New Administration Heads M.U., St. Louis Campus

Dr. James Bugg, Jr., professor of History at the University of Missouri, is the dean of the University's new campus at St. Louis. Dr. Bugg took over his permanent position as Dean of the Faculty on September 1, 1962.

Dr. Bugg, 43 year old native of Farmville, Va., attended Hampden-Sidney College for the first two years and then transferred to George Washington University. From 1943 to 1948, he was an active member of the United States Air Force. He taught at the University of Virginia and at George Washington University in Washington, D.C. before going to the University of Missouri in 1948.

Dr. Bugg went to Missouri University as a history teacher. He subsequently became chairman of the history department and, later, associate professor. From 1959 to 1962, he was Chairman of the History Department.

Dr. Bugg has moved here from Columbia and will return every Wednesday to conduct a graduate seminar in History, for the fall semester only. His most important responsibility will be to supervise the expansion of the St. Louis Branch of Missouri University which has been established by the board of curators after a $14,800 appropriation bill was voted by the legislature last year.

The new dean said the Missouri University-St. Louis campus will have the same well qualified faculty as the residence has had in the past years.

Dr. Bugg's direction the faculty has been divided into three divisions: the Humanities, the Social Sciences, and the Science Department. Under the direction of Dr. William Hambly, the Social Science Department directed by Mr. Harold Eickhoff, and the Science Department headed by R. W. Dubrovsky.

The new Business Manager and Director of Admissions will work the St. Louis Campus on a part-time basis while retaining their present positions at the University of Missouri at Columbia. John Perry, the new Business Manager at St. Louis, holds the position of Assistant Director of the Medical Center at Columbia, Hilliard Moore, Director of Admissions at the St. Louis Campus, is the Assistant Director of Admissions at Columbia.

Remodeling Begins on Campus

Following the passage of Bill 153 in Jefferson City, work has already begun on the remodeling of the St. Louis campus. Remodeling of the present building on the campus began in early July, but development of the new buildings will not begin until early spring.

Included in the developments, which were started during the summer, is the change made in the main office. It was completely rebuilt so that Dr. James Bugg and Dr. Stephen Groh with the student lounge and the student center will be added. The halls and the student lounge have also been remodeled. Other changes will include the moving of the residence halls and their student helpers into the new office.

Remodeling has been completed on the new residence hall. The new hall, which is now occupied by the students, will be open for the fall semester.

Three St. Louis Campus honor students, Michael Lindbergh, Toby Gralnick, and Darlene Wise, have been awarded scholarships to the University of Washington. The scholarships will be used for two consecutive years or until the requirements for a bachelor's degree are fulfilled. Each scholarship can be applied to the regular fall or spring semester provided the student satisfy the full-time basis and maintain a record deemed worthy of a scholarship student.

Lindbergh's scholarship provides full tuition and board for four years at the University for the next two years. Mike was a Student Association president for the school year 1962-1963 and is expected to apply the scholarship to a degree in political science.

Toby Gralnick, a campus sophomore last year, received an award of $675 for each of the two years at Washington University. Toby earned well his A.B. and, and M.A. degrees at Missouri University. He taught English for several years on the Columbia campus before coming to the St. Louis campus last fall. In addition to his work with the TIGER CUB, Mr. Gralnick hopes to form a Jazz club. No specific plans for this club have been made as yet.

The TIGER CUB staff welcomed Mr. Gralnick and any assistance he will be able to give them in publishing the "Tiger Cub" paper in the coming year.

Whealen New Advisor

For The Tiger Cub Staff

Mr. William Whealen, English instructor, will assist the TIGER CUB staff in publishing the newspaper this year. Miss Claire McDonnell, last year's advisor, has gone to Boston University to complete work on her Ph.D.

The University of Missouri by-laws require every chartered organization on the St. Louis Campus to have a faculty advisor. But, the TIGER CUB staff seeks Mr. Whealen's guidance, not because of this ruling but with the intention of receiving a more experienced and professional opinion concerning the suitability of certain material for publication.

Mr. Whealen's position as faculty advisor enables him to express his impartial opinion on all copy to be printed and advise the TIGER CUB staff on all deletions and omissions made in various articles.

