SA Executive Elections Tomorrow
Two Parties, Independent Compete

Senate Elections Also Tomorrow In Main Lounge
Social Activities Discussed At Senate Meeting

The Student Association Executive election will take place tomorrow, March 23, from 3:00 p.m. to 3:40 p.m. in the main lounge. As a result of the primary, March 17, there are four United Student candidates, two candidates from the Colligate Party, and one independent candidate.

A final tabulation of the votes from the primary show that 257 students voted, with Dave Zerrer, leading the three presidential candidates with 101 votes, Bill Price next with 94, and Allen Payne 45.

Other students gathering votes were Ron Strawtham, four votes; Charles Curtis, one; and John Rudy, one. One voter was disqualified.

At the general assembly held March 23, the candidates for executive officer presented their qualifications and platforms to the student body.

Executive Officer's qualifications on Page 3

The United Student Party is the only ticket remaining to offer voters a candidate for each office. Dave Zerrer is Presidential candidate, Elaine Stack, candidate for Treasurer, and Mike Mikulski candidate for Treasurer.

The Colligate Party is left with only two candidates, as a result of Allen Payne's elimination in the primary and no candidate for the Treasurer's position. Paul Henten is candidate for vice-president, and Sue Keim is the secretarial candidate.

Bill Price is running independently for the Vice-President's position.

The 257 students who voted in the primary election is approximately 32% of the student body (784).

Senate Elections

Also being held in the main lounge are elections for the St. Louis Campus Student Senators, which will determine the sophomore Senator for next year. The number of Senators to be elected will be determined by proportion, three per cent of the students from each class, and will be in office from June, 1964 to June, 1965. The only stipulation for Senators is a 2.0 grade point average. The proportion of Senators to be elected will come up for revision each spring semester as the number of students increases.

When the TIGER CUB went to press, nine petitions for Senator had been turned in. The nine are: Marsha Mcmahon, Anita LoVan, Linda Muelker, Lloyd Hill, David Decker, Elizabeth Barrett, Ginger Eichman, and Mary Ellen McKay.

SA Purpose Stated at Meeting

At the March 16 Student Association Senate meeting, Bill England, President, outlined the two main jobs of the SA. He stated that it is President the governing force of the school. It should organize and supervise campus activities; these two purposes should be carried out in this order.

Also discussed at this meeting were tentative plans for the Inaugural Ball to be held May 2 at the Sheraton Jefferson Hotel and a four-day, which was proposed by Bill Fusner, Student Activities Chairman, to be held in April.

Convocation April 10
Classes Dismissed

A convocation to honor all students with a grade point of 3.4 or higher will be held in room 108. April 10, at 10:00 a.m. Guest speaker at the convocation will be Dr. Edward M. Palmquist, associate dean of the School of Arts and Science at Missouri University, Columbia, Dr. Palmquist will speak on "Birth of an Idea," a lecture on Darwin.

All classes will be dismissed for the convocation.

New Constitution

The revised SA Constitution of the St. Louis Campus will be available to all students in Room 127, from 10:00 a.m. to 11:00 a.m. any day next week, March 30, through April 4.

The revised constitution was passed March 6, 1964, 140 for and 16 against. The constitution was not passed.

Young Republican Club
Forms on Campus

On March 11, the young Republican Club was formed at Missouri University, St. Louis. Dixie McDonald presided over the meeting and Bill Ehrlich, sophomore, was elected temporary president. All this meeting committee was set up to take charge of financial and publicity problems, and social events were planned for the coming months.

Students present for the meeting were heard to be President of the St. Louis University Young Republican Club explain the essentials in forming and keeping the club active.

The next meeting will be held in room 108 at 2:30 p.m. on April 1. Students interested in attending will be interested in joining the club.

Mid-day event will be an informal gathering at the Kegs.

APRIL 10th...Convocation to honor students at 10:00 a.m. in room 108.

Construction to Begin Shortly
Perry Sites Two Problems

Proposed plans for the new laboratory and classroom buildings on our campus have been approved and construction is about to begin. Mr. Perry Perry, University business officer, stated that bids for construction will be called for in mid-March and will be returned in mid-April, with the work to begin shortly thereafter.

During the last session of the Missouri Legislature, $3,500,000 was appropriated for construction and equipping of the building. Building will be added as funds become available from state appropriations.

