Economics Advising – Spring 2017 Hours

The Department of Economics understands that navigating a university bureaucracy and finding out how to satisfy all degree requirements can be difficult. We are therefore eager to help you through advising.

Undergraduate Advising

If you are thinking about becoming an economics major or you have already declared economics as your major and you need advising, please contact one of our undergraduate advisors, Clinton Greene or Michael Allison. You can drop by during their office hours, call or email. If you'd like to visit but the office hours are not convenient, they would be happy to meet you by appointment. Just give either of them a call or send an email, and they'll be happy to make an appointment with you.