After serving with the Navy, Mr. Whealen earned both his A.B. and, and M.A. degrees at Missouri University. He taught English for several years on the Columbia campus before coming to the St. Louis campus last fall. In addition to his work with the TIGER CUB, Mr. Whealen hopes to form a Jazz club. No specific plans for this club have been made as yet.

The TIGER CUB staff welcomed Mr. Whealen and any assistance he will be able to give them in publishing the "Tiger Cub" paper in the coming year.

A result of campus expansion, the limited condition under which the office staff performed this summer.

Today and tomorrow the St. Louis campus administration estimates six hundred and fifty student representing 74 high schools in the St. Louis area will register for the fall term. Students registering pay fees, pick up daily class schedules, buy textbooks, register cars, and buy yearly subscriptions to the TIGER CUB.

Sunday, September 15, at 3:00 p.m., the formal transfer of the Normandy Residence Center to the University of Missouri will take place. Mr. Edward Mosey, president of the board of education of Normandy school district will preside at the affair. Mr. Mosey will make opening remarks and sketch a history of the college including its purchase in 1958, its original plans of being a junior college supported by the Normandy school board, its growth to the Normandy Residence Center and future status as a separate branch of the University of Missouri in the St. Louis area.

At the formal stage the Normandy school district was forced to appeal to the Supreme Court for legislation to transfer the property directly to the University of Missouri.

Legislation passed by the House and Senate during the past year authorized millions of dollars to the St. Louis campus. $4,055,000 of which to be applied to the operation of the present building for the next two years, $2,000,000 to be used for the construction of the new building on the St. Louis campus.

Next on the agenda will be the introduction of the eight new faculty members of the Normandy district responsible for the growth of the St. Louis campus. Also introduced will be the city and county泗cey.

S. A. L. Y.

Miss Kathy Connolly, a sophomore and co-editor of the TC, was recently told by all of the advertisers that they are going to ignore the subject "Your University Commitment." Following Dr. Hamlin's address at the orientation sponsored by the Student Association, Dr. William Hambly, head of the English Department, will address the editors of the TIGER CUB, the city and county泗cey.

All students interested in writing for the TIGER CUB are invited to attend a staff meeting Monday, September 23 in room 127 at 3:00 p.m.

Bright Future Planned
For St. Louis Campus

Growth is the most important aspect of life. If a thing does not grow, it cannot endure and will soon be forgotten.

Growth at the University of Missouri has just begun, however, and with the transfer of property on September 15 the two year Residence Center will become a fullfledged four year branch of the University of Missouri.

Freshmen entering this September will be able to complete their education at the University of Missouri at St. Louis. Upper classmen will have to transfer to another college until 1965 when the junior year will be added, and 1966 when the school will expand to a four-year college.

Since the St. Louis Campus opened in 1959, enrollment has increased from 250 pupils in 1960 to approximately 650 this semester.

The 128 acres, bought in 1959 for $600,000, contains a clubhouse, a lake, tennis courts, and a golf course.

$3,500,000 has been appropriated by legislators for construction of two large buildings, a science building and a building containing classrooms. An additional $655,000 was appropriated for operation of the school for the next two years.

Dr. James L. Bugg, Jr., recently appointed dean, said construction of the two buildings will begin in March of 1964 and be completed by 1965. When the buildings are finished, the old clubhouse will house the administration offices, the library and the student union. The clubhouse has been used for classrooms since the Center opened.

The student body and faculty are expected by 1966 and 5,000 by 1970. By 1975, 10 or 12 buildings are anticipated to be on Campus. Estimated enrollment for that time is 15,000.

The school will continue to be primarily an arts and science institution. At present no graduate classes or dormitories are included in construction plans.

Salute to the Advertisers

In the past years the Tiger Cub has acted as the medium of communication for news and sports that are of great interest to the students of the Residence Center. We have watched and aided in the growth of the school from its very beginning as a one year university to a four year branch of the University of Missouri, which will officially take place on October 13, 1963.

We feel that the Tiger Cub owes much of its success to the past members of the staff. We also owe a great deal to the business men and women of the community who have placed a great amount of faith in both our paper and our school. These people are the advertisers whose advertisements adorn the pages of the Tiger Cub. We realize the importance of advertising as well as we know the importance of our paper and school.

