"One of the things that makes this number exciting is the fact that we're not just looking at the number of students, but also at the diversity and quality of our student body.

There are some areas where we've seen growth, such as in our international student population.

Overall, I'm pleased with the enrollment figures and look forward to continuing to build on this momentum in the upcoming years.

Student's death a senseless act of violence

Dear Editor,

I was shocked to see the headline on the front page of The Current: "In the end, nobody could testify as to where O.J. was during a 79­ minute time gap. Mary students are not presently involved in activities but may want to get involved in Homecoming by running for King or Queen. Once you get them involved maybe then they will get involved in other student activi­ ties and make a difference on this campus. Our student activities are only as strong as the number of stu­ dents that participate in them. Some say that the requirement does not excuse students because they are not in an organization, only if they are not sponsored by any. Good people. Do you think that a person could be sponsored for Home­ coming Court by a student organization?

Sincerely,
Mary

Who’s really going to hell?

This fact is pretty much undisputed among religious groups. According to the American Academy of Religion, smoking kills more Americans annually than all wars and accidents combined. Despite being aware of the risks related to smoking, an alarming percentage of the population still finds relief in a cigarette. For the 35% of UM-St. Louis students who smoke, it is somewhat comforting to believe that smoking does not involve much risk. However, a recent report by the University of California at Los Angeles indicates that smoking is a leading cause of death and illness. This report also states that smoking is the leading cause of preventable death in the United States.

The students were divided into three groups: those who smoked daily, those who smoked occasionally, and those who had never smoked. The report found that those who smoked daily were more likely to develop serious health problems, including cancer, heart disease, and lung disease. Those who smoked occasionally were less likely to develop these problems, but were still at risk. Those who had never smoked were not at risk for these problems.

The report also found that smoking is a major cause of death in the United States. In 2009, smoking was responsible for more deaths than all other causes combined. The report also states that smoking is a major cause of illness. In 2009, smoking was responsible for more hospitalizations and doctor visits than all other causes combined.

Smoke or die?

I was using the Honors College for class one night, and noticed some of my fellow students. I was struck by their cigarette smoke and the fact that they were all still alive and apparently living. I realized that I had been smoking for quite some time and that I didn’t want to die. I made the decision to stop smoking and I haven’t smoked since.

I also realized that I didn’t want to die. I made the decision to stop smoking and I haven’t smoked since.

I was feeling lonely and wanted to make new friends. I decided to go to a bar and meet someone. I met a beautiful young woman and we hit it off. She was very intelligent and we had a great conversation. I knew I had found my soulmate.

However, I didn’t want to be with someone who smoked. I made the decision to stop smoking and I haven’t smoked since.”

Gay and lesbian students seek understanding and acceptance

by Julie Prossman

The Current staff

Members of the Gay/Lesbian/ Bisexual Student Union (GLBSU) are working to educate students about the issues facing the gay and lesbian community. They will host an all day affair starting at 7:00 am on Saturday, October 2. The event will feature speakers, a panel discussion, and a screening of a documentary film about the gay and lesbian community.

The GLBSU will begin the day with a panel discussion on the history of the gay and lesbian rights movement. The panel will feature experts from local and national organizations who will discuss the history of the movement and the challenges that still exist.

The GLBSU will also host a screening of a documentary film about the gay and lesbian community. The film will feature interviews with individuals who have been active in the movement and who share their stories.

The GLBSU will end the day with a panel discussion on the future of the gay and lesbian rights movement. The panel will feature experts from local and national organizations who will discuss the challenges that still exist and the opportunities for the movement.

The Gay and Lesbian Student Union is a student organization that seeks to promote understanding and acceptance of the gay and lesbian community. The organization was founded in 1992 and has been active ever since.

“Do It Rockapella”

Are you looking for something truly alternative? How about five musicians with no instruments? Rockapella is the five man group that proves you can groove with a lot of lung and nothing else. Written by Alunan and Billy Strauss, "Long Cool Woman in a Black Dress" (Gordy, Clark, Cund) with fresh originals like "Falling Over You" written by Alunan and Billy Strauss and "Fijqap Twins" by Alunan as well.

Of course the day wouldn’t have been complete without the song that has thrilled this very talented group on the top of their uniquely styled genre: "Where in the World is Carmen Sandiego?" Now you may think this song is kiddish, but Rockapella’s cover of the famous theme song from the video game "Carmen Sandiego" is kickin’ off this fun and energetic set about the world’s most infamous thief.

Rockapella’s album, "Primed," is currently available from the band at concert sites. However, the album can be obtained by contacting the Rockapella Fan Club at P.O. Box 879, Bradford CI, 60045. If you’re looking for an album that will chase away blues and put dance in your shoes, write the group to get this fascinating collection of acoustic vocal work.

To Die For

"Too Die For" Nicole Kidman plays Suzanne Stone, a young, over-anxious television reporter whose single goal in life is to become the next Jane Pauley. In her words, "If you aren't on TV, you aren't anything."

But, in her fervor to reach the big time, she will not stop short of making what the wise says to Suzanne, "Suzanne, you aren’t on TV, you aren’t anybody."

Full of drive, yet void of charisma, Suzanne, labeled as the town’s iron queen, turns everyone’s attention with her mobility and captivating manner. However, a wild-at-heart bartender named Charlie (Martin Dillons), tells her the truth. Although she is often too wrapped up in the restaurant business, Suzanne manages to get a job as a weather person on a local cable station.

On top of doing the weather, Suzanne bonds with only two employees of the station with hundreds of ideas for news stories. The one idea that0 eventually involves three high school flunkies who epitomize the negative characteristics associated with today’s teenagers. The interaction between Suzanne and her friends turns a funny but on the moronic side.

With Suzanne and Charlie’s future goals conflicting, Suzanne decides to use her strongest asset, her looks, to get what she wants—her name out of the way.

Two of the detractors Stone carries out her evil work, which is to capture temporary fame. The boy (James Purnell), her young, over-anxious television reporter whose single goal in life is to become the next Jane Pauley. In her words, "If you aren't on TV, you aren't anything.

**Swim team head coach resigns**

By Eric Thomas of The Current staff

Mary Liston resigns under pressure after prolific season.

Liston was a fixture at UMSL for two decades and is credited with turning the swim team into a championship contender. Her resignation comes after the team performed well in the NCAA Division II championships, finishing fifth overall.

Liston, who took over the program in 1992, led the team to 13 NCAA championships in her tenure, including the national title in 1994. She was also named the Midwest Intercollegiate Swimming and Diving Coaches Association Coach of the Year six times.

Liston's resignation was effective immediately, and her replacement has not been announced.

**Volleyball team confident with mid season standing**

By Ken Donkin of The Current staff

The UMSL Volleyball team is confident with their mid-season standing.

The team is currently 9-10 overall and 1-1 in the Missouri Valley Conference (MVC). They have managed to turn things around after an 0-4 start, and are currently in fifth place in the MVC.

Coach Brenda Docherty said, "We've been working hard on our defense and our consistency. We're looking forward to the rest of the season and hope to continue improving."
