

For the remainder of 2003-2004 academic year, the student Health Services Fee will include one comprehensive primary care vision examination provided by interns and faculty of the UM-St. Louis College of Optometry. The examination will be available by appointment at any of the four locations of the Center for Eye Care. The cost of this examination will be underwritten by the College of Optometry. A co-pay of \$15.00 will be required at the time of the examination. The Health Services Fee will also provide a 20% saving on glasses and contact lens materials prescribed and dispensed by the Center for Eye Care. Other charges incurred during this time period for services or materials will be at the usual and customary rate of the Center for Eye Care.