The Tiger Cub cordially invites YOU, the students, to support your school, your paper and the advertisers both old and new for the '65-'66 school year.

We all know there are certain people in the world who belong to an elite group. They are grippers. These people are never satisfied with anything. They're either complaining because their team lost the game, the decorations for the party went up wrong, their grades were not satisfactory, the school doesn't have enough activities for them to find one suitable to join, or the activity they do join keeps them too busy to do anything else.

It seems as if this type of person always does the same thing—nothing! He never bothers to go out for the team, and whenever help is needed for the party decorations, either he has work to do on his car or takes his girlfriend out to get a new dress for the dance. They never try to complete assignments on time, and as far as activities go, they never bother to look around to see what activities are offered. If it happens that they select a club and join a club, they complain about the work they have to do or the time it takes to do it.

The way this person acts, of course, does not help his personality, and as time goes on he loses any friends he may have had at one time or another.

In contrast to this person are the people who always take part in school activities and have also time to get there assignments done. They seldom complain about anything, even when their team loses or the party decorations are not perfect.

When it comes to joining activities, this is the person who does not have far to look to find what he enjoys. If his favorite sport is football he can find other people who enjoy it, too, and if his best friend is a sports fan he will find his friend can help him pick a sport that is right for him.

In the same light, the student who has a great deal of interest in the work we are doing, has been allowed to express this interest and to develop his ideas. This person has a pleasing personality and is always willing to help with the work of the student publication.

The committee, which chose Carole Beiler for the nine applicants, is composed of representatives of the Kiwanis Club, Normandy High School, Incarnate Word Academy, Mr. Harry O'Brien, Mr. James Lammers, and Mrs. Cecilia Murphy.

We feel that our school offers much to the student, not only in social awareness and physical maturity, in the same light, the student's opinion concerning school affairs and activities is of great importance and through the Tiger Cub he is allowed to express this opinion.

We have found that every student that has walked these halls has acquired a strong school spirit which has gone unnoticed. This spirit has made for better students understanding of the ideals expressed in the Tiger Cub platform. This platform has and will remain as the backbone of the Tiger Cub for the entire school year.

In the September 13, 1962 issue, the Tiger Cub dedicated this platform to the public. This year we wish to dedicate it to our past editors and staff of the Tiger Cub and hope that we too can live up to the standards imposed by it.

OUR PLATFORM: Fighting for the Growth of the Student within the School and the School within the Community.
Faculty's Number Increases; New Subjects for Returning Instructors

Many new faces will appear among the ranks of instructors.

DAVID ALLEN: Mr. Allen received his B.A. and M.A. degrees from the University of Missouri. Mr. Allen comes to the St. Louis University campus after having taught English on the campus of Southern Illinois.

DR. RAY GENE BURNS: Dr. Burns carried his A.B. and M.A. at the University of Maryland and his Ph.D. in Diplomatic History at the University of Missouri. He taught at Goucher College, a liberal arts college in Baltimore, Maryland before working with the Far East division of the University of Maryland. Last year, he will teach western civilization at the St. Louis campus.

DAVID CAMPBELL: Mr. Campbell received his B.A. at Arizona State University and his M.A. at the University of Missouri. He has had one year of graduate work at Washington University. Last year, Mr. Campbell taught in an Arizona high school. This year, he will teach high school social studies.

SCOTT CHISHOLM: Mr. Chisholm earned his A.B. and M.A. and is in his second year of teaching. He has taught on a part-time basis at the University of Missouri and is accepting his position on the St. Louis campus. Mr. Chisholm will teach biology.

MARY DUFFEY: Mrs. Duffey recently received her B.A. and M.A. at Washington University. She taught at St. Louis University. She will teach economics.

Miss Helen Silberman, St. Louis University libraries' index carder, has reported that the library hours for this semester will be 8:00 a.m. to 10:00 p.m. Monday through Thursday, 8:00 a.m. to 4:00 p.m. Friday, and on Saturday from 10 to 4 or 12, depending on the day.

Miss Silberman will be aided by a full-time library assistant and several student assistants. Students will work 15 hours a week this year.

