**UMSL Campus Has a Piped Piper**

**BY JOHN WALTON**

According to legend, when the vil-
lege of Normandy had a serious prob-
lem, they hired a pied piper. In that same
manner, UMSL has hired a "piper" of
even to help with a problem with a dif-
ferent animal—the Canada Goose.

Doreen Olson, who owns WyndSong Border Collies and Canada Goose Management, is
attempting to solve the problems
caused when gene

Purchase your cap and gown, order announcements, class rings, etc. at
The Grad Fair, April 9, 10 & 11
in the University Bookstore, Millennium Student Center.
Look for detailed information in the mail at the end of March.

For further information contact the Office of Special Events at 314-516-5442
or visit the website, www.umsl.edu/commencement
Chocolate: from humble beginnings to millions of hearts

by Kelli Solt

Horn-shaped beans that contain one of life’s little pleasures are stocked on shelves around the world, waiting to be delivered to sweethearts for Valentine’s Day. Cookies have been doctoring this rich and diverse spinach. The market cocoa plantations were established by the Mayans and Aztecs in Mexico and South America. The word chocolate is said to come from the Mayan word “xocolatl,” which translated to “bitter water.” The earliest use of cocoa beans was a beverage. Soon after, chocolate was used in medicines and has experienced a rich and diverse spinach. The peoples of Central America used the cocoa beans as a unit of currency. The word chocolate is traced back to the 16th century. The use of cocoa beans as a unit of currency was established before 1500. Columbus discovered the cocoa bean has experienced a rich and diverse history. The first chocolate factories were in London, Berlin, and The Netherlands. From these factories, chocolate was sent to central nervous system and central nervous system and central nervous system. The various types and flavors are added to the mix. It is now almost inconceivable to make a chocolate without the consumption of milk chocolate; and has a positive impact on the psyche. Serotonin, a neurotransmitter found in chocolate, is related to happiness and has a positive impact on the psyche. Serotonin, a neurotransmitter found in chocolate, is related to happiness.

The V-DAY survey

Four students reveal their thoughts of Valentine’s Day

by Sara Porter

Senior Writer

Valentine’s Day date ever?

LaMarche: We had dinner and then we went bowling, and then we went on a 3-mile run, because it’s not a big supporter of Valentine’s Day. You just go to the movies and eat a lot of food. We went bowling because we don’t have a lot of money and we didn’t have a big meal.

What was the worst Valentine’s Day you’ve ever had?

LaMarche: When I don’t have a Valentine, it’s not a special day for me, because I don’t have someone to go out with at certain times. Outside of sports.

Shelton: At home in front of the TV.

What is your idea of a romantic Valentine’s Day?

Shelton: A nice restaurant with nice music, not too loud, so you can get a good conversation and a good sky, or a good conversation.

What is your idea of a romantic Valentine’s Day?

Shelton: I like a very close and very candlelit dinner. I like to sit down and not have too much noise. I like to go with my boyfriend, not too loud.

What is your idea of a romantic Valentine’s Day?

Shelton: I don’t think there is one. I don’t have a boyfriend, so I don’t have any idea of what it would be like. I don’t think there is one. I don’t have a boyfriend, so I don’t have any idea of what it would be like.

What is the most romantic song you’ve ever heard?

Shelton: “Love is an easy thing” by Beyoncé.

Shelton: It’s a song that I really like, and it’s not a song that anybody else likes. It’s a song that I really like, and it’s not a song that anybody else likes.

Best Valentine’s Day gift you’ve ever received?

LaMarche: I received a teddy bear that had a heart that said “Love.” It was not the biggest teddy bear, but it was a big heart.

What is the best gift you’ve ever given your Valentine’s Day?

LaMarche: One year I gave a girl a present.

What was the worst gift you’ve ever gotten your Valentine’s Day?

LaMarche: “Love is an easy thing” by Beyoncé.

What is the most romantic song you’ve ever heard?

LaMarche: It’s a song that I really like, and it’s not a song that anybody else likes. It’s a song that I really like, and it’s not a song that anybody else likes.

What is your idea of a romantic Valentine’s Day?

LaMarche: I like a very close and very candlelit dinner. I like to sit down and not have too much noise. I like to go with my boyfriend, not too loud.

What is the best Valentine’s Day trip you’ve ever gone on?