Present plans call for a five-story office building flanked on one side by a wing containing four auditoriums, and by a three-story laboratory building, also on the first floor. The second floor will be teaching space, with a 350 seat lecture hall on the first floor.

The classrooms will contain 100. The windows will be left open to the sky, facing the lake. The second floor will have entrances facing Natural Bridge.

Completion of this building is scheduled for the fall of 1965. With this addition, our enrollment can increase as quickly as faculty members can be added.

Mr. Perry outlined two main areas which must be given careful consideration in the development of the campus. These are parking and a Student Union building.

If parking is a problem, what will be like with 3,500 students attending classes daily? Plans call for a parking garage with elevated levels, comparable to those in downtown St. Louis. A student Union building must be planned which will contain ballrooms, offices for student organizations, recreation rooms, and a large cafeteria which is sorely needed.

Where the funds to build these installations come from is still in doubt. It is hoped that the state will furnish some of the money needed. Bids may be sold by the school to finance the balance. These are two problems that must be faced in the near future by the Student Association and administration.

Concluding Concert to be Held April 11

The final presentation in the St. Louis Campus Evening Concert Series will feature the St. Louis String Ensemble, conducted by Dr. Henry Orland, Dr. Orland, born in Strasbourg, France, now lives in St. Louis and is professor of music at the St. Louis Institute of Music and the St. Louis Junior College District. This concert will be held at 8:00 p.m., Wednesday, April 1, in room 108.

A featured work on the program will be the world premiere of Dr. Orland's, "Symphony No. 4, opus 25." In this symphony are three movements which present three aspects of the Young Republican Club: of Love and the Eternal Feminine:

1. Woman (Tragedy), dedicated and sacrificing, abandoned by Man but eventually redeemed by Man's Love.
2. Woman (Tragedy), w hich is the number of petitions for Senator. It is hoped that many will attend whether interested in joining or not. A surprise speaker is planned for the meeting.
3. Woman (Psychic), lofty soul and irresistible beauty, naive and passionate, enduring other women's selfishness and jealousy against her, eventually redeeming herself and distilling love between Self-Love and Total Love before being eternally reunited to Eros.

Solobists in this featured work will be Virginia Settle, soprano, and Jack Hart, runner. Mrs. Settle has appeared with the St. Louis Symphony Orchestra, the Opera Company of the St. Louis Institute of Music, the St. Louis Civic Opera and the Grand Opera Guild. Last summer she attended an opera seminar in Munich, Ger-many. She is presently teaching at St. Louis Institute of Music and at Maryville College. Mr. Hart is a well-known pianist and plunger teacher in the St. Louis area. He has taught at St. Louis Institute of Music and currently teaches privately.

Continued on Page 2
Enrollment Closed for Fall Semester

The St. Louis Campus of the University of Missouri has been forced to close enrollment for the 1964 fall semester, Dean James L. Bogg, Jr. announced. He cited the limited physical facilities and an unusually heavy number of early applicants as the reasons for the decision. He emphasized that this does not apply to the Evening Division or to the 1965 summer session for which admission is still open.

Dean Bogg pointed out that the St. Louis Campus now has only one building which contains fifteen classrooms, one lecture auditorium, and two laboratories. A new building complex, which will provide adequate classroom and laboratory space for a student body of approximately 3500, will be completed in the fall of 1965.

"We are already ahead of the anticipated enrollment for this stage of our development," Dean Bogg explained. "We had expected to admit a maximum of 600 students last fall, but the demand was so great that we increased this to 673. This semester we have 784, and next fall we shall increase this to approximately 900. This will require us to schedule late afternoon classes in order to utilize the building up to the time the Evening Division classes begin, 900 is the absolute maximum," Dean Bogg explained further that the new campus intends to expand as rapidly as state appropriations can be secured and buildings can be constructed.

Additional story on Page 1.

Speaker on Genetics

Dr. Hampton L. Carson, Professor of Zoology at Washington University, spoke recently on "What Biology Means to Ordinary People" in room 108, Dr. Carson, who has done much research in genetics, taught in Melbourne, Australia as a visiting professor.

According to Dr. Carson, the entire new concept of organisms growing from only two cells was the greatest discovery of the last century and has greatly influenced the study of genetics. During the last 20 years, geneticists have been striving to understand how an organism is directed to grow like its parents. The discovery of DNA, the code which determines these characteristics of the organism, was made here in St. Louis by Albert Hersay working at the Washington University Medical School.

