Interested in a career in Social Work helping others?

Please join us for an informational meeting about how you can earn a Master and/or Bachelor of Social Work degree on the Mineral Area College campus.

New cohorts for both programs will begin Fall 2019:
- Prospective BSW students need an Associate’s degree or near 60 college credit hours.
- Prospective MSW students with a non-social work Bachelor’s degree start Fall 2019; those with a BSW degree start Spring 2020.

The meeting will provide more information about the application process and degree requirements; please bring unofficial transcripts to be reviewed by an advisor.
