Campus charge declined by UMSL bookstore

By Kim Silver

As the semester winds down at the University of Missouri-St. Louis, students arrive on campus for the last time to register for classes. They get in line and prepare to spend a small fortune on books and supplies. Most had no idea of the charges that had been made.

The administration revised the student charge policy. Students could no longer incur charges on their student accounts throughout the semester. If students, when they initially registered, charged on cards, students were only allowed $400 student charge if the administration has taken this into consideration. Students who were allowed to use their identification card to make charges on their student accounts in the bookstore during the entire semester. The available credit limit was $500.

There are exceptions to the new policy. Some students may be allowed to make charges before classes began. Enrolled students who carry an old balance on their student accounts were allowed to enroll for the next semester. The administration revised the student policy to allow charges in the bookstore before classes began. Enrolled students who carry an old balance on their student accounts were allowed to make charges before classes began. Enrolled students who are allowed to use their identification card to make charges on their student accounts in the bookstore during the entire semester. The available credit limit was $500.

Manning the switchboard
Operators lend an ear to students

by Megan Sittig
staff writer

It’s 8 a.m. and you are broken down somewhere between O’Fallon and the University. Your first class starts in thirty minutes and it is not yet day. Your only hope is to get in touch with your professor and set that you are going to miss the test. A phoneman vamps out over the other end of the phone line, “Good morning, University of Missouri-St. Louis.”

When you call the University of Missouri-St. Louis, you may speak to one of the telephone operators. These are the voices that answer the phone when someone calls the University. They try to represent to the public the first contact with the University and therefore impart important first impressions, in addi­ tion to transferring students.

Today, the voice you heard on the call is Operator 1. Don’t ask her to tell you her name, she won’t. It is her job, after all. The University’s Switchboard Operator will call her “Operator 1” or another number, she can’t tell you why.

“Operator 1” is distinctive with a paramente and some reservation office may sound like something of “Missouri Impossible,” but Operator 1 assures me that the severity measures are absolutely necessary. “We get all sorts of calls here, and some people are very distraught for a number of reasons,” she said. The anonymity helps the operator maintain a professional relationship with the callers and keeps her safe from people who feel like “being heard.”

In a sense, the operator Operator 1 has a loving speech voice. She is composed, friendly and gives an air of capability that makes you feel like you are in good hands. She wouldn’t say exactly how long she has been working at UM-St. Louis but said it was “over five years.”

The receptionist job is quite a bit more complicated than it might seem. The University police, at Operator 1, says, “breaks and homicides and hundreds of calls” every day. They all need help, they said, and inform the operator, “It’s not a question of knowledge, it’s a question of knowing how to help.”

“I can’t be very challenging figuring out how to help everyone, but it is wonderful to work with all these students knowing what they go through, I appreciate that. Everyone is important, said Operator 1.

“You may never see these operators and Operators and you may never know their names, but at some point you will need them and they will be there. People like the fact that few people would ever recognize they see it, but the police Operator 1, want to help someone in the University. "We have so many students from all over the world. It’s often like when we are one little continent,” she said.

The UM-St. Louis “kontinent” may be difficult for people, each following a personal path, but we do have a valued network. Supported and bonded somewhere within the labyrinth of buildings and halls, two voices, Operator 1 and Operator 2, are always working for the University of Missouri-St. Louis. How can I help you?”

The switchboard is the nerve of the University. It’s 8 a.m. and you are broken down somewhere between O’Fallon and the University. Your first class starts in thirty minutes and it is not yet day. Your only hope is to get in touch with your professor and set that you are going to miss the test. A phoneman vamps out over the other end of the phone line, “Good morning, University of Missouri-St. Louis.”

Dr. Michael Cosmopoulos, professor of anthropology, introduces author Aprodite Matsakis Saturday evening of the Millennium Center at Kankakee Foundation Professor of Greek Studies and Professor of Archaeology at UM-St. Louis since August, 2001.

**Our Opinion**

**Slashing students’ scholarships**

State budget cuts slashed tuition for students. Everyone knows this. What many do not know, however, is that funds for scholarships and financial aid have also been reduced. If not completely cut, leaving some students’ plans to graduate in jeopardy.

According to a recent study by the National Center for Public Policy and Higher Education, college tuition and fees have risen 3% per year over the last decade. This has left many students and their families struggling to afford college. As a result, many are forced to take out loans or work part-time jobs to cover the cost of tuition and other expenses.

