Saint Louis Effort for AIDS has numerous positions open due to new grant funding.

**HIV Medical Case Manager** (2 open positions)

Medical case management services are a range of client centered services that link clients with health care, psychosocial, and other services. The coordination and follow-up of medical treatments is a component of medical case management. These voluntary services ensure timely and coordinated access to medically appropriate levels of health and support services and continuity of care, through ongoing assessment of the client’s and other key family members’ needs and personal support systems. Key activities include: (1) initial assessment of service needs; (2) development of a comprehensive, individualized service plan; (3) coordination of services required to implement the plan; (4) client monitoring to assess the efficacy of the plan; and (5) periodic re-evaluation and adaptation of the plan as necessary over the life of the client.

**HIV Linkage to Care Case Manager** (2 open positions)

Linkage to Care Case Management is a more intensive community based form of Medical Case Management with people newly diagnosed with HIV. Similar duties as Medical Case Manager but with a smaller caseload to ensure clients successful engagement in medical care.

**Linkage Coordinator** (1 position)

The Linkage Coordinator is the first point of contact for individuals entering the Ryan White case management system. This role is responsible for completing telephonic intakes with clients attempting to access Ryan White services and performing appropriate follow to assure linkage to case management services.

Qualifications:

Bachelor’s Degree in Social Work or related field with experience minimum, Master’s Degree in Social Work or related field preferred. Must have transportation to conduct home and community visits with clients and attend meetings.