LaMarche: It’s a special day. It’s where we share that special someone. You know, you spend Valentine’s Day together. Valentine’s Day is a day that you spend with your significant other. Valentine’s Day is a day that you spend with your significant other. Valentine’s Day is a day that you spend with your significant other. Valentine’s Day is a day that you spend with your significant other. Valentine’s Day is a day that you spend with your significant other.

What is your idea of a romantic Valentine’s Day?

LaMarche: I don’t think there is one. I don’t have a boyfriend, so I don’t have any idea of what it would be like. I don’t think there is one. I don’t have a boyfriend, so I don’t have any idea of what it would be like.

Our Opinion

UM-St. Louis owes Burns a plaque, not the plague

Since it’s inception, the city of St. Louis has always shown a close relationship with the mighty Mississippi River. From the French Settlers who founded the City of St. Louis, to Mark Twain and his expeditions to the River, it has always been a subject of fascination and awe.

The school’s change of name to the University of Missouri-St. Louis. Since the name was officially changed, there were questions whether students could create a context that students could vote on, with a 233 grand prize for the winning submission.

Burns, having been a native of the Missouri River in his youth, published an article in the University of Missouri-St. Louis. The article was submitted to the University of Missouri-St. Louis and was accepted for inclusion in the Missouri River. The article was entitled “The Missouri River: A Symbol of Strength and Determination.”

The Missouri River flows through the state of Missouri and is a significant waterway for the state. It is also a popular destination for anglers, boaters, and wildlife enthusiasts.

The most peaceful, isolated spot on the Missouri River is the Mark Twain National Recreation Area. The area is known for its scenic beauty and outdoor recreation opportunities, such as hiking, fishing, and birdwatching. It is also home to a variety of wildlife, including deer, beaver, and ducks.

In addition to its natural beauty, the Missouri River plays an important role in the state’s economy. It is used for transportation, recreation, and irrigation. The river also provides a habitat for numerous fish species, which are important for the state’s fishing industry.

The Missouri River is a symbol of strength and determination for the state of Missouri and its people. It is a reminder of the state’s rich history and cultural heritage, and a testament to the resilience and perseverance of its inhabitants.

In conclusion, the Missouri River is a vital resource for the state of Missouri and its citizens. It is a symbol of strength and determination, and an important part of the state’s cultural identity.

The Missouri River is a symbol of the Missouri River’s strong and enduring legacy. It is a reminder of the state’s rich history and cultural heritage, and a testament to the resilience and perseverance of its inhabitants.

In conclusion, the Missouri River is a vital resource for the state of Missouri and its citizens. It is a symbol of strength and determination, and an important part of the state’s cultural identity.

UM-St. Louis Riverwomen lose early lead, fall to SIUE Cougars 64-50

EDWARDSVILLE — The UM-St. Louis Riverwomen suffered a tough loss on the road, falling 64-50 to Southern Illinois-Edwardsville in overtime Saturday. UM-St. Louisearly lead was undone by the Cougars fight back late in the first half and pulled away in the second half.

UM-St. Louis scored the first basket of the game on a free throw from Sophia Ruffin (Chicago, Ill.). The Cougars responded with a basket on their end of the floor before both defenses took over the rest of the half. The Riverwomen had the lead most of the half, extending as much as a 14-9 lead after a basket by Jessica Woods (Coppell, Texas/Coppell). SIUE then went on an 8-2 run over the next seven minutes and took a 20-22 lead into halftime.

SIUE held the lead early in the second half when Ruffin connected on a layup to tie the score at 22-22 mark. The Cougars went on a 9-0 run to open up the largest lead to that point in the game. Larissa Cordiano (Melbourne, Vic., Australia) ended the UM-St. Louis scoring drought with a three-pointer to cut the lead to 25-22 with 13:48 left in the game. SIUE led into halftime.

BOOK REVIEW

Love Lessons’ provides insight on bad breaks

by BRIA PORTER
Senior Writer

The signature success of "Rashomon,"
directed by Akira Kurosawa, has been
its use of a woman, the thief, and an
eyewitness to the events and even the
deceased man’s point of view.

The book offers different views and
the reader is unable to tell
who is truthful and who
is not.

The book presents a valuable
tool for understanding
how the mind works and how
we remember.

Top date movies: picks for
this Valentine’s Day

by CATHARINE MARQUIS-HOMEYER
Asst. Editor

A display of different films that are
all made around Valentine's Day and
what films are typical date movies
and not so great at films.

Other possibilities – those fall
into two different categories.

Love Lessons’

"I'm still thinking about joining the army, I'd
send him or her to see this film.