Some have argued that cutting financial aid is necessary to reduce the cost of higher education. However, this is not a fair or effective solution. It only hurts the students who are most in need of financial assistance.

In conclusion, college tuition and fees are too high and financial aid should be increased to help students afford higher education.

**Why The Current isn't a candy shop**

My job can be odd even ironic. I’ve learned, quite quickly, that I can’t change my job by how much I am paid. It’s not an easy position. While I don’t want to make enemies, I prefer not to lose friends.

It would be nice if we could all believe “God’s in His Heaven—All is right with the world” as Robert Browning expressed in “Pippa’s Song.” However, I really am not a believer that there is a UM-St. Louis. I would argue that everything happens for a reason. Nothing is perfect. Many good things happen in the world, and I think that God is still in His Heaven, but it is right with the world in the here and now.

As-makers, we have to deal with the facts and accuracy reporting From The Current. I would never give you less. The Current is the only way you can get information about the campus and those who run it. That information is important to us as a member of the UM-St. Louis community.

The mask makes the great difference. The students at Washington University, specifically McKelvie & Co. in The Washingtonian of The Record of The Record, are fundamentally correct. They’re constantly changing and evolving, and new rules and ornamental aspects.

While some might argue that the change in the mask is wrong, they are missing the main point. The mask is a tool for documentation. While we have to learn and understand things, I encourage you to keep the mask and continue with this process.

---

**Are women going to have to ‘marry down’?**

Many have said that women should not marry a man that is not as good as them. Why is this? Like many other things, this is what has been researched. In a recent interview, Tony Givens, Director of Studies Financial Aid, said, “There are many women who feel that they should marry a man that is not as good as them.”

This is a common belief, especially among women. However, I disagree. As a man, I believe that each person should marry someone that they love and respect. Women should also have the right to choose who they want to marry.

R-women start road to comeback by defeating rival UM-Rolla 4-1 on a national day of remembrance

The UK-St. Louis men's soccer team defeated Truman State 1-0 on Sept. 15. With 17:52 remaining in the second period, midfielder Adam DuFeu scored to put the Rivermen ahead of the team. The team is now 2-0-1 on the season.

The UK-St. Louis' men's tennis team suffered an 8-1 loss to Southern Indiana on Sept. 14. The loss put the team at 3-4 on the season. The team had won key matches over conference rivals Alabama-Huntsville and Kentucky Wesleyan. (9-0 on Sept. 14.) They will play at another conference rival, Quincy, on Sept. 17, a few days before facing yet another conference rival Lewis on Sept. 20.

R-men notch first victory of the season

The Rivermen baseball team is hosting a unique sport this fall. The team is participating in a unique fundraising program, selling subscriptions to ESPN The Magazine in order to raise money for its baseball team. In order to successfully sell subscriptions, the team must reach a $25,000 goal. The team's goal was reached on Sept. 13, and the program will continue until Sept. 29.

Sports Shorts

University of Missouri-St. Louis women's soccer team hosted an open tryout for six or more players who will need to pay $50 for six sessions. Concessions are available. For more information, call 314-567-5441.

Women's golf team has special ticket offer

The United Way of Greater St. Louis and the St. Louis Blues have teamed up to offer hockey fans a great way to support the United Way. The Blues will have the Nashville Predators at 7 p.m. on Sept. 25 and the Winnipeg Jets at 7 p.m. on Sept. 28. Tickets start at $15. Call 314-567-5472 for more information.

Website makes tennis an easy sport to learn

The website www.tennis.com is offering an easy way to learn tennis. The website offers free lessons, tips, and strategies for improving your game. It also provides information on local tennis tournaments and events.

Walk for Childhood Cancer Awareness meeting up

The National Children's Cancer Society is having its first-ever annual walk for Childhood Cancer Awareness from 9 a.m. to noon on Oct. 28, 2002. The goal for the fundrake is for each participant to collect at least $25, and awards will be given to each participant. Call the NCCS at (314) 245-4357 for more information.

**St. Louis rolls out the red carpet again for premiere of ‘Barbershop’**

Catherine Marquardt-Hoyum

The world premiere of the comedy/romance film, “In the Land of Women,” was held at the Belasco Theatre on Eighth Avenue and West 44th Street in New York City on Wednesday, September 11, 2002.

