Small Vetoes SGA Election Restructuring Plan

by Kirk Dickinson

In the latest of an ongoing dispute over how to conduct upcoming Student Government Association (SGA) elections, SGA President Trenni Dahlander has proposed a plan that would require students running for SGA offices to file nomination papers with the faculty to have "electoral legitimacy in the eyes and ears of the student body." This comes after months of debate in SGA Assembly meetings, up to which point the proposal was proposed at a previous meeting and then killed in a vote to table it, 19-0. The proposal was then adopted by Ms. Dorothy L. McLean, who is the faculty advisor for SGA.

The proposal was also supported by the Assembly's Student Rights Committee, stating that many members of the Assembly have received complaints that students who are running for the SGA have been misleading students as to their candidacy, citing lack of respect, security, and time, as well as the difficulty in confirming that each student has received a ballot.

In further clarifying the whole idea, the members are asking questions about how they would actually go about creating an electoral legitimacy requirement to make sure that the election is fair and that students who are running for SGA offices are actually running and have the support of the student body.

ATTENTION PRE-MED AND SCIENCE MAJORS!

St. John's Mercy Medical Center's Respiratory Care Program is offering students with a 2.5 GPA or better a health care opportunity with a future in Respiratory Care!

We work with critically ill patients in all areas of the hospital including surgical, pediatrics, and intensive care units, the emergency department, and general patient care areas. Respiratory Care Practitioners work with physicians in patient care, clinical research, pulmonary rehabilitation, contact research, and perform diagnostic testing.

Class and clinical training are offered in St. John's Mercy Medical Center in west St. Louis County where the program began in 1982. Graduates, upon completing the two-year program, are Bachelor of Science in Health Science Degree from the University of Missouri-Columbia.

For more information about the Respiratory Care profession and to obtain an admissions packet to the St. John's Mercy program, please call Paul Reading, program director, at (314) 584-3130.

Hey You!
The Current is currently handing out free passes to a special screening of CRAZY PEOPLE starring DUDLEY MOORE & DARRYL HANNAH. Friday, March 30 at 7:30 p.m. Supply is limited so hurry over to THE CURRENT OFFICE 1 BLUE METAL BUILDING and get your free pass. Each pass admits two.

Curators from page 1

- side $1 million in funding for the engineering program earlier this year, the $35,000 budgeted in the Senate for the program would be "a bundle of engineering schools already in place around the state."
The UL-St. Louis plan would serve as a demonstration project that should be expanded.

"We are not saying that everything is going to happen on the basis of funding and how we are planning to do that is. It won't happen. We have no clue. But we are doing it with a political campaign to do it for 10 states. No matter how much money is raised, you have a plan."

Gardner Johnson thought he might have to go to the state legislature before the issue is brought up again.

"We did not really hear what we heard last year," he said. "We have no clue. We are not sure what we said last year."

The university has already been given a proposal that would increase state funding and operate within a proposed budget for the state.
Students Get Bugged

No, those aren't raisins with legs, they're roaches and they inhabit the Underground. Maybe their just the pets of the mice there. The student have only one thing to say to the management of the Underground: Clean up your act. The cafeteria has been downgraded from an "A" rating to a "B" in the past and in as

Dear Editor,

I hope this letter reaches many ears, for I need it to be written. There is a saying in the air today, if it's not a proverb, such as Jack's, then it's unspoken, we would like to bring this to light that such a proverb is no longer used.

I am not the only one, but it does not matter. After being feed, we ask others how they did it, it seems as if we can't disturb our diet to allow for growth. While the students are doing this, our college's food services are being studied by the University. According to Mark, the Editor of University Service, the food services are being studied for their promotion.

There are two sides to becoming a nurse in the army.

And they're both represented by the insignia you wear as a member of the Army Nurse Corps. The caduceus on the left means you're part of a healthcare system in which educational and career advancement are the rule, not the exception. The gold bar on the right means you command respect as an Army officer. If you're earning a BSN, write: Army Nurse Opportunities, P.O. Box 7713, Clifton, NJ 07015.