As to whether heredity or environment determines the actions of a child, Dr. Carson said each has its role. The only question is to what extent each affects the child's mind is like a book with heredity determining the quality, and size and experience filling in the blank pages.

Dr. Carson also spoke on the origin and migration of man. He said that man, by migrating over the earth, has caused slight changes in the human body caused by the geographical area in which the different groups settled.

After a question and answer period, the audience adjourned for refreshments and an informal discussion with Dr. Carson.

Officers Elected

The newly elected officers for the 1964-1965 Newman Club are Bob Brown, president; Sharon Smith, vice-president; and Dick Bauer, activity chairman. Frank Kraft is chairman of the Intercollegiate Basketball Board and Sharon Wood and Mary Dolan are Co-chairmen of the Intercollegiate Volleyball Board.

The Newman Basketball team is meeting Washington University's team at 7:00 p.m., March 20, at Washington U. After the game there will be refreshments available in the Newman Center, 6352 Forsyth.

There is a mass each Friday at 3:00 p.m. at Mount Providence School for Boys on Florissant Road at Highway 70 (three minutes from school).

All girls interested in the girl's volleyball team which is just starting, get in touch with either Sharon Wood or Mary Dolan.

EDITOR IN CHIEF - Kathy Connally

Positions

Any student interested in securing a position on the TIGER CUB staff for the 1964-1965 school year should contact Kathy Connally, editor; Pat Knarr, assistant editor; or Mr. William Whealen, sponsor as soon as possible.

Requirements for the editorship are good scholastic standing and a B average in English Composition 1 and 2 or a B in English 4530 or the recommendation of their last composition teacher. Other positions, page editors, sports and feature writers, must have a B average in English 1 and 2 or the written recommendation of their last composition teacher.

April 6 is the deadline for all petitions for editor and co-editor to be turned in to the English Department.

CONCERT Continued from Page 1

Other selections to be presented are "Two Elegiac Melodies, op. 34" by Edward Grieg (1843-1907), "Sonata No. 3 in C Major" by Giacomo Rossini (1792-1868), and John Ireland's "Concerto Pastorale." According to Mr. Charles Armbuster, Chairman of the University's Cultural Events Committee, the Concert Series has proved to be very successful. Each concert witnessed a large group in attendance. The first concert in the series was presented October 23 and featured the Arlotta Ensemble, William Schatzkamer conducting. This was followed by Carolee Coombs, soprano, on December 18.

Tentative plans are to allow students to swim this summer. However, no definite plans have been announced as to the cost per student to pay for a lifeguard. (Editor)

Announcement

Starting April 13 through April 24, all students planning to return to the St. Louis Campus for the Fall Semester 1964 should see their adviser to plan their schedules. After completion of a satisfactory schedule these students must make a $20 deposit on their incidental fees in order to secure a place for next fall. Specific instructions will be issued in the near future.
In And About The Campus

by Joel Parks

With spring approaching, the effects of the warm weather can be seen on the students of the S.L.U.M. CAMPUS. At present we have one of the largest, most beautiful, uncluttered campuses in the area. Because of the vast tracts of uninhabited land, in connection with the warm weather, strange effects may be seen on many of the students on campus.

Students who seem to have slept with their eyes open through most of the January months eagerly are compelled to take a "natur walk" to the far reaches of this campus, especially if their steady cuts English class to accompany them. Someone will open the windows in the cafeteria letting five months accumulation of cigarette smoke escape. While the smoke is billowing out the windows, someone from Normandy Junior High School will call Dean Baud reporting our turnday condition by shouting that our cafeteria is on "Fire."

Driving enthusiasts will torque up their machines for a spin around the campus, circumventing our campus (well it only misses going all the way around by about fifty feet.) This year a new idea in folk singing under the pine trees will also be incorporated into the unplanned activities.

On the first of April everyone will be watching the lake to see if the 600-ton sea monster will make his usual appearance. Last April first he was reported dead from an attack of indigestion after eating one of the cafeteria's hamburgers. An unconfirmed report has reached the SA office from last semester's zoology students stating that the monster "has fully recovered from last year's traumatic experience and has fashioned himself a green Beatle Wig!" from the sea-weed he swims in, on, around, with, by, and through. He intends to descend on the cafeteria in revenge, singing "She loves me, yes, yeah, yeah...."

