Advisor Recommendation: Optional Practical Training

Notice to Advisors

Please complete this form and send to International Student Services in 261 MSC. For questions, please contact Rebecca Kehe at 314-516-6780 or keher@umsl.edu.

F-1 students may be eligible for Optional Practical Training (OPT). OPT allows F-1 students to work off-campus for up to 12 months, depending on their F-1 status, academic standing, and past use of OPT time.

Doctoral and thesis option Graduate students are eligible to apply for their full-time OPT benefit once they have completed all course requirements, excluding thesis or dissertation. Doctoral or thesis option students who wish to request the full 12 months of OPT can only do so on a post-completion basis. This means that they will no longer be eligible for extensions if more time is needed to complete the dissertation. It also means that all degree requirements must be completed within the work authorization period to avoid violating their F-1 student status.

Academic Advisor Name

This student (please check only one):

1. Has completed, or is expected to complete, the course of study by the end of the semester and year indicated below.
   - Fall Semester
   - Spring Semester
   - Summer Semester
   (if applicable) In order to be eligible for graduation this student must resolve the following academic issues:

2. Is a doctoral or thesis option Graduate student and has completed all course requirements, excluding thesis or dissertation and is choosing to apply for post-completion OPT with the knowledge that all outstanding degree requirements must be met before the OPT period ends.

3. Is a doctoral or thesis option student and has completed all course requirements, excluding thesis or dissertation and is requesting a work period that will end before the completion of studies.

4. Will be on practical training while school is in session (work must not exceed 20 hours per week). The practical training sought by this student is directly related to his or her field of study, commensurate with his or her educational level, and recommended by this department.

5. Will take an annual vacation semester during the summer semester, and intends to register for the following semester. The practical training sought by this student is directly related to his or her field of study, commensurate with his or her educational level, and recommended by this department.
Changes to the federal regulations regarding Optional Practical Training (OPT) have added restrictions to full-time OPT for doctoral and thesis option students.

Who should complete this form?
Doctoral or masters thesis student who are requesting post-completion OPT that will begin before their thesis or dissertation is complete.

Please read the statement below and sign this page. Submit this form to Rebecca Kehe in 261 MSC.

• I understand that I can no longer request my full 12 months of OPT as pre-completion. If I choose to use all of my work authorization benefit at this time, it will be granted on a post-completion basis.

• I understand that by requesting my full 12 months of OPT before finishing my degree, I am asking the international student advisor to shorten my program end date to a day that is prior to the OPT start date I am requesting.

• I understand that by shortening my program end date, I will no longer be eligible for extensions of my I-20 document.

• I also understand that this means I must finish my degree before the end of my OPT authorization period.

• I understand that by choosing this option, I am limiting myself to finishing all degree requirements within a fixed amount of time that could be shortened if I am unable to find appropriate employment.

• I understand that in order to maintain my F-1 status and keep my OPT authorization period valid, I must not exceed 90 days of unemployment. This 90 days is a cumulative maximum that applies to the entire 12 month OPT period.

• I understand that if I exceed 90 days of unemployment and my degree requirements have not been satisfied, I am considered to be out of status and must either apply for reinstatement, or leave the U.S. to finish my degree.

• I understand that if I do fall out of status while I am on my 12 months of full-time OPT, I cannot automatically return to being a full-time student in order to finish my degree.

I have read and understand the risks outlined above and still choose to apply for 12 months of full-time OPT.