The arrangement of a new check-in desk makes it necessary for each student leaving the library with books to have them cleared by a check-out card. It is the fact that all late circulating books will be fixed at $1.25 per day, and reserve books fixed at $2.00 per day or fraction of a day. Students, however, will not be charged days and holidays will also be chargeable days in computing fines.

In addition to the remodeling that has taken place during the summer on other parts of the building, two large garage style lights which were originally in the central office have been installed in the south room of the library. The lights are also being used as air-conditioners which were removed from the Student Lounge. It was the decision of the administration to cool the library which will be on the first floor of the building.

Many new faces will appear among the ranks of instructors.

Many new faces will appear among the ranks of instructors.

Miss Silberman explained that the library is a study area with a work fare free from distractions; it is not a place for social gatherings.

JANIE PARRS: Miss Parks earned her B.A. and M.A. at the University of Missouri. She has taught two years at John Burroughs High School, St. Louis. Miss Parks will teach English.

DR. WILFIE REALE: Dr. Reale earned his Ph.D. at Columbia University in New York where he was a Phi Delta Kappa. His previous experience includes being principal in New York and Pennsylvania high schools. His last position was high school principal at Blaiss High School in St. Louis. He will teach English.

In addition to the new instructors, many changes were made in the subjects taught by returning instructors. Mr. Turner, English teacher, will teach accounting and statistics which he has never taught before. Mr. Griggs, Mr. Griggs, Mrs. Wright, will teach commerce. Mr. Smolwood, Mr. Smolwood, will teach German. Mr. Smolwood, Mr. Smolwood, will teach German.

Second Great Year for Concert Series

The annual concert series held on the St. Louis Campus will open its second great year. The Concert Series which proved to be a great success last year, will continue for another season. The first four concerts offered free of charge to the general public in the auditorium (Room 108). The concerts will be given every two months and will last approximately one hour.

The first concert on Monday, October 23, at 8:00 p.m. features the Armbuster String Ensemble under the direction of William Schatschneider. The Armbuster String Ensemble is a string orchestra composed of the most proficient members of the St. Louis Symphony, made debut last year on the St. Louis Campus.

The feature work at the first concert will be Sir Charles Hallé's, "Concertino d'Harmonie," composed in 1889. It was written for the famous violinist, William Schatschneider, who is still with us today. The first concert is the first time in the history of the concert series to have a feature work that is new to the community. In anticipation of continued support the Concert Series will be presented again this year.

The funds for the series have been made available in part by the St. Louis Musical Association and by the University.

Many new faces will appear among the ranks of instructors.
Doerr Leads Bowlers

Cari Doerr, junior, will head the St. Louis Campus bowling team in his fourth year of competition, beginning the week of October seventh. Many men interested in joining the team should contact Cari Doerr at EV 1-3768.

The American Bowling Congress sanctions the handicapped league. No prize money will be offered for the winning team, only funds for a first place trophy will be raised, allowing the league to operate well below the cost of other winter leagues.

Doerr explained that because of the league’s handicap and improvement in the league’s handicap and improvements the handicapped league.

No prize money will be offered to the team’s winning members. However, because new students are not familiar with the campus parking regulations, there will be no official parking ticket, may appeal his case to the student court. In return, the court will pass judgment to the validity of the charge against the student.

Besides parking in assigned areas, students must also closely observe other important traffic measures. The first is the 25 mph speed limit which will be strictly enforced, and the second is the stop sign on the east end of the building. Again you don’t have to obey these signs either, but if you do drive at 25 mph, you’ll become a model driver.

For a parking sticker, only $1.00 fine, the second $3.00, and the third results in off campus parking for the remainder of the school year. Of course you don’t have to pay the fines if you don’t want to, but any fines incurred will have to be paid before you receive your grades. Any student who feels he has unjustifiably received a parking ticket, may appeal his case to the student court. In return, the court will pass judgment to the validity of the charge against the student.

The University of Missouri Extension Division will hold the majority of its Adult Evening Classes at the St. Louis Campus. Approximately 70% of students are expected to attend classes which begin September 23rd at 7:30 p.m.