A drive has been started to fill the swimming pool with beer again this year (it was unsuccessfully attempted last year) but it is feared that the faculty will erect signs around the pool declaring "For Faculty Use Only!" If the beer filling plans fall through again this year the pool will be filled with water just in time for all the regular full time students to enjoy one swim, that is, if they are lucky.

Circle K Club Established Here, Elected Officers Plan Activities

In cooperation with the Normandy Kiwanis Club, Mr. Richard E. Hiefer, an officer of the General Insurance Corporation of America, and Mr. E. Turner, instructor in accounting and statistics, have collaborated in establishing a Circle K Club at the St. Louis Campus. The Circle K Club is organized to serve the community, the school, and its members. Meetings are held every Wednesday at 11:00 noon in room 257. All interested male students, not on scholastic probation are welcome to attend. Tentative plans for activities include a lecture by Wayne Goode, state congressman, and a picnic near the end of the school term. Each week, one member of the club is invited by Mr. Hiefer to attend a luncheon at Normor Country Club as a guest of the Normandy Kiwanis. Each weekly luncheon has a guest speaker and provides college students opportunities to get acquainted with businessmen in and around St. Louis and to obtain a better understanding of civic life in the St. Louis area.

CANDIDATES FOR SA OFFICES

Candidates For SA Offices

United Student Party

Dave Zerrer, United Students' candidate for the presidency, has been a member of the Senate for two semesters and has been active in committee appointments. He has increased his campaign for his two semesters on Campus. Zerrer graduated in 1962 from St. Thomas Aquinas high school where he was a member of the Senior Planning Committee. He was active in intramural football last season, and is majoring in English.

Bill Price, independent candidate for president, achieved a 3.18 grade average in his first semester on the Campus. He is a member of the newly-elected Senate and is active on the Social Committee.

Price graduated from Normandy high school where he was a member of the marching band and ranked 38 out of 451 graduating seniors. He plans to major in Journalism.

Collegiate Party

Paul Benton, a graduate of Normandy high school and Collegete's candidate for vice-president, achieved a 2.92 grade average in his first semester on the Campus. He is a member of the Science department under Mr. Harold Eickh- off, Miss Polly Ann Gehr, and Miss Mary Jane Mentzel, Ron Pipkins, and Debbie Spencer.

The faculty has students doing bibliographic work, typing, and acting as lab assistants. They are Bill Eckhous in the science department under Mr. David L. Campbell, Mary Epstein and Janet Wahl in the social studies department under Mr. Harold Eickhoff, Mary Hugel in the language department under Mr. J. Hergenreder, and Esther Mueller under Miss Catherine Wetteroth, Betty Karsted in the humanities department under Dr. W. C. Brown, and Michael Shepherd in the accounting and statistics department under Mr. Em- ery C. Turner.

Assisting Miss Silverman in the checking-out and returning of books, the repairing of books, and the general upkeep the campus library are Ken Campbell, George Cull, Barb Diebold, and Bob Madd.

The regular maintenance men also have student assistants to help them keep the campus in best operating order.

These students are Robert Mack, Sterling Vasser, and Dave Zerrer.

STUDENT HELP NEEDED

MALE STUDENTS DESIRE PART-TIME WORK, EARN HOURS. MM, TUES. THROUGH FRIDAY FROM 10:00 A.M. TO 1:30 P.M. SHOULD APPLY AT THE PER- SOON OFFICE, UNITED PARCEL SERVICE, 501 SOUTHWEST, ST. LOUIS, MISSOURI, ANY DAY EXCEPT SUNDAY.

WORK CONSISTS OF SORTING AND LOADING SMALL PARCELS.

Second Place Trophy Awarded to Cubs as Sanford Wins Championship Game, 82-73

Sanford-Brown Business College dethroned the Tiger Cubs as champions of the Greater St. Louis College Conference by dumping the St. Louis Campus cagers, 96-76, in the league playoff battle at Concordia Seminary March 9. Coach Bob Meyers' squad finished the season with a record of 12 victories and 14 defeats.

The game was tied three times in the opening minutes, but Sanford grabbed the lead to stay at 7-5. The first half ended with Sanford on top, 44-25. Dave Willson's 12 first period points kept the Black and Gold cagers in contention.

Sanford held leads of as many as 21 points on three occasions in the second half before the Cubs rallied to cut the margin to nine, 82-73. At this point Sanford regrouped its offense to put the game out of the St. Louis Campus team's reach.