The film stars Susan Sarandon, who has a film out now titled “Wobble House.” Also starring in the film are Lucy Liu, who has a film out now titled “Charlie’s Angels: Full Throttle,” and Cameron Diaz, who has a film out now titled “My Best Friend’s Girl.”

The film is directed by Garry Marshall, who also directed “The Parent Trap,” “Beaches,” and “The Women.”

The film is about a group of women who are all going through different phases of their lives. They all meet up at a women’s fitness center and decide to start a business together. They start a business called “Women’s Empowerment” and they start to realize that they all have different strengths and weaknesses.

The film is a great comedy that is also heartwarming. It is a great film that will make you laugh and cry.

---

The film is about a group of women who are all going through different phases of their lives. They all meet up at a women’s fitness center and decide to start a business together. They start a business called “Women’s Empowerment” and they start to realize that they all have different strengths and weaknesses.

The film is a great comedy that is also heartwarming. It is a great film that will make you laugh and cry.

---

**Conclusion**

The film is about a group of women who are all going through different phases of their lives. They all meet up at a women’s fitness center and decide to start a business together. They start a business called “Women’s Empowerment” and they start to realize that they all have different strengths and weaknesses.

The film is a great comedy that is also heartwarming. It is a great film that will make you laugh and cry.

CD REVIEW

Debut by OK GO

BY MIKE SHEEHAN

Music Video

OK Go's Debut Album is An Unlikely Hit

Pete Loggia and Scott Schaefer have been making music together for years. Their band, OK Go, has released three albums, but it wasn't until they decided to put out a debut album that their music started getting noticed. The result is an album that's both innovative and accessible, with a mix of pop and rock that's sure to please fans of all ages.

The album opens with the song "This Is A Long Story," which starts off slow but builds up to a powerful conclusion. The lyrics are about the challenges of life and the importance of following your dreams. The music is a mix of acoustic and electric guitar, with a strong rhythm section that drives the song forward.

Next up is the song "The Kid," which is a fun and upbeat tune about a child who is always on the go. The lyrics are light-hearted and the melody is catchy, making it a great choice for a first single.

The third track, "The Answer," is a more serious song that deals with the challenges of relationships. The lyrics are thought-provoking and the melody is soothing, making it a great choice for a potential second single.

The album also features a mix of slower and faster songs, with a variety of instruments and styles. The band's use of innovative video production and live performance shows their commitment to creating a unique and memorable music experience.

Overall, OK Go's Debut Album is a major achievement for these talented musicians. The combination of catchy melodies, thought-provoking lyrics, and innovative production makes it a must-listen for fans of all ages.
The Talek group occupies around 65 square kilometers, an area larger than Saint Louis City. Each clan consists of many subgroups and family units that share local resources. Access to food, reproductive rights, and other benefits of hyena society are jealously guarded, leading to frequent disputes over food and mates. This morphological development means that males are at the mercy of females' whims when it comes to copulation. This is a reversal of the usual pattern of most mammals, in which males compete with other males for the attention of females, who in tum are choosy, tending to favor more dominant males. With hyenas, however, females are the ones who compete for the attention of males, and males are choosy, tending to favor more dominant females. In addition to illuminating the complex hyena mating system, researchers have begun to investigate other aspects of hyenas' social lives, including an examination of hyena social intelligence. In the Disney movie *The Lion King*, the hyena as a creature called "pseudopenis" has important implications for hyena society. The recognition of such a penis-like structure in females has implications for hyena social intelligence. The hyena may look a bit sinister, but behind the成员间的复杂关系，很难有一个客观的手段用来判断它们之间的关系。
Mary Robinson was born in County Mayo, Ireland in 1944. She earned law degrees from the Kings Inns, Dublin (the oldest institution of legal education in Ireland) and Harvard University. In 1969 at the age of 25, she became the youngest professor of law in Ireland when she was appointed Reid Professor of Constitutional and Criminal Law at Trinity College.

From 1969 to 1989 Robinson served in the Irish Upper House of Parliament. In 1990 she was elected as Ireland's first female president and served until 1997. During her presidency, Robinson advocated for women's rights. She drew attention to global issues through her visits to Rwanda, Yugoslavia and Somalia. Robinson was awarded the special CARE Humanitarian Award for her efforts to aid Somalia.

