ADDENDUM 1
TO
DUAL ADMISSION TRANSFER AGREEMENT
BETWEEN
ST. LOUIS COMMUNITY COLLEGE

AND

THE UNIVERSITY OF MISSOURI BOARD OF CURATORS ON BEHALF
OF THE UNIVERSITY OF MISSOURI-ST. LOUIS

This Addendum 1, made and entered into this __________ day of October, 2011,
by and between the St. Louis Community College and the Curators of the University of
Missouri on behalf of the University of Missouri-St. Louis amends the Dual Admission
Transfers Agreement entered into the Fall of 2008 between the same parties as follows:

1. Under the Tuition and Fees Section of the said agreement, “DAP students will be
   allowed to combine credits from UMSL and STLCC for full-time status for
   federal financial aid to be received from their “home” institution.

2. As this is a binding agreement, the provisions of said agreement should supercede
   the current UMSL 2010-2011 Consortium Agreement for Federal Title IV
   Financial Aid Programs for those actively participating in this program.

3. Effective fall 2011 and forward, the academic units and financial aid will be
   provided with a current list of participants by the Office of Transfer Services prior
   to the beginning of each registration period to verify and ensure that these
   students are processed smoothly and according to the provisions of the agreement.

All provisions of the original Agreement not specifically modified shall remain the same.

Dual Admission Transfer Agreement
Between
St. Louis Community College
And
The University of Missouri Board of Curators on behalf of
The University of Missouri-St. Louis

University of Missouri – St. Louis and St. Louis Community College have a long standing partnership and a strong tradition of working together. This relationship has resulted in benefits for many students, the local community, and both institutions. It is upon this relationship that University of Missouri - St. Louis, (hereafter UMSL), and St. Louis Community College, (hereafter SLCC), enter into this Dual Admission Program, (hereafter DAP) in order to enhance mutual cooperation, to better facilitate the transfer of students between institutions, and to further increase benefits derived from this relationship.

The Dual Admission concept outlined in this agreement will result in an even higher level of service to students. Students who enter into this agreement will maximize the transfer of credits, will enjoy access to resources at both institutions throughout both degree programs, and will receive advising and support at UMSL or on-site as they pursue the associate and baccalaureate degrees.

Provisions

- Dual admission to UMSL and SLCC is available to students planning to complete an Associate in Arts (A.A.), Associate in Science (A.S.), Associate in Fine Arts (A.F.A.), Associate in Arts in Teaching (A.A.T.), Associate of Applied Science in Human Services, Criminology and Criminal Justice (A.A.S.), or Associate in Nursing (A.D.N.) degree at SLCC and a baccalaureate degree at UMSL. The DAP facilitates the transfer of students from SLCC to UMSL.

SLCC students who fulfill the requirements of the DAP are guaranteed acceptance into UMSL with full junior status. However, students must meet departmental requirements for acceptance into specific majors such as Nursing, Education, Business, Social Work, and Engineering.

SLCC students who transfer with associate degrees that do not fulfill the CBHE approved 42-Hour General Education requirement may have to attend additional semesters to complete their baccalaureate degrees.

Dual admission does not guarantee graduation within a specified timeframe from either institution.
The UMSL catalogue that is in place at the time the student is admitted to DAP will be the catalogue that will determine that student's graduation requirements provided that constant progress is made toward completion of the degree. As an SLCC student, the progress toward the AA/AS degree will be governed by the SLCC catalog under which the student initially enrolled provided that the progress is "continuous" as defined by SLCC.

Admission Process

Separate admission applications are required for SLCC and UMSL. Transfer students who have earned at least 24 semester hours of college-level credit with a 2.0 cumulative GPA (on a 4.0 scale) and meet all other UMSL transfer admission requirements are eligible to participate in DAP. They must submit their dual admission application to UMSL prior to completing 45 hours of college credit.

NOTE: This college credit requirement does not have to be earned at SLCC only. New transfer students entering SLCC who meet the admission requirement outlined above will be eligible to participate in DAP concurrent with their admission to SLCC.

First-time college students who enroll at SLCC and also meet UMSL’s first-time college student admission requirements will be eligible to participate in DAP concurrent with their admission to SLCC.

