

You'll find our Correcting Cassette and Right Ribbon System on the Smith Corona SL 600 typewriter.

You'll also find lots of other great features on the SL 600 - like the Spell-Rite® 50,000 word electronic dictionary, full line correction, WordEraser® and more.

You might expect a typewriter so sophisticated to cost a bundle, but the SL 600 is surprisingly affordable. All of which makes it one of the best values you can find today. Case closed.

ANSWERS

1. D. While Michael Dulak's dislike for the presidential elections, it could be argued that he was not the only one. (Paul Thompson has nothing to do with this question.)

2. The famous Robert that sang at last year's graduation. As reported by Paulie Annos, Robert McFerrin, famed baritone, and Paulie enjoyed meeting Mr. McFerrin, but never would say that she would have rather interviewed Redford or Wagner.

3. The unusual occurrence that took place at this year's Sigma Pi only tug contest was that one of those standing, a party crasher, got tangled up in the individual's a rope. There were no instances. As for the other choices, I can't tell you who won.

4. Well, you can't go wrong on this question. Mark Twain is one of those things.

5. The answer here is A, C and D. If John King won in this election that liberals get no respect, John is one right liberal and the latter is given.

6. The last University Players production was entitled "First Night." The other choices are respectively part of the title of a movie starring Bob Hope, the name of a really stupid film, and an ad campaign for beer.

7. Oxford stands for Oxford Committee for Family Relief. Not all are names work perfectly. The other choices were products of the brittle imagination of the quiz committee.

8. The "SL 600" is a Smith Corona Correcting Cassette whose picture appeared most recently in the sports section. The diner was a type of food, the picture appeared several times, mostly in the same pose, appearing the last while two Wash U players look up to block it.

9. The answer to this one is simple. It's E. Dickinso. Regardless of the other choices, if you don't know what the rest is, it's always Dickinsen. The other choices mean nothing, except for the fact one listing the answer in the question of life, the university and everything.

10. The Russian debate team's point was that the press should act as monitors, as it did in the front page scandal some time back. The other answers, with exceptions to the one about Gorbachev's beard, have been points made by other Russians in the past.

Swimming Team Snaps Dry Spell

by L.T. Summers

The Baldwin swimming team, in the first meet of the season, swept all the events against the Rivermen Monday night. The big upset in the meet was on the 400 yard freestyle relay, which was won by the Baldwin team in a blistering 3:45.

The meet was held in the Baldwin gym in a packed-out house. The team came to the meet with three new coaches. Coach John Stewart, who took over the program this season, was there to show his new team what he had in mind for them.

Stewart came on board this season after Coach Bryan Reynolds resigned. Reynolds had been the swimming coach for the last five years, and the team had been a force to reckon with in the state.

The meet was a huge success for the team, and the coaches couldn't have been more pleased with the way the team performed. They knew that it was only the start of the season, but they were already seeing great potential in the team.

The next meet for the team will be against the rival Oak Woods in a few weeks. The team is already looking forward to that match and is working hard to keep their momentum going.

Rivermen Lose Season Opener, Win Next Game By 43 Points

by Terence Small

As the books of every game plan last year, the Rivermen knew that they needed to improve their play if they wanted to go far this year. They knew that they had to show everyone that they were a force to be reckoned with.

In their first game of the season, the Rivermen knew that they had to be prepared to play at their best. They had to show everyone that they were not a team to be underestimated.

The game was against the rival Rivermen, who were expected to be a tough match. The Rivermen knew that they had to play their best if they wanted to come out on top.

The game was exciting and close, but in the end, the Rivermen came out on top with a win by 43 points. The team was excited to have won their first game of the season.

The next game for the team will be against the rival Oak Woods in a few weeks. The team is already looking forward to that match and is working hard to prepare for it.

Oakland Knocks Out Men From Playoffs

by Tom Kovach

After a long season, the Oakland men's basketball team has finally made it to the playoffs. The team has been working hard all season to get to this point, and they are ready to show the world what they're made of.

The team has been working hard to prepare for the playoffs. They have been practicing every day to make sure that they are in the best shape possible.

The team is excited to be playing in the playoffs. They know that it will be a tough match, but they are ready to take on the challenge.

The first game of the playoffs will be against the rival Oak Woods. The team is already looking forward to that match and is working hard to prepare for it.

Swing With Aerobics

by Lee Conrad

Despite the cold weather, the Oak Woods men's basketball team is still working hard to prepare for the playoffs. They have been practicing every day to make sure that they are in the best shape possible.