In 1997, Robinson was appointed United Nations High Commissioner for Human Rights. She served in that position for five years. Her tenure was marked by controversy because of her outspoken criticism of human rights' violators and her views on civil liberties.

The University of Missouri-St. Louis invites you to the presentation of the

GLOBAL CITIZEN AWARD

to
The Honorable Mary Robinson

who will speak on

"World Peace in Relation to 9/11"

Wednesday, October 2, 2002
7 p.m.
Century Rooms (3rd Floor)
Millennium Student Center
University of Missouri-St. Louis

A reception will follow.
Parking available in Lot E.

This event is made possible by the
Office of Student Life and the
University Program Board with
assistance from the
Center for International Studies and
the Chancellor's Office.

The Global Citizen Award was founded by John Dill, past president of the Chancellor's Council and retired president and CEO of
Missy, to spotlight Chancellor Blanche Touhill's commitment to
"internationalizing" the university through the work of the Center
for International Studies. The university is dedicated to producing
students with the knowledge and skills they will need in a world where the responsibilities of citizenship are now global.

This award was created to make the ideal a reality, by honoring an
individual whose life and work are a powerful demonstration of the
values of global citizenship.
Virginia Barnes

This summer UM-St. Louis appointed Virginia Barnes to the College of Business Administration. She accepted the position as Director for Business Administration, Controlling Education and Outreach. Barnes comes to UM-St. Louis from the University of Missouri-Columbia, where she was the Director for Business and Government Development for 2 1/2 years. At UM, Barnes and her colleagues were largely responsible for developing a vehicle through which the University could communicate with businesses and disseminate its needs. In her current role, she offers her expertise in helping teaching, research and certificate programs by forming and articulating their relationship with businesses. Among the programs she initiated at UM were the University Business Connect initiative in the public relations department, her work with the University of Missouri Research Board, and the Missouri Small Business Development Center.

As director of this program, Barnes combines sales techniques, marketing strategies and public relations to market our organization, help them recognize any areas they would like to streamline and develop a solution that fits their needs. She has developed several tools to assist businesses in reaching their goals and objectives. She is currently involved in a program that assists businesses in the development of new markets.

Barnes grew up in Atlanta and was the sister of five children. She attended Georgia State University in Atlanta, where she received her Bachelor's degree in English in 1986. She received her Master of Business Administration from Florida State University, where she received a Master of Business Administration. She is currently involved in a program that assists businesses in the development of new markets.

Midwest marketing company is looking for college students to assist in concert promotion. Internship position. Requires posting flyers and going to shows to pass out flyers. Velocity Marketing. 866-715-9693.
On September 11, 2001, terrorists attacked the United States. The September 11 attacks were the deadliest terrorist attacks in American history. The U.S. government declared a state of emergency and the nation observed a moment of silence. The Arianna String Quartet performed "Adagio for Strings," a mournful piece. The audience stood in quiet reflection and recalled those who died that day. Amid the names of those who died, students, faculty, and staff gathered. Brenda Jaeger, President, said, "We can't live without dreams." Sam Andemariam, SGA President, read the biographies of several victims who died during the September 11 attacks on New York City, Washington, D.C., and Pennsylvania.

Tuesday 9 a.m. to 5 p.m.

The U.S. Army recruitment van including a Parachute Simulator and Climbing Wall.

by Kate Dreley

Senior Staff Writer

Students, faculty and staff gathered together on September 11, 2001, to commemorate the ten-year anniversary of the terrorist attacks on our nation.

Dave Robertson, Professor of Political Science, began the ceremony with "A Celebration of Life," to the Piano in a minor, where a live band performs. Robertson requested a moment of silence.

The Arizona String Quartet played "Adagio for Strings," a mournful piece. The audience stood in quiet reflection and recalled the tragedy that happened one year ago. Chantelle Black '07 played the piano and offered her thanks.

We cannot live without dreams.

Brenda J. Jaeger

President

Several small panels listing the names of those who died during the terrorist attacks on September 11 were displayed during the memorial in the Pilot House.

Several panels held in memoriam of those who died during the attacks. In front of the displays, small two tables covered in paper. Students had the opportunity to write their thoughts, prayers and feelings.

The Pilot House remained empty for the remainder of the day. The empty hall was a somber reminder of the past year.

The Pilot House was decorated by the Office of Student Life and Academic Affairs.