The UMSL application fee will be waived for SLCC students participating in DAP.

At the time of application to the UMSL DAP, the applicants must request official transcripts from all previously attended institutions. The transcripts must be forwarded directly to UMSL. This includes official high school transcripts when required by degree or if the participant is a first-time college student.

Students wishing to participate in DAP shall complete and submit a "Statement of Intent to Participate" form. This document will be shared between UMSL and SLCC, with each institution maintaining a copy on file from the date of acceptance.

The "Statement of Intent to Participate" form will also serve as a Release of Information that authorizes the institutions to share appropriate admission, financial, academic, and advising information concerning the enrollment and performance of the student.

UMSL will host a Dual Admission Information session for all new DAP participants on the SLCC campuses each semester.
Criteria for Maintaining Dual Admission Status

Students must maintain a cumulative grade point average of a 2.0 (4.0 scale) based on all college-level course work (that is, 100 level or above) as calculated by the sending institution.

Students in DAP must maintain good academic standing as defined by each institution. A student who is dropped from the DAP may continue at either institution if academically eligible to do so. When good standing is regained, the student may be reinstated to DAP as long as he/she is still within the 45 credit hour limit for participation.

Students must complete the appropriate transfer degree at SLCC within three years of acceptance into the DAP and enroll at UMSL within one academic semester following graduation from SLCC.

At any time before the completion of the transfer associate degree at SLCC, the student may end the dual admission agreement. He/she will be expected to submit in writing to both institutions their decision to withdraw from the program. This student will now be subject to standard application and admissions procedures at UMSL.

Transfer of Credit

DAP students may take coursework at either institution or concurrently at any time as long as prerequisites have been satisfied.

SLCC and UMSL transfer credits will be awarded in accordance with the articulation agreements that exist between the institutions. Students may transfer coursework between institutions in order to satisfy degree requirements at either institution.

An official SLCC transcript must be provided to UMSL at the completion of each semester based on the list of DAP students submitted by UMSL. UMSL will do likewise.

Program Liaisons

SLCC and UMSL each agree to designate a liaison that will be responsible for implementation of this agreement and for overseeing provision of services for students under this agreement. The liaisons will be meeting periodically to update students' progress. The UMSL liaison will be identified from the staff of the Office of Transfer Services and Articulation.
Academic Advising

UMSL and SLCC liaisons will share information regarding DAP students’ declared majors for the purposes of identifying the appropriate academic advising and counseling offices on each campus.

UMSL will complete a degree audit each semester for SLCC DAP students. UMSL will be responsible for the distribution of the degree audit reports.

SLCC students in DAP will have access to UMSL online Student ServiceNET and degree audit showing their admission status and associated academic records. This will help them identify their transfer credits and the associated progress toward their baccalaureate degree at UMSL.

Communication and Information

UMSL will keep SLCC administrative staff informed as to the number and status of all SLCC students admitted to this program. UMSL will provide an annual analysis of the progress of SLCC students who have transferred to UMSL.

UMSL and SLCC agree to work together to provide marketing materials for DAP, in written and electronic formats. No publication or reference to the program shall be printed or distributed in any form without the consent of both institutions.

UMSL and SLCC agree to notify each other regarding any changes in curriculum that will impact this and other institutional agreements. Notification of such changes must be made at least one semester prior to the effective date.

Tuition and Fees

Tuition will be paid directly to the institution providing the course to the students. This agreement does not alter in any way the commitment of the student to meet all financial obligations to the institution providing the course. All tuition, fees, and other associated costs must be paid by the student directly to the institution providing the courses.

DAP students will be allowed to combine credits from UMSL and SLCC for full-time status for federal financial aid to be received from their “home” institution.

DAP students are eligible for all transfer scholarships available, provided they meet applicant eligibility.

If a SLCC DAP student wishes to have access to UMSL student services while not officially enrolled at UMSL, a special student activity fee per semester will be charged. If the student should enroll in UMSL courses for any semester while in
DAP, this fee is waived and the student will be required to pay regular UMSL student fees.

Should a DAP student not enrolled at UMSL need a parking sticker for UMSL, a parking fee based on one credit hour will be assessed. If the student is enrolled at UMSL, he/she will be required to pay the full per credit hour cost for the parking sticker.

