TEST-TAKER PROCESS

- Create an account
- Schedule an exam
- Connect to the proctor

www.ProctorU.com
contact@proctoru.com
Account creation

- Navigate to https://go.proctoru.com/registrations.
- Click Test-taker to create an account and complete your profile (Figure 1).
- Your profile includes basic contact information and institution enrollment.
- At the bottom of the page, read and agree to ProctorU’s Terms of Service by clicking the check box to complete the profile (Figure 2). A flagged message will display at the top of the page until you agree to the Terms of Service.
- Subsequent logins direct you to the My Exams page.

In compliance with the Americans with Disabilities Act of 1990, test-takers that use screen-reading or similar accessibility applications should select the accessibility check box.
Setting exam preferences

- If preferred, set your ideal exam time preferences (Figure 3). Preferences can be changed by clicking Preferences in the top-right menu.
  1. A general time frame can be selected via the drop down menus.
  2. You can create a custom preference by selecting days and highlighting times.
- Click SAVE & UPDATE to confirm your day and time preferences.

Scheduling exams

- After logging in, you are presented with the My Exams page (Figure 4).
- Your three options are:
  » Have Questions? activates LiveChat.
  » Test Your Equipment verifies your computer meets ProctorU’s requirements.
  » Schedule New Exam to create a new exam reservation.
- After clicking Schedule New Exam, confirm your institution, select the exam term and specific exam (Figure 5).
- Click Find Session and proceed to the scheduling page (Figure 6, next page).

To avoid additional fees, schedule exams more than 72 hours before your desired proctoring appointment. You can also opt to use ProctorU’s convenient Take It Soon or Take It Now options, for an additional fee paid at your own expense.

Take It Soon allows an appointment to be scheduled less than 72 hours before the appointment.

Take It Now allows on-demand proctoring without an appointment.

Rescheduling an exam allows you to change the date and time of your appointment within the exam’s testing window and also has a premium fee.

The Take It Soon and Take It Now options are subject to availability.
Select a desired appointment day and time using the calendar. After clicking **Find Available Times**, the six appointments closest to the desired time appear on the right. After clicking **SELECT** to choose an appointment, confirm the time slot by choosing **SCHEDULE** (Figure 7).

- If your institution is set up as test-taker pay, the exam will be added to your cart for payment (**Figure 8** and **9**).
- After completing checkout, you will be returned to your **My Exams** page.
- Confirm your exam details, including its availability window.
- If you need to change the exam, click **Change Exam**.
After scheduling an exam, a countdown to the closest exam is shown on the My Exams page (Figure 10). At the appointment time, a START link replaces the countdown. Clicking the link takes you to the proctoring room.

Brief prompts will guide you through the expedited start process.

1. Confirm your **name** and the **exam** you are taking (Figure 11). Clicking No opens the LiveChat feature.

2. Confirm the **exam rules** including allowed resources (Figure 12). Clicking No opens the LiveChat feature.

3. Your computer is checked for basic requirements and an instructional video is shown (Figure 13).

4. Take a picture of your photo ID to show the proctor (Figure 14). Click Skip this step to opt out of this step and show your photo ID directly to the proctor instead.

5. Next, take a photo for your **ProctorU profile** (Figure 15). The proctor will check and update this photo if it is blurry or unrecognizable.
After connecting to the proctor via webcam and screen-sharing software, the proctor checks the photo ID picture taken earlier.

If the photo ID is illegible or you opted out of taking an ID picture, you will be asked to show your photo ID to the camera so the proctor can verify your identity (Figure 19).

The ID information in Figure 19 has been intentionally blurred for privacy reasons. In an actual proctoring session, you will show a fully-visible ID so that the name and picture can be clearly seen and read by the proctor.

The proctor checks your profile photo taken and updates the photo if it is blurry or unrecognizable.

You will be authenticated with a quiz that uses challenge questions based on publicly-available records, as shown in Figure 20.

Questions are typically related to previous addresses, phone numbers, roommates and relatives. ProctorU does not know or store these questions or answers.
Securing the area

1. The proctor secures your physical testing area by asking to pan your camera and show your complete workspace and surroundings, as seen in Figure 21.

2. If the camera is internal, you are asked to show the proctor the edges of your monitor using a reflective surface, such as a mirror (Figure 22). This ensures that there are no unauthorized materials attached to your computer or monitor.

3. The proctor secures the virtual testing environment by checking for unallowed programs, virtual machines and cloned monitors. You will be asked to close any prohibited software before proceeding to your exam website.

Log into learning management system

After completing the authentication and environment scan process, you will log in to your Learning Management System (LMS) and the proctor will verify that the account is yours and you are taking the correctly assigned exam, as shown in Figures 23 and 24.

During the exam, your proctor monitors video feed and the testing environment to ensure you are not receiving verbal answers from an outside source. Screen-sharing technology allows the proctor to see your computer screen while you complete the exam.

During the exam, your proctor pauses their video and audio so you are not disturbed. They continue to monitor you and are available via the chatbox.
Log out procedures

If suspected, ProctorU engages you in real time to prevent integrity breaches.

Any suspicious activity – including, but not limited to, using unapproved sources, taking unauthorized breaks during the exam or communicating with another person – is documented using photos or video and reported to the institution.

1) Once you complete the exam, but before you submit, contact the proctor via the chatbox (Figure 18).

The proctor will verify your exam submits successfully (Figure 25).

2) The proctor will guide you through the closing process by verifying the test submission and watching you log out of the testing site. An example log out button is shown at right.

Should you have any concerns about your session, ask your proctor or fill out the post-examination survey with comments and rate your proctor and proctoring session.

LiveChat help

ProctorU offers a LiveChat feature. At any point while signed in to your account or by navigating to www.ProctorU.com, you may chat with a live representative if you have questions about the process or need general help (Figure 26).