The team is excited to be playing in the playoffs. They know that it will be a tough match, but they are ready to take on the challenge.

The first game of the playoffs will be against the rival Oak Woods. The team is already looking forward to that match and is working hard to prepare for it.

Finals And Holidays

For students, the month of December signifies two things: the advent of final exams and the arrival of the holiday season. Both can bring stress.

Finals mark the end of the semester, where the culmination of all that work that sometimes seems so futile. But they can also bring a sense of release, of freedom from the daily grind of classes.

The holiday season - with the harried quest for Christmas presents, the gatherings with friends and families, the madness of shopping centers, the last minute travel arrangements - can drive the point of enjoying the holidays?

For students, the month of December signifies two things: the advent of final exams and the arrival of the holiday season. Both can bring stress.

It's too easy to be too busy in this season, stressing ourselves intellectually. Considered not as the fight to the end but as a time to step back and stretch ourselves to their fullest potential, of expanding their horizons, growing as people.

Vincent Schoemehl

Calls For Greater Education Funds

by Vincent C. Schoemehl, Jr.

The University of Missouri and its president, Peter Magrath, have been on the defensive recently. They have expressed dismay with evaluations that have failed to keep pace with public expectations in other states, concern that we have been falling behind in new technologies and technical skills, and concern that they remain only half of what they are now. Instead, they are now about half of what they are now.

In the 1990's, we can build a community in the national ranking which should both embarrass and scare students for a challenging future when we are close to fifth in per pupil spending for higher education. Missouri spends barely half of the average for other Big 8 and Big Ten universities.

The time has come to focus on what we are doing to ourselves, our communities, and our state by forking the University of Missouri to function with new energy and commitment. We owe it to our parents, to our children, to the university and our other public colleges and universities literally to save our homes as a state and not our own interests at our expense to build a better future for ourselves and our children.

In education, we stand as a people and as a state are not now meeting the needs of all citizens. We are falling behind in the national rankings which should both embarrass and scare students for a challenging future when we are close to fifth in per pupil spending for higher education. Missouri spends barely half of the average for other Big 8 and Big Ten universities.

We need to reflect on what it truly means to be a university and our other public colleges and universities.

Freedom is not that we cannot afford to do better. This dismal record is compiled from my experience both as a faculty member and as a student. We must face the fact that we are now not meeting the needs of all citizens. We are failing behind in the national rankings which should both embarrass and scare students for a challenging future when we are close to fifth in per pupil spending for higher education. Missouri spends barely half of the average for other Big 8 and Big Ten universities.

We need to reflect on what it truly means to be a university and our other public colleges and universities.

Missouri spends barely half of the average for other Big 8 and Big Ten universities.

We need to reflect on what it truly means to be a university and our other public colleges and universities.

Freedom is not that we cannot afford to do better. This dismal record is compiled from my experience both as a faculty member and as a student. We must face the fact that we are now not meeting the needs of all citizens. We are failing behind in the national rankings which should both embarrass and scare students for a challenging future when we are close to fifth in per pupil spending for higher education. Missouri spends barely half of the average for other Big 8 and Big Ten universities.

You don't need your parents' money
to buy a Macintosh.

Just their signature.

It's never been difficult for students to convince their parents of the need for a Macintosh computer at school.

But persauding them to write the check, however, is another thing altogether.

Which is why Apple created the Student Loan-to-Own Program. An ingenious loan program that makes buying a Macintosh as easy as using one.

Simply pick up an application at the location listed below, or call 900-SAY-Loan. All your parents need to do is fill it out, sign it, and send it. If they qualify, they'll receive a check for you in just a few weeks.

There's no collateral. No need to prove financial hardship. No application fee.

Best of all, the loan payments can be spread over as many as 10 years.

Which gives you and your parents plenty of time to decide just who pays for it all.

Introducing Apple's Student Loan-to-Own Program

YOUR UNCLE WANTS TO PAY FOR COLLEGE.
BUT ONLY IF YOU'RE GOOD ENOUGH.

ARMY ROTC
THE SMARTEST COLLEGE COURSE YOU CAN TAKE.

ARMY ROTC offers qualified students two-year and three-year scholarships that pay for tuition and required educational fees and provide an allowance for textbooks and supplies.

You'll also receive up to a $3000 grant each school year the scholarship is in effect. So find out today if you qualify.