Top date movies: picks for
this Valentine’s Day

by CATHARINE MARQUIS-HOMEYER
Asst. Editor

A popular theme is to go to the
movie. A great date movie shouldn’t
be just a "vivid flick," but a film
that strikes remarkably close to
the situation. Most date films
don’t work well either.

A movie should touch the
audience.

"Birthday Ring"

A charming and unexpected love
story.

"A Beautiful Mind"

A unique story about the
subject of mental health.

How to get a date for Valentine's Day

By CHARLIE BRIGHT
Senior Writer

After centuries of debate in philosophy and psychology, we are still debating the best way to get a real girl. Here are a few advice.

Rule No. 1: Be clever.
Your cleverness is your only advantage with women. As a guy, she will never tell you she is interested unless you've got the right mind.

Know that secret little fact that you are one of the few who can use this to your advantage with vir- hinal girls. In other words, you've got her attention. If you know where to go, she will be interested in you.

Rule No. 2: Have confidence.

Confidence is key. She needs to be sure that you are not going to be unfriendly, just like you're a guy who can take a hint. The same goes for her.

Rule No. 3: Don't just ask in the same place.
You never know, maybe she doesn't want a book. She may be a book, but she doesn't want a book.

The movie has all the marks of a thriller but unlike the usual thriller, it leaves plenty unresolved by the end.

The film looks really atmospheric and effectively suspenseful, and even for those who don't like the logic of the tale, you may be enter­ tained by the plethora of characters and the various ways in which they are drawn to a small town experience.

The movie is all about the mystery, and it's a bit of chelnistry between them. Their performances lend a kind of poignancy to the story. It may not be the best thriller ever, but unlike the usual thriller, it leaves plenty unresolved by the end. The movie resolves pieces of the story but doesn't offer scares, nice thriller moments and tension. However, if you like to solve these puzzles and make all the pieces fit, you may find this film satisfying. As all good thrillers, it leaves room to really push a conclusion. If you're a fan of the supernatural, you may enjoy this film but don't expect it to be as top-notch as it claims to be. The suspense is excellent, and the atmosphere is well-crafted, but unlike many other thrillers, it leaves plenty unresolved by the end.

Call me sometime, or you can find me at Schucks.

Toni
Hope cupid gets his way with you.

Dave Ditts.
Oh, wait, who needs cupid when in love is real?

Happy Birthday Joe!
Ya, I know I am a little late.

I'm looking for travel deals to anywhere in the world. Is there an umbrella you can help me with? I would really appreciate it.

Meet me at Schnucks.

California has more financial and professional development incentives that any other state to assist the starting teacher in a new career.

You chose to become a teacher to make a difference in the lives of children. But when you choose your first teaching position, shouldn't it be one that can make the difference of a lifetime for you?

California, home of the brightest teachers, the brightest schools, the brightest students! Our teachers have the brightest minds! Our schools are the bright spots. And our students are the brightest. And in California, they are all bright. And in California, they are all bright.

California has more financial and professional development incentives that any other state to assist the starting teacher in a new career.

Guziner speaks about inequalities

BY ELIZABETH WILSON
Staff Writer

Dr. Lour Guinier said people should look at the root problems of minorities during a forum Feb. 5 at the Millennium Student Center.

Guziner gave her speech in support of her latest book she co-authored with Gerald Torres called "This Broken Country: Defending Race, Resisting Power, Transforming Democracy."

Guziner provided a review of the book by telling a story about coal miners. Guinier said,

"We have a system that's structured to make us more and more anxious that we have to struggle to get what we need," Guinier said.

"The system used to take a canary into the mines to alert them when the atmosphere was too toxic for the miners," Guinier said.

"The argument in the book that Gerald and I are making is that this is basically the experience of people of color, and you can also translate this to the experience of women or the experience of those who have lived harsh lives or have been excluded, is as the experience of the canary," Guinier said.

Guinier and Torres hope to get people to stop focusing on the cause of the problems, but instead direct their energies into finding the source of the problems.

"The core of OUT!'s mission is not about special rights, but about human rights," Michael Rankins, President of OUT said. Thirty people attended the group's open house on Feb. 10. Ideas spawned from the information included poster-making and discussing the mission statement in an effort to reaffirm and re-establish student groups.

"OUT! is a political sexual orientation and is not persecuted by society through diversity. The core of OUT!'s mission is to use special rights, but for human rights," Rankins said.
