

Scouting/Research

Please scout a potential location for your video and answer the following questions. Consider yourself the director preparing a shoot. Answers should be a group process and well thought out.

What are five possible establishment shots for this site?

What are the best angles to shoot from and why? Time of day? Lighting?

Are there any special sound considerations?

What are five cutaway shots that might give the audience a flavor of the setting?

If you wanted to find out more about this site, how would you do that? It's called the process of investigative research. List five ways you could gather information. People to interview? Things to read? Web sites? Other related places?

If you were to conduct an interview at this site, where would you do it?
Why?

What costumes and props would add to a shot at this location?