A one-time UMSL transcript fee of $5.00 will be assessed at the time of application to DAP.

Terms of the Agreement

This agreement shall commence Fall 2008. It will remain in effect until modified by mutual consent or canceled with a least one year’s notice by either party, or until canceled by mutual agreement. In the event of cancellation, no more students will be jointly admitted, but any students already jointly admitted will continue to enjoy the privileges specified under this agreement as long as they continue to make continuous academic progress toward degree completion as provided in this agreement.

UMSL Benefits for DAP Students have been attached as an addendum to this agreement.

Additional copies of this agreement are available upon request from the UMSL Office of Transfer Services, 225 MSC, (314) 516-5162.

General Guidelines
Students who have earned at least 24 semester hours of transferable college-level credit and meet all other University of Missouri-St. Louis (UMSL) transfer admission requirements and St. Louis Community College (SLCC) admission requirements are eligible to participate in the dual admissions program (hereafter DAP).

First-time college students who enroll at SLCC and meet UMSL's first time college student admission requirements are also eligible to participate in DAP concurrent with their admission to SLCC.

By signing this statement of intent at the time of your admission to UMSL and SLCC, you are indicating your intention of participating in the UMSL Dual Admissions Program. As a participant in the dual admissions agreement, you are subject to the same admission, matriculation, and degree requirements governing all other UMSL and SLCC students.

This agreement stipulates admission to UMSL, rather than to a particular college of major. Admission to a major requires approval on an official declaration of major form, a procedure necessary for all UMSL students.

Once you have been admitted to the UMSL/SLCC Dual Admissions Program, you are strongly encouraged to attend a Dual Admissions Information session given by an UMSL representative on the SLCC campus.

Eligibility
To continue participation in the joint program, you must be admissible to UMSL at all times, maintaining a 2.00 (on a 4.00 scale) cumulative GPA. Your eligibility for continued study at either UMSL or SLCC will be governed by each institution's policies on enrollment of probationary, dismissed, and reentering students.

As a student participating in the Dual Admissions program, you will be defined as a degree-seeking student at UMSL and will be considered to be converted to sole enrollment at UMSL once you have completed and been awarded a transfer associate degree.

Your subsequent progress toward the baccalaureate degree will be governed solely by UMSL academic standards. To graduate with Latin honors from UMSL, a minimum of 56 graded hours must be completed.

Academic Advising
Knowing the important role that academic advising plays in a student's college success, counselors and advisors at SLCC and academic advisors at UMSL are available to assist in tailoring your program to meet your long-term educational goals.

An integral counterpart to academic advising is the degree audit report sent to you each semester by UMSL. Degree Audit Reporting System (DARS) is a statement of your progress toward completion of UMSL's academic undergraduate education requirements, specific to your major. It indicates how your courses taken at SLCC will transfer to UMSL in your intended major program.

If you change your major, you will need to notify your academic counselor and/or advisor at SLCC and your UMSL Transfer Coordinator. Once this change is conveyed to UMSL's Office of the Registrar, your records will be updated so that the requirements in the DARS report reflect your new major. When the change has been processed, you may request a degree audit of all completed coursework.

Terms of Agreement
Should you become inadmissible to UMSL or withdraw from SLCC, this agreement will be canceled. At any time before completion of your transfer associate degree, you may end the dual admission agreement and officially transfer to UMSL or any other institution of higher education under the usual procedures.

This Statement of Intent to Participate form will also serve as a Release of Information that authorizes the institutions to share appropriate admission, financial, academic and advising information concerning the enrollment and performance of the student.
University of Missouri- St. Louis & St. Louis Community College
Dual Admissions Program
Statement of Intent to Participate

My signature signifies that I understand the Dual Admissions Agreement, and wish to participate in the Dual Admissions Program between University of Missouri- St. Louis and St. Louis Community College. I also understand that my transcripts will be automatically sent between UMSL's Office of the Registrar and SLCC's Admissions and Records office at the end of each semester to maintain my eligibility in the program and to update my degree audit, unless I withdraw from the Dual Admissions Program. SLCC and UMSL will charge a one-time transcript fee at the time of the dual admissions application.