Willson paced the Tiger Cubs' scoring attack with 22 markers, while Bob Brooks and John Sarantakis fired in 16 and 12 points, respectively.

The St. Louis Boys' Club knocked the Tiger Cubs out of the championship bracket of the Kiwanis Invitational Basketball Tournament March 5 by nipping the squad 86-85 in overtime at the Boys' Club gym. The defeat snapped an eight game St. Louis Campus winning streak.

The Cubs overcame a 45-36 halftime deficit to knot the score at the end of regulation time in the semi-final contest. Rich Malter topped the St. Louis Campus scoring attack with 16 markers.

The cagers rolled to their eighth win by smashing Frisco Railroad, 109-71, in an opening round contest of the KIBT, March 2. Every member of Coach Bob Meyers' club scored, with Charlie Flatopidis and Bob Crews notching 22 and 21 points, respectively.

The Tiger Cubs completed their regular season with a 108-58 triumph over Christian College at St. James gymnasium February 28. The victory enabled them to tie Sanford-Brown Business College Conference.

Bob Brooks and Charlie Flatopidis topped the high-scoring Black and Gold cagers with 25 and 22 markers, respectively, while Ron Pipkins and Rich Malter and Jim Naughton (11 apiece) and Gary Clark, 10.

John Sarantakis' two clutch field goals with less than a minute to play boosted the Tiger Cubs to a thrilling 77-74 victory over the St. Louis Boys' Club February 27 at Normandy Junior High. The win avenged an earlier loss to the same team.

The game was tied nine times, but Sanford emerged with the lead, 44-43, with 2:47 left in the opening minute. The Black and Gold cagers continued their hot shooting in the second half, but Bob Brooks and Charlie Flatopidis sparked the Black and Gold scoring attack with 24 points, while Ron Pipkins and Bob Brooks pitched in with 15 markers apiece. Rich Malter and Bob Crews fired in 13 and 10 points, respectively.

The Tiger Cubs extended their winning streak by downing Logon College, 98-74, in a Greater St. Louis College Conference contest February 26 at Normandy Junior High.

Coach Bob Meyers' cagers trailed only once, 2-1 in the opening minute of the game. The Black and Gold cagers continued their hot shooting in the second half, but Bob Brooks and Charlie Flatopidis sparked the Black and Gold scoring attack with 24 points, while Ron Pipkins and Bob Brooks pitched in with 15 markers apiece. Rich Malter and Bob Crews fired in 13 and 10 points, respectively.

The cagers drubbed the St. Louis College of Pharmacy, 94-72, on the Concordia Seminary court, February 18.

The game was tied nine times, with the largest lead being an eight-point advantage by the Cubs twice, 18-10 and 33-25. The best color of this game was that Charlie Flatopidis hit a 3-point shot from the three-point line to tie the game, 77-77. The Black and Gold cagers shot 61 percent from the field and the St. Louis Campus team shot 54 percent.

The St. Louis Campus cagers had to check a determined rally by the Pharmacy club which cut their lead to only 10 early in the second period. Charlie Flatopidis netted 21 points to lead the St. Louis Campus squad scoring barrage, and received able support from Bob Crews and Bob Brooks who gathered 17 markers apiece.

Team Records
L.P. - $2.80, 45'-98
B. Brooks - (personal high) played whole season (26 games) without a break!
G. Clark - five fouls in four minutes.
B. Crews - (national high) 47 consecutive shots without a miss. (Come to six practices)
E. Floyd - played 11 games without a pair of pants!
R. Malter - (1 game record) 18 assists AND 25 GAMES PLAYED IN A DAZE.
L. Mickey - (personal high) two (2) points.
J. Naughton - average dropped from 14 to ?
R. Pipkins - tearing down four back boards on layups.
C. Flatopidis - 12 consecutive games without a knee brace or a rebound.
J. Sarantakis - 29 consecutive starting and scoring games, (personal high) scored 100 points in a game.
T. Thoele - 58 consecutive bounces before passing off.
D. Willson - eight consecutive games without a bloody nose!

SA Announces Intramural Funds

Student Association funds appropriated to the Intramural Committee of the Senate will principally be used to purchase athletic equipment, Bob Duffin, Intramural Chairman, has reported.

Nearly a third of the $250 appropriated will be spent for two basketball goals and standards to clothing a trophy case in the front hall. The funds for the project will not come from the budget already appropriated by the Intramural Committee.
