* The UMSL Bachelor of Science in Computer Science requires a 5 semester sequence of Computer Science area courses. As an equivalent course is not offered at JeffCo, it is, therefore, recommended that a student begin attending UMSL through dual enrollment while working on their Associates to complete the first Computer Science course in this sequence in order to stay on schedule to graduate with their Bachelors.

Students that plan to transfer to UMSL to pursue a Bachelor of Science in Computer Science but do not wish to complete an Associates degree at JeffCo should focus on completing the Highlighted Courses above in conjunction with those outlined in the JeffCo General Education Transfer Guide.