For the benefit of South County residents, classes will be held at Lindbergh Junior High School, Normandy High School, Missouri School for the Blind, Maplewood-Richmond Heights Junior High School, McKnight High School, and Webster Groves High School, each school will be assigned areas or responsibilities.

MU Reveals Deans List

Fifty-two St. Louis Campus students, enrolled for fourteen or more credit hours in the winter semester, 1963. These grades are based on the four point system and qualify the students for the Deans’ list.

The following students achieved a grade point average of 2.75 or better:

- Marilyn Minnones
- Pat Murphy
- Kenneth O'Donnell
- James O'Shea
- James Peterman
- Ronald Hustay
- James Rosenfeld
- Dean Binning
- Sharon Russell
- Nell Siders
- Richard Sedlak
- Deborah Spence
- Mary Spurlock
- Myrna Stacy
- Alan Stein
- Gerald Stimson
- Larry Stogsdill
- Earl Stover
- Roy Walkenhorst
- Albert Wasserman
- Dave Weidman
- Barbara Wolfe
- Sandra Wolf
- John Worsnop
- Barbara Yaffee

New Subjects Provide More Classes;
Music, Education Courses Included

Due to the increase in the number of students attending the University this fall, several changes have been made in the curriculum. B 125 History of American Education, a comprehensive study of the development of American education, is a new course in the School of Education. In the School of Arts and Sciences, the American school system and the social forces affecting American education.

Music 21 An Introduction to Music Literature, gives no credit for music majors. It is simply a survey of materials of music including selected masterpieces from all fields of music literature. This music course may be taken in partial fulfillment of the thirteen semester hours of Elective Division required for a degree in the College of Arts and Letters. Music 21 an Introduction to Music Literature gives no credit for music majors. It is simply a survey of materials of music including selected masterpieces from all fields of music literature.

Two courses have had course numbers changed. Western Civilization 2 has been changed to Western Civilization I. The greatest advantage of the change is the time period studied. Course No. 1 covers the period of B.C., to the beginning of recorded history, and time to 1600 A.D. Course No. 2 covers the period from 1600 A.O. to the present.

St. Louis Campus Night School Enrollment to Reach 700 in '63

The University of Missouri Extension Division will hold the majority of its Adult Evening Classes at the St. Louis Campus. Approximately 70% of students are expected to attend classes which begin September 23rd at 7:30 p.m.

For the benefit of South County residents, classes will be held at Lindbergh Junior High School, Normandy High School, Missouri School for the Blind, Maplewood-Richmond Heights Junior High School, McKnight High School, and Webster Groves High School, each school will be assigned areas or responsibilities.

The Division is offering fifty undergraduate and graduate courses for credit in art, accounting, business, economics, education, English, French, geography, history, government, horticulture, journalism, library science, mathematics, engineering, drawing, nondestructive testing, philosophy, psychology, sociology, speech, and conversation. A minimum of twenty students will be required to form each of the courses.

All but seven courses carry three hours of credit and meet from 7:00 to 9:30 p.m. Two hour courses meet one evening each week for two and one half hours, for eleven weeks. Three hour courses meet one evening each week, for two and one half hours of instruction, for sixteen weeks. The fee is $15.00 per semester hour. All fees will be returned if the class does not materialize.

Enrollment will be from 4:20 to 8:30 p.m., daily, Sept. 9 through 13 on campus.

In Memoriam

It is always saddening to hear of the passing of a dear friend. On April 15, 1963, we lost one of our most dear friends, Russell C. Creel, son of Mr. and Mrs. Russell C. Creel, of 2810 South Daniel Lane, Florissant, drowned this summer while swimming in the Big River in the state of Arkansas. The accident occurred sometime after 3:00 a.m. on April 15, 1963, He was on an outing at a resort near House Springs, Mo. Two Jefferson County Sheriff's deputies and three freshmen from Highridge tried to revive him but failed. He was pronounced dead by a physician who later arrived on the scene.

Russ was well known and liked by many friends on this campus. He was planning on majoring in business and was an active member of the bowling team. This would have been his third year at the St. Louis Campus. Speaking on behalf of not only the staff of this newspaper but also the whole student body and the faculty, we would like to extend our deepest condolences to Russell's immediate family.
