Welch named student curator

Carnahan recommends full funding from legislature for theater

Performing Arts theater takes center stage on campus

REMEMBERING A MARYV

Campus marks King holiday with housing promotion

2-yr. colleges want more credit to transfer

The proposed $60-million Performing Arts Center is to be built on campus received a financial boost Wednesday at the urging of Governor Mel Carnahan, who recommended that the state legislature allocate another $25 million for the center.

If approved by both houses of the Legislature, the recommendation would complete the state's contribution as requested by Chancellor Harold T. Trueblood. The state has already set aside $178 million for the center.

If Trueblood had not responded to the call to raise the remaining $50 million necessary to build the center from private donors, she has stated about $52.5 million in private funds so far.

Spring Commencement Saturday May 16, 1998 7:00 p.m. • Kiel Center

--- No Tickets Required ---

The date was changed from May 17 because of the National Hockey League Schedule. Purchase your cap and gown, order announcements, class rings, etc. at The Graduate Salute, April 6, 7 & 8 in the Portland Room. Candidates for graduation will receive detailed information in the mail at the end of March.

For further information contact the Office of Special Events at 516-5442.
Pipe breaks Underground, closes

"Old, brittle' plumbing blamed for closure by Mark Lodolce (This is a file photo.)

In a study released Wednesday by the University of Michigan, it was said that there were over 300 instances of water line breaks, and that the cost of repair for these breaks was over $10 million. The study was commissioned by the University Senate, and was conducted by a team of engineering students.

"We found that the cost of repairing these breaks is far too high, and that we need to invest in new plumbing systems," said Dr. Mark Lodolce, lead author of the study. "Our findings suggest that the University should consider investing in new infrastructure to prevent future breakages.

The study also suggested that the University should consider increasing the number of maintenance staff to ensure that breaks are repaired quickly and efficiently. It was estimated that this would result in a savings of over $2 million per year.

In response to the study, University President Dr. John Smith said, "We are taking this study very seriously, and will consider the recommendations made by the engineering students. We are committed to improving the maintenance and repair of our plumbing systems.

The study also identified a number of areas where the University could make improvements in its plumbing systems, including the need for better insulation, the use of more durable materials, and the need for better record-keeping of breakages.

The findings of the study will be presented to the University Senate, and will be used to inform future decisions about the University's infrastructure.

GOVERNOR, from page 1

Wednesday's recommendation from Carnahan to the Board of Regents was well received by campus officials and faculty members, who praised the decision as a step towards improving the university's infrastructure. The Board of Regents is expected to vote on the recommendation at its next meeting.

"This is a great step forward," said Dr. John Smith, President of the University. "We are committed to improving the infrastructure of our university, and will continue to work with the Regents to ensure that this recommendation is implemented.

Chairman of the Board of Regents, Dr. Jane Doe, said, "We are pleased with the recommendation from Carnahan, and will consider it closely. We are committed to improving the infrastructure of our university, and will continue to work with the Regents to ensure that this recommendation is implemented.

The recommendation comes amidst a growing public pressure for improvements in the university's infrastructure. Many students and faculty members have expressed concerns about the state of the university's facilities, and have called for improvements in the infrastructure.

The Board of Regents is expected to vote on the recommendation at its next meeting, and a decision is expected within the next few weeks.

KWMU hosts International Beer Tasting

BY BECKY RICKARD

Last Wednesday evening, KWMU sponsored a rol­call International Beer Tasting fund-raiser at the St. Louis Brewery and Tap Room. Five distributing companies with 60+ beers provided samples to taste holders. It’s not often that a person can walk up to a table, sample a Flying Monkey Amber Ale from Brewery and Tap Room, and walk across the room to sample Grain’s Beards from Signature Beer Co. for only $1.50.

We know this and expect this. We believe it or not all you Bumper Sticker people: Servers don't walk to you leave. Instead, I will politely ask for a refill.

"You Can't Fix 'Bill Gates.' "

The role of the staff writer is to present a variety of perspectives. That is why their opinions should be taken with a grain of salt. These opinions may not agree with the opinions held by the editorial staff."

"Dawson’s Creek."

WB has fresh hit with Dawson’

Dawson’s Creek is accessi­ble, wealthy parents, good looks and sideburns I oniy for oniy $12. St. Louis and Chicago are not substituting with bland homogenized product, “Dawson’s Creek” is accessi­ble, wealthy parents, good looks and sideburns.

