Bachelor of Science in Nursing

The basic baccalaureate nursing degree (BSN) requires a minimum of 120 credit hours and prepares students for the professional nurse licensure examination (NCLEX). General education requirements have a strong liberal arts component to prepare students for advancement in the nursing profession. Nursing courses include theory and clinical experiences. Practice in the nursing arts laboratory and experience in acute care and community nursing prepares students for diverse practice settings.

UMSL BSN Graduates...

• Are prepared for the professional nurse licensure examination (NCLEX). Our pass rates are consistently above the State and National Average.
• Have the academic, clinical and research experience to become exceptional nurses and leaders in the field.
• Are skilled clinicians, critical thinkers, and valuable members of the health care team.
• Are sought after by employers to practice nursing roles in a variety of health care settings.
• Continue their education to earn advanced degrees and take on advanced practice nursing roles.
• Share in success that we attribute to our outstanding faculty, advanced curriculum, and dynamic clinical partners.

Admission Criteria: Effective Fall 2017

Preclinical Track

All applicants to the nursing major at UMSL must first be admitted to the preclinical track. Admission to the preclinical track does not guarantee enrollment in the clinical track of the Traditional Option. To be considered for the nursing major:

First-time freshmen must be admissible to the University of Missouri–St. Louis (please visit the Office of Admissions website for the University’s policies).

Transfer Students must have a minimum 3.0 cumulative GPA.

Preclinical Track

Clinical track spaces are assigned on a competitive and space-available basis for each admissions period. Applicants must meet the following minimum criteria in order to be considered for clinical admission (please note that meeting the following minimum criteria does not guarantee that a student will earn a clinical space):

• Admissible to the Preclinical Track
• Minimum 3.0 cumulative GPA
• Minimum grade of B- in Chemistry, Anatomy & Physiology I, Anatomy & Physiology II, and Microbiology
• Satisfactory completion of all general education requirements
• Required science courses (Chemistry, A&P I, A&P II, and Microbiology) must be completed within 5 years of enrollment