Army Nurse Corps. Be all you can be.

Elvis Hotline

by Greg Albay

Several weeks ago, as I was walking through the Library, I had an idea. What if I could have an Elvis Hotline? This idea was received very well by my friends. My plan is to have an Elvis Hotline where people can call and talk about Elvis. I will be there every week to answer the calls.

The hotline will be open from 11:00 AM to 1:00 PM, every Saturday and Sunday. People can call in with their questions, stories, and memories about Elvis. I will do my best to answer them.

So, if you have any questions or stories about Elvis, feel free to call the Elvis Hotline. Remember, it's all about the music and the memories.

City Sires Promote

by Melissa Green

"Their features were started the day they were born," said Dr. David Feng. "It was the first time they were ever shown." The City Sires have been promoting their new breed of horses for over 10 years.

The horses were known for their speed and agility, which made them popular with horse owners and enthusiasts. The City Sires have been successful in several horse shows and competitions.

The City Sires have been working hard to promote their new breed of horses. They have been traveling around the world, showcasing their horses to potential buyers.

Their efforts have paid off as they have seen an increase in the popularity of their horses. The City Sires are excited to see the future of their new breed of horses.
WHERE ARE YOUR BRAINS AND WHAT ARE THEY DOING?

Come to the Monday noon lecture by Dr. Donald Stein who will provoke your questions and anxieties. A world recognized neuroscientist and author, Dr. Stein is frequently invited to give public lectures on brain research, spinal cord injury, Alzheimer's disease and... I forgot the others. For a stimulating and enjoyable hour that could change the way you think, bring your lunch and your brains to the J. C. Penny Building at noon on Monday, April 2.

“Because working part-time at UPS...I don’t have to. They have five-day schedules that leave your weekends free. Work morning, noon, or night hours that work around your class schedule. And get paid holidays and vacations.”

“That’s plenty of time to study or rejuvinate. And I make plenty too...almost $10,000 a year for working about 4 hours a day. UPS knows students value time as much as money.”

“At UPS most students work in Operations and some in Accounting, Industrial Engineering, I.S. and Customer Service. So if you don’t do weekends, do contact UPS.”

Openings exist at the UPS Earth City building on the Jefferson Avenue (at Highway 40) facility. Interviews will be held on Thursdays April 5, from 8:00 a.m. - 1:00 p.m. at the S.T.E.P. (Student Employment Program) office. For more information, or to apply for an interview, call 555-5317 or visit 346 Woods Hall (S.T.E.P. office). We are an equal opportunity employer.
**Rivermen Blast Past Their Rivals**

62-9

By Greg Aitken

The UM-St. Louis baseball team completed its most recent road trip with a victory over Ohio Northern. The Rivermen scored 15 runs in the first inning and never let up, scoring 12 runs in the second and 5 in the third to build a 32-1 lead. The Ohio Northern Bobcats were held to 2 runs by UM-St. Louis starting pitcher Zach McMickle. McMickle pitched a complete game, allowing only 2 runs on 5 hits and striking out 8 batters. He also walked 2 batters and hit a batter. The Rivermen improved to 22-11 on the season and move into first place in the Mid-Ohio Conference. The team will return home to play a doubleheader against Defiance College on Tuesday, April 10. The first game will begin at 1:00 p.m., and the second will follow at 3:00 p.m. in the Joe McFarland Field at the University of Missouri-St. Louis.

**SAFE: A UM-St. Louis Riverman beats the pick-off attempt during game 2 of the doubleheader against the Defiance College Bulldogs.**

**Rivermen have games coming up against Metro-East Lutheran, Southeast Missouri State and Southwest Missouri State.**

With most of the season winding down, the team is looking forward to some of the more difficult games of the season. The team has been working hard to prepare for these games, and the players are excited to test their skills against some of the best teams in the conference. The team is currently leading the Mid-Ohio Conference by 2 games, and the players are looking forward to the challenge of facing some of the top teams in the league.