Tom Schiffly, prominent St. Louisan and owner of the St. Louis Brewery and Tap Room, was more than happy to provide his establishment at the site of the fund-raiser. Schiffly will be the guest of honor at the KWMU "Charity Bash on the Plaza." "The specialty beer (at the fund-raiser) is to be served­of the natural real beer, in broadcasting to no national public. They are not substituting with bland homogenized product," Schiffly said.

As an a.m. rolled around and the flinching of the lions reminded people that all good things must come to an end, the crowd peacefully trickled out of the Tap Room. A red mass was provided for those who had attended the fund-raiser. As the clean-up began, the general consensus of both, KWMU listeners and the alcohol was that the event had been a tremendous success.

Terry Schiltz, manager of the Tap Room, commented on the tap party, "Sometimes, I have to admit to myself that I was wrong. I thought I was being so understanding when I serve you with an artificial smile that you certainly won’t see me now."
Spice Girls need help

Spice World
Rated PG
Running Time: 93 min.
Now Playing

Oh what a life to be a Spice Girl. You have tons of adoring fans. Your albums sell millions. Your singles are hits. You have made great movies. Even your tight clothes. To quote Yakov Smemov "What a Country!"

The Spice Girls have had tons of success with their first two discs selling millions worldwide. They have taken music to a new level and people will go to great lengths to get into their concerts. What do you think is the catalyst for this group is a little "Sex and Candy."

The movie revolves around the five members and their songwriting friends. The movie is both adorable and funny at times. It's a good time to help deliver a baby, define the newspaper, drive a bus, and put on a concert and make the world a better place. Have you ever heard of the movie "Cat Power?"

After this movie I think I actually grossed. The screening teenagers who were in the movie with me gave me a headache. And the paper thin plot gave me a mental paper cut. You know what a life to be a Spice Girl, but if you don't stay away, just turn on MTV and watch their videos after all is said and done.

Rivernnon wallop Harris-Stowe

By JOE HARRIS Special to The Current

For someone as competitive as Jane Ackerman, sitting out last season after transferring from Lith­uania was tough. Ackerman said she was hold­ing out to transfer to a school that could give her more experience.

Now, one and a half years later, Ackerman is back on the court, and is getting her frustra­tions out on the hardwood.

Ackerman scored 13 points in just 17 minutes coming off the bench for the Riverwomen against Indiana University Southern Jan. 15. Two days later, as a starter, Ackerman scored seven points in 25 minutes against Northern Kentucky.

"We're just trying to get her adjusted to Division II play. After sitting out one and a half years, it takes awhile to feel comfortable," Ken Dunkin, Rivernnon women's basketball head coach.

Any inference on the court, did not cast Ackerman with anything away from it. "She's always fit in," Ethridge said. "If you have to play good defense, it's important for Ackerman to play. She should have been in the games before."

"We're happy to have her on the court," Ethridge said.

St. Louis center Melanie Marcy shoots over Indiana center Vicki Newberger in the last few minutes of the game. The Rivernnon women's basketball team was defeated by the IUS Cardinals 51-34. Marcy scored 18 points in the final game of the season.

(Staff photo by Jason Hessell)

Rivernnon women's basketball team comes from behind to beat IUPU-Fort Wayne

In the second half of the game, the Rivernnon women's basketball team was down by 15 points, but came back to win 51-34. The Rivernnon bench was in the lead by as many as 21 points. Akerman was named Most Valuable Player of the game.

The Rivernnon women's basketball team will face-off against Southern Illinois University Edwardsville for the second meeting two days later. The Rivernnon bench was in the lead by as many as 21 points. Akerman was named Most Valuable Player of the game.

SGA Assembly calls for two-month notification for fees from administration

by David Badger

Staff Writer

The Student Government Association unanimously passed a resolution Wednesday demanding that the administration present budget for changes to the SGA fees at least two months before such fees are presented to the Board of Governors.

The resolution presented by SGA President Jim Avery and Vice-President Michael Rankins, and that the SGA "shall not be bound or interrupted to consider any alterations in such fees" without two calendar months notice. It also stated that the SGA "shall not be required to call an emergency meeting," to consider for adjustments.

The resolution also said that the new guidelines do not "constitute just cause to exclude" the SGA from "due process." The SGA authority to pass or reject such increases is non-binding.

"This is basically letting the administration know that we won't support running fees down our throat at the last minute," Avery said.

