Fall Staff Association Meeting

The bi-annual Staff Association meeting is scheduled for

**Wednesday, September 11th, 2013**

**202 JCP Building**

This meeting is open to all staff. Please feel free to bring your lunch and eat during the meeting. Meet your 2013-2014 Staff Council, get campus and university updates from Chancellor George, learn about UMSL Month of Giving coming up in October, and learn more about UMSL’s Strategic Plan and what staff can do to contribute towards our strategic goals.

-Meg Naes
Message from the Staff Council President

Congratulations to this year’s Staff recipients of the Chancellor’s Award for Excellence:
John Burton, Service/Maintenance
Kelly Gregory, Administrative/Professional
Kimberly Stanger, Office/Technical

These awardees will be recognized at the Founders Dinner on Thursday, September 19th and again at the State of the University Address on Thursday, September 26th at 3:00pm in the J.C. Penney Conference Center. I invite and encourage all of you to attend the State of the University Address to not only celebrate these staff who demonstrate exceptional competence, commitment and customer service, but to also recognize the many outstanding achievements of our campus community throughout the year.

Congratulations, John, Kelly, and Kimberly on this outstanding recognition!

MSC 1st Floor Nosh
ShoreTel Communicator

You have received your new ShoreTel IP phone, but you would like to understand the benefit of moving to an IP phone. The answer is simple – features, features, and more features!

The new ShoreTel system has a software application that can be downloaded to your computer called “ShoreTel Communicator.” The ShoreTel Communicator software enables your phone and computer to communicate with each other. You can make setting changes to your phone, choose which voicemail messages to listen to first, check your call history, integrate with Outlook to receive voicemail through your email (a great way to pick up messages from your smart phone or tablet while away), search for colleagues’ phone numbers in the Directory, and more.

Information about ShoreTel Communicator is available at http://www.umsl.edu/shoretelinfo
This page has the link to download the software free of charge to your computer, instructions for setting up ShoreTel Communicator, and a link to an online tutorial created by ShoreTel.

ITS is happy to present ShoreTel Communicator training sessions, led by an instructor. Attend one of these sessions to learn about the many benefits of this software and how to use it. A session schedule is available online or you may contact Mary Brown to schedule a specialized session for your department.

Mary Brown and Meg Naes
This month’s Staff Council meeting will be held on Thursday, September 19th at 1:30pm in 305 Clark Hall. Monthly Staff Council meetings are open to the campus community. Please join us as we receive updates on campus & university business, Staff Association events, and more.

Our special guest speaker will be Megan Green, Director of the Office of New Student Programs. Megan will discuss two upcoming events: Family Weekend and the Jubilee Service Project, all occurring October 4-6.
Need a delicious, healthy alternative to the vending machine? Let the Belleville Farmers Market deliver a fresh snack to you weekly with Fruit My Cube!
Fruit My Cube (FMC) is a delivery service offered across the STL region to individuals at local businesses. They offer “mini” cubes and regular cubes of fruit as well as Q-buddy snack boxes and Market Crates of fresh vegetables each week delivered right to your workplace. Fruit My Cube participation is completely optional and you can opt-in and out on a weekly basis. In short, pay as you go.
UMSL is a participating drop off location. If you decide to order, your cube will be delivered to MSC 225 on Monday afternoon. When it’s dropped off, you’ll receive an email letting you know that you have been “cubed” and you can pick it up at your convenience. It’s that easy!
If you’d like to learn more about the program or sign up for a delivery, you can check out their website at [http://www.fruitmycube.com/](http://www.fruitmycube.com/)
