The City Museum social event was a success. There were over 30 members and

faculty in attendance. BAP was able to take advantage of the wide open spaces of the museum to conduct a Business Meeting. Members were updated on upcoming meetings and committee events. Beatnik Bob's on the third floor of the museum proved to be a good meeting place between jaunts to the Vault Room and Enchanted Caves and forays down the MegaSlide. It was a little cool outside, but that didn't stop a couple members from clambering through the outdoor MonstroCity. Thanks to all who attended for a great time!

## Accounting Jokes

Q: Why did the auditor cross the road?

A: Because he checked the file and that's what was done last year.

An accountant is having a hard time sleeping and so he decides to go to see his doctor. "Doctor, I just can't get to sleep at night," complains the man.

"Have you tried counting sheep?" inquired the doctor.

The accountant replied, "That's the problem, Doc. I make a mistake and then spend three hours trying to find it!"

Q: How do you drive an accountant completely insane?

A: Tie him to a chair, stand in front of him and fold up a road map the wrong way.

An accountant visited the Natural History museum. While standing near the dinosaur he said to his neighbor: "This dinosaur is two billion years and ten months old".

"Where did you get this exact information?"

"I was here ten months ago, and the guide told me that the dinosaur is two billion years old."

## Recent Professional and Service Meetings

### St. Patrick's Center event

At the St. Patrick's Center, BAP volunteered to help and put together gift bags for an upcoming event St. Patrick's Center was having. We also helped organize and put away some items. There were about 10 BAP participants.