Avery said the resolution was prompted by a $3.05 increase presented to the SGA by administration in November. Some SGA representatives had complained that they were not given enough time to review the increase. Avery said he was almost forced to call an emergency meeting to consider the increase. The SGA eventually approved the increase.

Karl Beeler, associate vice-chancellor for Student Affairs, said after the meeting that the SGA's demands to see "increase proposals earlier" was "entirely appropriate," but that the two month requirement "may be impossible."

"This two months may be a little bit of a stretch in terms of being able to deliver," Beeler said.

Beeler explained some University system "limitations" such as the Higher Education Price Index may not even arrive that far in advance.

"I think two months may be a little bit of a stretch in terms of being able to deliver," Beeler said.

Beeler stated some University system "limitations" such as the Higher Education Price Index may not arrive that far in advance.

"I think two months may be a little bit of a stretch in terms of being able to deliver," Beeler said.

The deadline for filing an application is Feb. 26, Avery said.

308 Woods Hall - 516-5111
Sub-stancial meal

New eatery to open in Woods Hall, to feature sandwiches

BY DAN TUCK
special to The Current

Soon, in the course of dealing with the Caterer’s Office and Financial Aid, you will also be able to grab a bite to eat—very conveniently. This February, Sub-Zone will be opening in Woods Hall near Student Health Services. For those who have to spend prolonged amounts of time seeking financial and administrative affairs, you need not travel across campus in search of lunch.

Sub-Zone will be located on the first floor of Woods Hall, just down the hall from admissions, and right before you reach Student Health Services.

Sub-Zone will be run as an express counter. In addition to selling Subway sandwiches, it will also have a decent supply of soft drinks, cookies, and chips, all of which is essential for the on-the-go student. Provided installation of the electrical system and plumbing as planned, Sub-Zone should be opening on Feb. 4. It will be run by the California-based company, C-Fours, which also runs the candy store in the U-Center and the U-Man on South Campus.

Jill McNaughton, who you may have been running the candy store, will be the general manager.

This will be the first, and right now the only, fast-food counter in Woods Hall. And it’s a hard to miss. The blue and red sign is probably the most colorful operation in the entire building.

The view of the Sub-Zone from the first floor hallway of Woods Hall where the eatery will soon open.

UF Student sentenced for sex with girl he met on the Internet

GAINESVILLE, FLA. (AP) — A University of Florida student who advertised sex with a 14-year-old girl over America Online was sentenced Tuesday to five years of probation.

State Supreme Court Justice William Stafford, practicing as judge pro tem, sentenced Jillian Malawey, 16, to two years in prison, the maximum sentence available in Florida at the time of sentencing.

This is the penalty that Jillian Malawey will serve for her crimes. This is not the most severe sentence available. Jillian Malawey is being sentenced to two years in prison, the maximum sentence available in Florida at the time of sentencing.

Jill Malawey, who you may have heard of, is a student at the University of Florida. She has been accused of attempting to have sex with a 14-year-old girl who was attending a local school.

The Spring Commencement date has been changed to 7 p.m. on Saturday, May 16 at the Reel Center. Call Cindy Vantine at 5442 for more information.

Douglas L. Yuric has been appointed the E. Desmond Lee and Family Professor of Music. He will continue to develop collaborative activities between UM-St. Louis, the Saint Louis Symphony Orchestra, and the Opera Theatre of St. Louis. He has been director of the Whitaker Music Education Collaborative since 1996, and was coordinator of fine arts for the Parkway School District.

Several faculty members from the School of Education will represent the University at the Holmes Partnership Conference last Friday to discuss "Building the 21st Century School of Education through Partnerships." The Holmes Partnership was developed to promote the reform of schools and education.

The Adult Day Services Center, 8331 S. Florissant Road, is in need of volunteers to pick up the noon meal. If interested, call Marilyn Maguire or Joan Church at 524-1556.

Effective Jan. 1, 1998, individuals using a personal vehicle for personal business will be reimbursed at a rate not to exceed $0.25 per mile. For more information, call Howard Vogan at 5478.

Contact Mary Lambly at 516-5747 to submit items for Newsmer.

GETTING THE FLU?

In the past 36 hours, you have begun to experience flu-like symptoms along with a fever of at least 100°F?

You may be qualified to participate in a research study in your area for an oral investigational medication to treat influenza.

Qualified participants will receive a physical examination, close monitoring of their symptoms, and may receive oral study medication and compensation for their time.
