Prime minister, state legislator are honored at graduation ceremony

BY BRIAN DOUGLAS

A speech by a former Canadian prime minister was among the highlights of UM-St. Louis' commencement ceremonies held at Kiel Center on May 16.

Mulroney spoke to graduating students about the importance of education. He quoted words he spoke to him at the time of his own graduation.

"A good education does not provide you with a standard of living, it provides you with a standard of mind," Mulroney said.

Mulroney went on to talk about change, and to highlight some things he had to do in his own life, which he described as "immensely challenging." Among them included his relationship with his father, his family, and the importance of doing a good job while making a living.

"The truth is this life can be uncom­monly stressful," Mulroney continued. "That cooperation because of the very nature of our profession, in fact, so important. No nation so powerful can solve its diffi­culties alone.

Both Mulroney and Sues were pro­

COME ONE, COME ALL!

Annual Gypsy Caravan provides bargains and fun for everyone.

BY AMY LOMBARDO

staff writer

Our Gypsy Caravan is crowded, and sandy-haired folks are everywhere. The cars are jammed, it looks like a street fair.

The Gypsy Caravan is sponsored by the Student Life Office. This year, it is being held on the lawn near the Student Union.

The event is open to everyone, and there are lots of interesting things to see and do.

David and Jacmine Center of St. Peters brownie takes a photo of a selection of Russian dolls at last year's event. The event is celebrating its fourth year at UM-St. Louis.

This year the event was wet, and even the natural elements cooperated. The food stands offered some standard favorites like barbecue and unique things, it's also about eating some interesting cuisine.

UM-St. Louis’ Yahng named to athletic position at SLU

By Ken DiBiase

Former Baseball Coach Chuck Yahng will become the University’s new Director of Athletics starting June 1.

Yahng has been the assistant coach to Bob St. Pierre during the last two seasons. He has served in that capacity and others, from the University of Missouri-Kansas City to the University of Missouri-St. Louis.

“Chuck is a tremendous asset to our program,” said Bob St. Pierre, University president. “He is a man of great integrity and I have no doubt that his new position will be beneficial to the University.”

In the interim at UM-St. Louis, Yahng has represented the university at the NCAA basketball championships at the Augusta Olympics, and the 1996 World Series.

The College World Series was a great experience,” Yahng said. “The whole atmosphere and atmosphere was great. It’s really going to miss Coach Jim Brady and his program.

I think going to miss assistant athletic director Pat Gielow,” he said. “She has been the brain boss to work with. She gave me a lot of freedom and was always willing to work with me.

Perhaps the best part about the position at UM-St. Louis for Yahng was the people. He had many friends during the four years.

“I’m going to really miss the teammates. I’m only going eight miles away so it isn’t like I will never be able to see them,” Yahng said.

The hope of leaving a mark on the department are also a thing Yahng hopes he accomplished.

“I want people to remember for good or bad that I was here,” Yahng said. “I always tried to give it my all and hopefully that was good enough.”

One of the biggest advantages to the SLU job is more time at home. At UM-St. Louis, Yahng was busy for every sport and his time was limited.

“I think this is much better for my family,” Yahng said. “You can work in the morning and be home by afternoon.”

The awareness of this change has been difficult, he said.

“I have made a lot of really good friendships with everyone from the coaches, trainers and student athletes,” Yahng said. “I’m going to miss them.”

The best part about the position at SLU is being able to concentrate on one team at a time and give them all of my attention.

“I think the team will be really good under new coach Jim Niederkorn,” Yahng said. “He had produced one NCAA Division II All-American, two All-District players and six all-conference players. He had been moderately successful.

Yahng resigned in mid-May. Earlier this year he had opted for early retirement at Pennsville High School where he had taught for many years.

Niederkorn will continue his work as Tournament Director for the Gateway Section NCAA in Eastern Missouri and Southern Illinois. He is chairman for the Boxy Hills Invitational.

The search for a new coach will begin immediately.

AQUISITION, FROM PAGE 1

The University gains immediate control of Susan Hall and the Administrative Building. The other buildings, including the Millikin and Villa Buildings, a chapel and two garages, will come under the University’s current lease.

Dee DiBiase, deputy to the Chancellor, said the buildings had been wonderfully maintained.

“That’s what makes it such a prize,” DiBiase said.

Driemeier noted that this was the only true test of property between St. Vincent’s and Natural Bridge owned by the University.

“It was rented for 9 years,” DiBiase said, “to look at it with a great deal of positive feeling.”

Driemeier said.

Yahng said that the Daughters of Charity had begun subdividing their property as enrollment dropped in the early 1970’s.

Correction

In issue 923, Christine Green’s named was misspelled. We regret any confusion this error may have caused.
